**Report by Chief Superintendent Hamish Macpherson, Police Scotland 'D'
Division (Tayside)**

**SUBJECT: POLICE AND FIRE REFORM: LOCAL SCRUTINY AND
ENGAGEMENT PERFORMANCE REPORTING ARRANGEMENTS**

Abstract: To provide members with an update on proposed key performance indicators and targets for 'D' Division, Police Scotland and Perth and Kinross Local Policing Area

1 RECOMMENDATION

It is recommended that members:

- 1.1 Note the content of this report and the identified Scottish Key Performance Indicators and the targets for D Division (Tayside).

2 KEY PERFORMANCE INDICATORS

- 2.1 It is clear that within the 32 Local Policing Areas covered by Police Scotland there is a range of differing issues and priorities and these are reflected within the 32 interim Local Policing Plans. As such it was identified that there would need to be a large range of Key Performance Indicators to reflect these various priorities and to ensure that the new Force was delivering on them for our communities.
- 2.2 That said it is equally clear that not all performance indicators will apply to all areas across Scotland and as such it is proposed to report upon the Key Performance Indicators which reflect the priorities of Perth & Kinross and the resultant Local Policing Plan.
