

Transformation Themes

From Transformation Strategy ([report 15/292](#))

Efficiency – Embedding efficiency and productivity into the fabric of the organisation to make the best use of our human, financial and other resources.

Redesign – Generating innovative ideas to transform our services, to deliver different ways of working, and to keep us at the forefront of modern Councils.

Targeted Savings/Increased Income – making the best use of our financial resources, to prioritise services to areas of greatest need, avoid additional future costs and proactively pursue commercial opportunities as a means of generating income, to offset the need to make savings.

Partnerships – participating in effective place-based partnership and integrated service provision between public services, to deliver services which best meet customer needs.

Tackling Inequality – pursuing preventative approaches to tackle disadvantage, prejudice and discrimination.

Community Co-production - engaging with the energy, wisdom, experience, knowledge, skills and other assets of communities. Recognising the vital role that people have in shaping and improving their own areas – making a difference to the places that they know best.

Technology – Maximise the opportunities for transforming customer services, and improving efficiency through technological advancements.
