**Report by Chief Superintendent Phil Davison**  
**Police Scotland D Division (Tayside)**  
**(Report No 23/81)**

**1. RECOMMENDATION**

- 1.1 It is recommended that members scrutinise towards endorsement, the Perth and Kinross Local Police Plan at Appendix 1.

**2. BACKGROUND**

- 2.1 The Police and Fire Reform (Scotland) Act 2012 (S. 47) requires Police Scotland to produce Local Police Plans for each of the 32 local authorities in Scotland.
- 2.2 The Perth and Kinross Local Police Plan (LPP) (Appendix 1) describes the main priorities and objectives for policing across the local area; explains the reasons for selecting the priorities and objectives; and sets out the proposed arrangements for delivery of policing to meet the priorities and objectives. The LPP also describes how its priorities, objectives and arrangements contribute to the delivery of relevant local outcomes, strategies and development plans, including those that are defined through community planning, such as the Perth and Kinross Local Outcome Improvement Plan (LOIP).
- 2.3 The LPP will be in place for a three year period (2023-2026) and replaces the existing version (2020-2023), and the LPP remains consistent with the latest published version of the Scottish Police Authority's Strategic Police Plan.

- 2.4 The LPP should be seen, and therefore scrutinised, through the lens of being a plan that aims to make a positive contribution locally, to both policing-specific matters and wider community concerns. A substantive part of service delivery undertaken by the police service to implement Local Police Plans uses local and national police assets, in partnership with the local authority assets and those from other organisations.
- 2.5 The LPP has been developed by Tayside Divisional Commander and Perth and Kinross Local Area Commander following a lengthy period of consultation with the public, partners and local authority including draft versions having previously been circulated to this committee and broader elected membership for Perth and Kinross.
- 2.6 The LPP, in its final form presentation at this committee reflects the significant consultation, feedback and alignment as described and detailed and is now presented for scrutiny towards approval and adoption for the 2023-2026 period.

### **3. FINANCIAL IMPLICATIONS**

- 3.1. There are no financial implications as a result of this report.

### **4. STAFFING IMPLICATIONS**

- 4.1 There are no staffing issues as a result of this report.

### **5. ENVIRONMENTAL ISSUES**

- 5.1 This report does not have any impact on the environment.

### **6. SUMMARY**

- 6.1 The attached report presents the Perth and Kinross Local Police Plan 2023-2026 for scrutiny and endorsement.

### **7. COMPLIANCE**

- 7.1 Is the proposal;

- |     |                                  |     |

## **Foreword**

As the Divisional Commander for Tayside, I am delighted to introduce our Perth and Kinross Local Police Plan for 2023-2026. The plan outlines how we intend to deliver policing services over the next three years and highlights the outcomes we aim to achieve over that period.

Our plan is based on our local and national priorities and strategic outcomes, those of our partners and the views of Perth and Kinross' communities on what matters to them. In the challenging environment we currently operate in, constructive partnerships and close relationships with our communities are crucial to ensuring that we can deliver successfully against the priorities highlighted in this Local Police Plan.

In Tayside Division we will focus our efforts on those who cause the most harm within our communities, whilst maximising opportunities to reduce offending and prevent crime occurring in the first place. With the support of our partners, we will promote the highest standards in public protection and ensure the safety of the most vulnerable within our communities. We remain committed to continuous improvement in order to provide the highest level of service to our communities. To do this we will use our local policing teams supported by specialist support from national divisions in Police Scotland.

This plan will remain flexible and adaptable to the changing needs of our communities over the next three years, delivering a service that provides trust and confidence.

We will report our performance against this plan through regular presentation to the Perth and Kinross Council Housing and Communities Committee.

**OFFICIAL**

I am proud to be the Divisional Commander for Tayside Division and look forward to delivering on this Local Policing Plan for Perth and Kinross.

Chief Superintendent Phil Davison, Local Police Commander, Tayside Division

**OFFICIAL**

## **Introduction**

Spread across 2500 square miles, Perth and Kinross encompasses the city of Perth along with the towns of Pitlochry, Aberfeldy, Blairgowrie, Auchterarder, Crieff and Kinross.

Perth and Kinross is now home to diverse and multi-cultural communities and while the majority of the population is concentrated in Perth and these main towns, there is also a significant rural population located in and around over 100 settlements of all sizes.

The diversity of landscape and urban/rural mix in Perth and Kinross can bring challenges as well as opportunities to work with partners and local communities to deliver a policing service tailored to the needs of local residents.

We recognise everyone in our communities has something to offer and we benefit from the dedicated and selfless work of volunteers, including Special Constables and younger members of our local communities who have joined our Police Scotland Youth Volunteers. Both contribute fully in areas such as crime prevention and community engagement.

We continue to work with our partners to address current needs and demands in our communities. In addition to crime prevention and investigation, we continue to work collaboratively to assist with concerns in our community, including mental health concerns, poverty concerns and substance use, in order to ensure Perth and Kinross remains a safe place to live, work and visit where everyone can live life well.

## **National strategic alignment**

Since April 2013, the Police and Fire Reform (Scotland) Act 2012 has required Divisional Commanders to produce and publish a Local Policing Plan (LPP) for each local authority area.

The content and character of Local Police Plans are determined by Local Area and Divisional Commanders in negotiation with local authorities, who are each responsible for approving their respective Local Police Plan.

This Local Policing Plan for Perth and Kinross is supportive of the priorities in the Perth and Kinross Community Plan 2017-2027 and the local outcome improvement plan published by Perth and Kinross Community Planning Partnership. Outlined within this document are our priorities for policing and outcomes, which, when achieved, will contribute to the Community Plan and the strategic vision for Perth and Kinross. These priorities and outcomes were identified through a number of sources and processes which include:

- Police Scotland Strategic Assessment 2022/23 for Tayside Division which details threats that impact on Policing at both Divisional and Local Authority level.
- Community consultation
- Perth and Kinross Community Plan 2017-2027
- Police Scotland Annual Police Plan 2022/23
- Joint Strategy for Policing (2020) – Policing for a safe, protected and resilient Scotland

Information has also been obtained through direct engagement and community consultation including:

- Direct contact with victims of crime
- Consultation responses to Police Scotland's Your Police survey

**OFFICIAL**

- Consultation with locally elected members and community representatives
- Engagement with partners and local businesses
- Direct consultation with members of the public

All of these sources have provided critical information in identifying what is important to the diverse communities within Perth and Kinross and as such we have structured our resources to meet these demands.

In this plan we will provide some context on our communities and the local authorities we work alongside, the consultation, considerations taken into account in forming the plan and finally the priorities identified and how we seek to address these in the coming years.

## **Local policing delivery context**

The people and communities of Perth and Kinross are served by officers who deal with a wide range of policing responsibilities, including anti-social behaviour, road safety and acquisitive crime (including motor vehicle crime, housebreakings, online frauds and theft by shoplifting). Along with our partner agencies, local officers regularly assist vulnerable people in our communities, including missing people and people of all ages who may be at risk of harm.

The Local Area Commander has responsibility for the overview of the operating model and delivery of local policing on a day to day basis. This model remains locality based, with six police stations in operation in Perth and Kinross. All officers are issued with mobile devices which allows them to carry out the majority of their role remotely, ensuring an optimum coverage of our county.

The Local Area Commander has access to a vast number of local and national resources, including local Response and Community officers, Detective Officers (including those who are specialist in domestic abuse and sexual offences), Road Policing Officers, Mountain Rescue Teams, Wildlife Liaison Officers and our local Partnerships, Interventions and Preventions Team.

All our teams work closely on a daily basis with statutory and third sector partners, contributing towards our collective goal of maximising the positive difference we make to the people who live, work and visit Perth and Kinross.

## **Governance and performance**

Effective scrutiny and oversight are key to ensuring that policing retains the trust and confidence of the communities of Scotland. We pride ourselves on transparency and accountability and as such, have created comprehensive and robust arrangements for the governance of this plan.

The Scottish Police Authority (SPA) is the body with overall formal responsibility for scrutiny and holding Police Scotland to account for delivery of the priorities set out in the National Policing Plan. Tayside Division's performance against the national priorities is monitored centrally by the National Analysis and Performance Unit, who compile a wide variety of analytical products to support operational policing activity at tactical and strategic levels.

Performance in relation to the identified policing objectives and outcomes is monitored and reviewed at the Tayside Division monthly Tasking and Delivery Meeting.

Reports are also produced to allow scrutiny by the Perth and Kinross Council Housing and Communities Committee.

## **Equality, diversity and inclusion**

Police Scotland promotes equality and diversity, both externally and internally, striving to exceed the requirements of the Scottish Public Sector Equality Duty.

Across Police Scotland we are committed to developing and promoting best practice in the advancement of our Equality Outcomes. In order to support this requirement, we embed equality, diversity and human rights in all of our strategies, plans and performance framework. Equality and Human Rights Impact Assessments (EqHRIA)

**OFFICIAL**

are used to help us to ensure that policy and practices proactively consider the potential impact on equality and human rights. We will ensure that all of strategic plans and activities relating to delivery are assessed to a high standard using relevant evidence in a systematic and structured way.

A code of ethics was introduced in 2013 with the creation of Police Scotland and provides guiding principles that define how we perform our duties. The code of ethics sets out the standards we expect of all our employees and the standards that the public can expect to ensure we provide a professional service to all. Encompassing the values of the service and our commitment to human rights, the code is designed to help us provide positive outcomes and improve the safety and wellbeing of people, places and communities in Scotland. Police Scotland's values are;

- Integrity.
- Fairness.
- Respect.
- Human Rights.

Tayside Division is continually working to ensure that these values and the code are understood by all our officers and staff and are preserved in all of our decisions and actions.

We are committed to developing and promoting best practice in the delivery of our Equality outcomes. These can be found along with our commitment and duties to equality, diversity & inclusion at: <https://www.scotland.police.uk/about-us/equality-and-diversity/>.

This plan will be subject to an Equalities and Human Rights Impact Assessment (EqHRIA) in compliance with the Scottish Public Sector Equality Duty in its final iteration in 2023.

**OFFICIAL**

Separate EqHRIAs were undertaken for the activities described in this plan as required.
