

**PERTH AND KINROSS COUNCIL****Executive Sub-Committee of Lifelong Learning Committee****1 February 2017****Standards and Quality In Schools, Learning Communities And Pre-School Centres/Day Care Of Children****Report by Director (Education and Children's Services)****PURPOSE OF REPORT**

This report sets out the key findings following inspections of pre-school centres and schools undertaken by Education Scotland and, by exception, Care Inspectorate inspections on the day care of children since the Executive Sub-Committee of Lifelong Learning Committee on 26 October 2016.

**1. BACKGROUND****1.1 Education Scotland Inspections**

- 1.1.1 Each year Education Scotland inspects and reports on the quality of education in pre-school centres, primary schools, secondary schools, special schools, community learning and development services, colleges, and residential educational provision. Education Scotland also inspects the education functions of local authorities and carries out joint inspections of services for children.
- 1.1.2 This report sets out the key findings and areas for improvement following inspections of Perth and Kinross Council pre-school centres (including partner providers), schools and learning communities by Education Scotland. This includes the findings of follow-through inspections where appropriate.
- 1.1.3 Specifically the report sets out the findings of inspections which have been published by Education Scotland since the Executive Sub-Committee of Lifelong Learning Committee on 26 October 2016 (Report No: [16/459](#) refers).

**Pre-School Centres and Schools**

- 1.1.4 From August 2016 new approaches of inspection are being introduced in a phased manner. The new inspection models are:
  - Full inspection model
  - Short inspection model
  - Localised thematic model
  - Neighbourhood model

1.1.5 For full school inspections, the following HGIOS4 Quality Indicators (QI) will be evaluated on a six point scale:

- 1.3 Leadership of Change
- 2.3 Learning, Teaching and Assessment
- 3.2 Raising Attainment and Achievement
- 3.1 Ensuring Wellbeing, Equality and Inclusion

1.1.6 A further QI will be negotiated with the school which will enable school staff and inspectors to focus on a particularly challenging issue or new initiative, with the aim of bringing about improvement through professional dialogue. This QI will not be evaluated on the six-point scale. In addition, inspections will incorporate themes from other QIs and these themes will be reviewed regularly to ensure they remain relevant.

1.1.7 A new format of report has also been introduced. This is a short letter highlighting strengths and aspects for development, and includes a table indicating the QI grades against the six-point scale. The inspection evidence gathered during the inspection will be published online as a document called the Summarised Inspection Findings (SIF).

1.1.8 In the case of an initial inspection of a school, a public meeting is held after the publication of the inspection report with invitations going to parents, the local elected members and members of the Lifelong Learning Committee. These meetings give parents, carers and other members of the community the opportunity to discuss the findings of the inspection and to be consulted on the areas for improvement to be taken forward.

1.1.9 Where further inspection activity is carried out, Education Scotland will report publicly to parents and stakeholders. Other continuing engagement activities undertaken by Perth and Kinross Council will also be reported to parents and stakeholders. This includes the publication of reports to parents on Extended Learning and Achievement Visits, and follow-up reports, on the school's website and on each school's page on [www.pkc.gov.uk](http://www.pkc.gov.uk).

1.1.10 In addition to formal inspections, a range of school specific information is submitted by all schools to Education Services in relation to performance management, planning for improvement and self-evaluation leading to improvements. Education Services staff use this information to work with headteachers to determine the nature and frequency of support/challenge visits that will be appropriate for each school over the course of any session. The school visits comprise the core of the School Improvement Framework and will take the form of one or more of the following over a planned four year programme:

- School Improvement Visit;
- Learning and Achievement Visit; and
- Extended Learning and Achievement Visit and follow up activity and visit.

1.1.11 During such visits, the School Improvement Plan, the Standards and Quality Report and the Self-Evaluation pro-forma are scrutinised and challenged, to ensure appropriate account has been taken of any identified improvement actions and that work in these areas is having a positive impact on the quality

of educational provision provided by the school. In most cases, an inspection has confirmed the view of the school improvement team. Schools are also required to have robust processes of self-evaluation embedded in their quality assurance approaches. They are required to submit an annual summary of this work which is also subject to scrutiny by Education Services.
