

# Summary of Care Inspectorate Day Care of Children Inspections

## National and Comparator Authority Benchmarking 2017/18 to date (Comparator and National Data as of 30 May 2022)

Overall, most ELC settings perform well. PKC perform consistently better than comparator authorities, and at national level when inspected by Care Inspectorate for the 'Quality of Care and Support'. Almost all inspections show that settings are strong in ensuring wellbeing, equality and inclusion. Most inspections are good or better for the 'Quality of Environment' and 'Quality of Staffing'.

The 'Quality of Environment' had fallen slightly below our comparators and at national level and as a result there was a renewed focus on staff learning and development regarding quality environments and this has had a positive impact on performance. Due to the rapid increase of staff to meet the demands of the expansion of ELC, a number of initiatives are now in place to improve quality, for example, a new induction programme for staff. The majority of inspections are good or better for the 'Quality of Management and Leadership'. A new ELC leadership programme has been offered over the last two years to address this and we are now above our comparator authorities and at national level.

Overall, whilst most ELC settings perform well, analysis indicates that improvements were required in some settings in three areas: 'Quality of Environment', 'Quality of Staffing' and 'Quality of Management and Leadership'. The Early Years Team are currently working with a number of settings to take forward action plans to address the outcomes of these inspections. Where evaluations are satisfactory or weak, a 'team around the setting' approach is taken in order to secure improvements. Currently, action plans are in for 4 settings which are supported by relevant officers. These are regularly monitored and reviewed with a final report on improvements being presented to parents.

## Current Position

The chart shown is an illustration of the individual results of inspections over a five-year period. Some settings will be inspected more than once during this period, and some Quality Indicators are not covered in every inspection.

The accumulated result of all these inspections is the position of all Early Learning and Childcare services in Perth & Kinross.

This chart summarises the proportion of settings that have a **good or better rating**, based on the latest inspection for each indicator, and therefore reflects the current gradings of Early Learning and Childcare services in PKC.
