Description of Proposal

Please provide a description of your proposal to which your review relates. The description should be the same as given in the application form, or as amended with the agreement of the planning authority: *
(Max 500 characters)

Extension to dwellinghouse and erection of sun room and porch at Sunnyhall Kinnaird.

Type of Application

What type of application did you submit to the planning authority? *

- ☒ Application for planning permission (including householder application but excluding application to work minerals).
- ☐ Application for planning permission in principle.
- ☐ Further application.
- ☐ Application for approval of matters specified in conditions.

What does your review relate to? *

- ☒ Refusal Notice.
- ☐ Grant of permission with Conditions imposed.
- ☐ No decision reached within the prescribed period (two months after validation date or any agreed extension) – deemed refusal.

Statement of reasons for seeking review

You must state in full, why you are seeking a review of the planning authority's decision (or failure to make a decision). Your statement must set out all matters you consider require to be taken into account in determining your review. If necessary this can be provided as a separate document in the 'Supporting Documents' section: * (Max 500 characters)

Note: you are unlikely to have a further opportunity to add to your statement of appeal at a later date, so it is essential that you produce all of the information you want the decision-maker to take into account.

You should not however raise any new matter which was not before the planning authority at the time it decided your application (or at the time expiry of the period of determination), unless you can demonstrate that the new matter could not have been raised before that time or that it not being raised before that time is a consequence of exceptional circumstances.

Attached in supporting documents.

Have you raised any matters which were not before the appointed officer at the time the Determination on your application was made? *

☐ Yes ☒ No

If yes, you should explain in the box below, why you are raising the new matter, why it was not raised with the appointed officer before your application was determined and why you consider it should be considered in your review: * (Max 500 characters)

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review. You can attach these documents electronically later in the process: * (Max 500 characters)

Application Details

Please provide the application reference no. given to you by your planning authority for your previous application.

22/000772/FLL

What date was the application submitted to the planning authority? *

25/04/2022

What date was the decision issued by the planning authority? *

17/06/2022

Review Procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Can this review continue to a conclusion, in your opinion, based on a review of the relevant information provided by yourself and other parties only, without any further procedures? For example, written submission, hearing session, site inspection. *

☒ Yes ☐ No

In the event that the Local Review Body appointed to consider your application decides to inspect the site, in your opinion:

Can the site be clearly seen from a road or public land? *

☐ Yes ☒ No

Is it possible for the site to be accessed safely and without barriers to entry? *

☒ Yes ☐ No

If there are reasons why you think the local Review Body would be unable to undertake an unaccompanied site inspection, please explain here. (Max 500 characters)

I believe they could undertake an unaccompanied site inspection however the last part of the track up to the property requires at times a 4x4 vehicle or the last 300 yards to be completed on foot.

Checklist – Application for Notice of Review

Please complete the following checklist to make sure you have provided all the necessary information in support of your appeal. Failure to submit all this information may result in your appeal being deemed invalid.

Have you provided the name and address of the applicant?. *

☒ Yes ☐ No

Have you provided the date and reference number of the application which is the subject of this review? *

☒ Yes ☐ No

If you are the agent, acting on behalf of the applicant, have you provided details of your name and address and indicated whether any notice or correspondence required in connection with the review should be sent to you or the applicant? *

☒ Yes ☐ No ☐ N/A

Have you provided a statement setting out your reasons for requiring a review and by what procedure (or combination of procedures) you wish the review to be conducted? *

☒ Yes ☐ No

Note: You must state, in full, why you are seeking a review on your application. Your statement must set out all matters you consider require to be taken into account in determining your review. You may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

Please attach a copy of all documents, material and evidence which you intend to rely on (e.g. plans and Drawings) which are now the subject of this review *

☒ Yes ☐ No

Note: Where the review relates to a further application e.g. renewal of planning permission or modification, variation or removal of a planning condition or where it relates to an application for approval of matters specified in conditions, it is advisable to provide the application reference number, approved plans and decision notice (if any) from the earlier consent.

Declare – Notice of Review

I/We the applicant/agent certify that this is an application for review on the grounds stated.

Declaration Name: Mr Scott Malcolm

Declaration Date: 19/08/2022

Notice of Review Statement Sunnyhall Inchtute Perth. 70038_009

The planning application has been refused on the proportions scale and visual massing along with the roof and window designs.

It was noted that the extension is likely to overwhelm the existing farmhouse however the site has the farmhouse and outbuildings and the massing of any extension should be looked at with the whole site and not just the farmhouse.

With the above in mind and taking the full extent of the existing buildings we feel the extension would not look excessive and despite the comments on the design if you consider the drawing from the view from the ground the whole design is as complimentary to the existing buildings as can be done with rooflines continued and finished walls to match existing whilst also allowing for some modern glazing to the main living area to give some semblance of modern day living with high ceilings and a light room and to maximise the views to the Tay river to the south.

The roof to the extension has been designed so that from any elevation from the ground you will see a slated roof to match the existing farmhouse, also so that it doesn't extend above the existing roof and all the other windows apart from the main living area are formed to match the existing windows in the farmhouse.

The existing building on the site has as noted in the report been altered over the years but looking back to maps from the 1860's

the building has always had a greater depth to the eastern elevation and whilst maybe not a full double depth it has always been substantially deeper.

The refusal report expresses concerns over various roof designs with regard to the porch at the front and sunroom to the rear however these could be altered to any other design which would be more acceptable to the Planning Authority and indeed we believe that a number of the concerns raised could have been discussed prior to a refusal being issued to see if a mutually acceptable solution could be achieved.

The applicant has requested the specific designs and sizes with a view to creating a house which will meet her needs as she becomes older and less able for the tight spaces and dark rooms of the existing farmhouse.

The building is not listed nor is it in a conservation area it is also at the end of a farm track which ends at the house and it is only visible from the A90 two miles to the south and even there only barely.

As applicants we feel a bit of dialogue would have been appreciated but also having seen a neighbour recently increase a small cottage with a storey and a half extension doubling the size of his cottage it would appear different criteria must have been used for his planning consent.

TOWN AND COUNTRY PLANNING (SCOTLAND) ACT

Application Reference: **22/00772/FLL**

I am directed by the Planning Authority under the Town and Country Planning (Scotland) Acts currently in force, to refuse your application registered on 11th May 2022 for Planning Permission for **Extension to dwellinghouse and erection of porch Sunnyhall Kinnauld Inchtute Perth PH14 9QY**

David Littlejohn
Head of Planning and Development

Reasons for Refusal

1. The proposal, by virtue of its double-depth plan, excessive volume, proportions and visual massing, unsympathetic windows and doors, varying roof pitches, incongruous mansard roof design, and combined, cumulative effects, would overwhelm the modest cottage and significantly detract from its character and appearance.
Approval would therefore be contrary to the Perth & Kinross Placemaking Guide 2020 and Policies 1A and 1B(c) of Perth and Kinross Local Development Plan 2, 2019, which seek to ensure that development contributes positively to the quality of the built environment, in terms of design, appearance, height, scale, massing and materials, in order to respect the character and amenity of the place.
2. No bat survey has been submitted. Accordingly, the ecological impact of the development cannot be ascertained, and it cannot be shown that any impact can be avoided, or satisfactorily mitigated, to ensure the safeguarding of protected species and wildlife habitats. Accordingly, the proposal is contrary to Policy 41 of Perth and Kinross Local Development Plan 2, 2019, which seeks to safeguard wildlife, habitats and protected species from detrimental impacts.

Justification

The proposal is not in accordance with the Development Plan and there are no material reasons which justify departing from the Development Plan.

Notes

REPORT OF HANDLING

DELEGATED REPORT

Ref No	22/00772/FLL	
Ward No	P1- Carse Of Gowrie	
Due Determination Date	10th July 2022	
Draft Report Date	15th June 2022	
Report Issued by	KS	Date 15th June 2022

PROPOSAL: Extension to dwellinghouse and erection of porch

LOCATION: Sunnyhall Kinnaird Inchtute Perth PH14 9QY

SUMMARY:

This report recommends **refusal** of the application as the development is considered to be contrary to the relevant provisions of the Development Plan and there are no material considerations apparent which justify setting aside the Development Plan.

SITE VISIT:

In line with established practices, the need to visit the application site has been carefully considered by the case officer. The application site and its context have been viewed by a variety of remote and electronic means, such as aerial and satellite imagery, in addition to photographs submitted by interested parties.

This information has meant that, in this case, it is possible and appropriate to determine this application without a physical visit as it provides an acceptable basis on which to consider the potential impacts of this proposed development.

SITE PHOTOGRAPHS

BACKGROUND AND DESCRIPTION OF PROPOSAL

Sunnyhall is a detached cottage which is located within the Sidlaw Hills Local Landscape Area in Kinnaird, approximately 4 kilometres to the northwest of Inchtute. This application seeks detailed planning permission for the erection of various extensions to the south, east and north of the property.

SITE HISTORY

04/02181/FUL	Extension to dwellinghouse Application Refused – 10 January 2005
06/00262/FUL	Extension to dwellinghouse Application Approved – 28 April 2006
11/00656/FLL	Renewal of planning consent (06/00262/FUL) to extend dwellinghouse Application Withdrawn – 10 June 2011

PRE-APPLICATION CONSULTATION

Pre application Reference: Not Applicable.

NATIONAL POLICY AND GUIDANCE

The Scottish Government expresses its planning policies through The National Planning Framework, the Scottish Planning Policy (SPP), Planning Advice Notes (PAN), Creating Places, Designing Streets, National Roads Development Guide and a series of Circulars.

DEVELOPMENT PLAN

The Development Plan for the area comprises the TAYplan Strategic Development Plan 2016-2036 and the Perth and Kinross Local Development Plan 2 (2019).

TAYplan Strategic Development Plan 2016 – 2036 - Approved October 2017

Whilst there are no specific policies or strategies directly relevant to this proposal the overall vision of the TAYplan should be noted. The vision states *“By 2036 the TAYplan area will be sustainable, more attractive, competitive and vibrant without creating an unacceptable burden on our planet. The quality of life will make it a place of first choice where more people choose to live, work, study and visit, and where businesses choose to invest and create jobs.”*

Perth and Kinross Local Development Plan 2 – Adopted November 2019

The Local Development Plan 2 (LDP2) is the most recent statement of Council policy and is augmented by Supplementary Guidance. The principal policies are:

Policy 1A: Placemaking

Policy 1B: Placemaking

Policy 39: Landscape

Policy 41: Biodiversity

OTHER POLICIES AND GUIDANCE

Perth & Kinross Council's guidance: "Bat Surveys: What are bat surveys and when do I need one?"

The Perth & Kinross Placemaking Guide 2020 states that;

"Extensions should respect the shape, scale and proportions of the existing building... In most cases an extension should be a subordinate addition in all respects"

CONSULTATION RESPONSES

Scottish Water

No objections on the grounds of water infrastructure. However, an informative note has been recommended in the event that planning permission is granted.

REPRESENTATIONS

No letters of representation have been received in relation to this proposal.

ADDITIONAL STATEMENTS

Screening Opinion	EIA Not Required
Environmental Impact Assessment (EIA): Environmental Report	Not Applicable
Appropriate Assessment	Habitats Regulations – AA Not Required
Design Statement or Design and Access Statement	Not Required
Report on Impact or Potential Impact eg Flood Risk Assessment	Not Required

APPRAISAL

Sections 25 and 37 (2) of the Town and Country Planning (Scotland) Act 1997 require that planning decisions be made in accordance with the development plan unless material considerations indicate otherwise. The Development Plan for the area comprises the approved TAYplan and the adopted LDP2.

The determining issues in this case are whether; the proposal complies with development plan policy; or if there are any other material considerations which justify a departure from policy.

Policy Appraisal

Alterations and extensions to an existing domestic dwellinghouse are generally considered to be acceptable in principle. Nevertheless, consideration must be given to the scale, form, massing, design, position, proportions and external appearance of the proposed development, within the context of the application site, and whether it would have an adverse impact upon visual amenity.

Design and Layout

Sunnyhall is a detached cottage which is located within the Sidlaw Hills Local Landscape Area in Kinnaird, approximately 4 kilometres to the northwest of Inchture. The traditional cottage has a recti-linear form, with a hipped roof pantry to the rear and an unfortunate modern multi-faceted lounge extension on the south elevation. This application seeks detailed planning permission for the erection of further extensions, to the south, east and north of the property.

Visual Amenity

The proposal consists of three main extensions. A lean-to extension is proposed on the south elevation, in-filling the recess between the lounge extension and the cottage. A further lean-to extension is proposed on the north elevation, again, in-filling the recess between the pantry and the cottage.

A further extension is proposed on the east elevation, which seeks to form a second level by doubling the plan depth of the original cottage. This would create an increased roof volume for the upper level. The proportions of this extension are excessive in comparison to the original cottage. The proportions, scale and visual massing would overwhelm the modest cottage and the form and hipped-roof, mansard design would be an incongruous feature which would detract from its character and appearance.

Additionally, the combination of two previous extensions and the three proposed extensions, would have an overwhelming cumulative effect on the cottage, engulfing virtually its entire footprint. The incongruous appearance would also be exacerbated by the proposed variety of window, door and rooflight orientations and proportions, the mixture of varying and inconsistent roof pitches and the unlikely probability that the shallow-pitched lean-to extensions would be capable of being slated to match the cottage.

Accordingly, the proposal is contrary to the Perth & Kinross Placemaking Guide 2020 and Policies 1A and 1B of Perth and Kinross Local Development Plan 2, 2019, which seek to ensure that development contributes positively to the quality of the built environment, in terms of design, appearance, height, scale, massing and materials, in order to respect the character and amenity of the place.

It is noteworthy that a previous scheme was granted planning permission, Ref: 06/00262/FUL, which would have delivered a significant amount of additional accommodation in a manner much more sympathetic to the form, design and character of the cottage. However, this scheme was never implemented.

Landscape

The application site is located within the Sidlaw Hills Local Landscape Area (LLA), where Policy 39 of LDP2 applies. It states that LLA's are the local landscape designation, and that development should only be permitted where it will not have a significant adverse impact on the special character or qualities of the LLA.

Notwithstanding the concerns noted above in relation to the adverse impact of the proposal on the visual amenity of the cottage, the proposal is not considered to have a significant impact on the wider landscape, given the scale of the proposals in relation to the wider landscape context.

Residential Amenity

Given the remote nature of the application site, the proposed development would not have an adverse impact on residential amenity.

Roads and Access

There are no road or access implications associated with this proposed development.

Drainage and Flooding

There are no drainage or flooding implications associated with this proposed development.

Natural Heritage and Biodiversity

The proposal involves alterations to the roof of the cottage, which has the potential for bats/bat roosts (see Annex B of Perth & Kinross Council's "Bat Surveys" guidance document, 2018). As bats are protected species, it is necessary to secure an ecological survey, to identify the presence of any bats or bat roosts, so that an assessment can be made over its impact – prior to any planning permission being granted.

Consequently, in the absence of a bat survey, no assessment can be carried out as to the potential impact of the proposed development on bats and/or bat roosts. Therefore, the proposal is not in accordance with Policy 41 of LDP2.

Developer Contributions

The Developer Contributions Guidance is not applicable to this application and therefore no contributions are required in this instance.

Economic Impact

The economic impact of the proposal is likely to be minimal and limited to the construction phase of the development.

PLANNING OBLIGATIONS AND LEGAL AGREEMENTS

None required.

DIRECTION BY SCOTTISH MINISTERS

None applicable to this proposal.

CONCLUSION AND REASONS FOR DECISION

To conclude, the application must be determined in accordance with the adopted Development Plan unless material considerations indicate otherwise. In this respect, the proposal is considered to be contrary to the Development Plan. Account has been taken of the relevant material considerations and none has been found that would justify overriding the adopted Development Plan. Accordingly, the proposal is refused on the grounds identified below.

Reasons

- 1 The proposal, by virtue of its double-depth plan, excessive volume, proportions and visual massing, unsympathetic windows and doors, varying roof pitches, incongruous mansard roof design, and combined, cumulative effects, would overwhelm the modest cottage and significantly detract from its character and appearance.
Approval would therefore be contrary to the Perth & Kinross Placemaking Guide 2020 and Policies 1A and 1B(c) of Perth and Kinross Local Development Plan 2, 2019, which seek to ensure that development contributes positively to the quality of the built environment, in terms of design, appearance, height, scale, massing and materials, in order to respect the character and amenity of the place.
- 2 No bat survey has been submitted. Accordingly, the ecological impact of the development cannot be ascertained, and it cannot be shown that any impact can be avoided, or satisfactorily mitigated, to ensure the safeguarding of protected species and wildlife habitats. Accordingly, the proposal is contrary to Policy 41 of Perth and Kinross Local Development Plan 2, 2019, which seeks to safeguard wildlife, habitats and protected species from detrimental impacts.

Justification

The proposal is not in accordance with the Development Plan and there are no material reasons which justify departing from the Development Plan.

Informative Notes

Not Applicable.

Procedural Notes

Not Applicable.

Sent: 25 May 2022 09:48
To: Development Management
Subject: RE: Planning Application Consultation for Application No 22/00772/FLL

CAUTION: This email originated from an external organisation. Do not follow guidance, click links, or open attachments unless you have verified the sender and know the content is safe.

Good Morning,

According to our records there is no public Scottish Water, Waste Water infrastructure within the vicinity of this proposed development therefore we would advise applicant to investigate private treatment options for the additional surface water.

Kind regards,

Angela
