

**PERTH AND KINROSS COUNCIL****Audit Committee****28 September 2016****THE NATIONAL FRAUD INITIATIVE 2014/15 and 2016/17****Report by the Chief Internal Auditor****PURPOSE OF REPORT**

This report presents the reported findings of the 2014/15 National Fraud Initiative exercise. It also outlines the preparations currently underway in respect of the 2014/15 exercise.

**1. BACKGROUND / MAIN ISSUES**

- 1.1 Since April 2015, the Cabinet Office has taken over responsibility for the administration of the National Fraud Initiative (NFI) from the Audit Commission. The NFI constitutes a sophisticated data matching exercise matching electronic data within and between participating public bodies to assist in the prevention and detection of fraud. The NFI exercise in Scotland is Audit Scotland's data matching exercise that runs every two years in line with the published timetable. The Cabinet Office processes the data for the NFI in Scotland on behalf of Audit Scotland. This 2014/15 exercise represents the fifth NFI data matching to be undertaken in Scotland.
- 1.2 The overall aims of the NFI are to serve the public interest by safeguarding public money against losses from fraud or misappropriation and to contribute towards the fight against fraud. It improves the use made of public resources by identifying anomalies in the data held by different authorities and by ensuring that these are highlighted for further investigation. Whilst it is designed to detect fraud, it may also identify instances of administration error or inaccurate data.
- 1.3 The NFI exercise helps participating bodies (such as Local Authorities, Police Scotland, Scottish Fire and Rescue and the other public sector bodies) to identify possible cases of fraud and detect and correct any consequential under or overpayments. The NFI also helps Auditors in assessing the Council's arrangements for preventing, deterring and detecting fraud.
- 1.4 There are broadly three stages in the NFI process:
  1. the submission of the required datasets by public authorities and other organisations;
  2. the processing of the data (data matching) in order to identify anomalies; and
  3. the investigation of the highlighted and reported anomalies.

- 1.5 The Council is responsible for stages 1 and 3; processing of the data (stage 2) is carried out under arrangements put in place by the Cabinet Office. Reports on the Council's involvement and responsibilities have previously been presented to the Audit Committee. More recently, a progress report was presented to Audit Committee in June 2016 (report 16/159 refers) which highlights the outcomes for Perth and Kinross for the 2014/15 exercise.

## **2. 2014/15 NATIONAL REPORT**

- 2.1 The "outcomes" arising directly from the 2014/15 investigations, as reported in Audit Scotland's National Fraud Initiative in Scotland Report of June 2016, are £16.8 million. The Audit Scotland report is attached as Appendix A to this report.
- 2.2 The proportion of the figure attributable to Perth and Kinross Council is £27,712.95, as reported previously to Audit Committee (report 16/159 refers) and comprises Benefit outcomes of £17,108.15 and Creditors of £10,604.80. Action is being taken where possible to ensure that these outcomes are recovered.
- 2.3 Audit Scotland commented in its report that the main outcomes in 2014/2015 have been in matches involving council tax discounts, pensions, blue badges and housing benefits, accounting for 92% in terms of financial outcomes. In addition, the report highlights that outcomes of £5.6m have been identified from matches relating to Council Tax Single Person Discounts, with an average value of £618 per match. Perth & Kinross do not provide the Electoral Register to facilitate this match (see 3.7).

## **3. 2016/17 PREPARATIONS**

- 3.1 Audit Scotland's Report provides a self-appraisal checklist which has been completed for 2016/2017 and actions identified in order to improve arrangements are being taken forward. Part A of this checklist is entitled "for those charged with governance" and is attached at Appendix B for approval by the Audit Committee.
- 3.2 Internal Audit is currently liaising with relevant contacts within Services concerning 2016/2017 requirements and will liaise with the Council's external auditors in due course.
- 3.3 The data submitted is either required for the exercise (mandatory) or recommended (risk based). As previously agreed with external audit, the approach taken by Internal Audit is to encourage the submission of "risk based" data where the available information is of sufficient quality and/or where, after self-assessment of the risk of fraud in these areas, there is perceived to be a potential cost benefit in submitting the data.
- 3.4 It is anticipated for 2016/2017, as in previous exercises, that additional datasets will be requested mid cycle e.g. Council Tax and Electoral register data.

- 3.5 Data protection legislation requires that individuals whose personal information is to be provided for NFI purposes are informed. This is undertaken by the provision of privacy notices. Internal Audit will facilitate the processes whereby, where appropriate, data subjects are notified of the use of their personal data in the exercise for preventing and detecting fraud. In addition, Internal Audit will support Services to ensure that the relevant datasets are submitted in accordance with the NFI timetable.
- 3.6 The proposed Council dataset submissions for 2016/2017 are:
