SECTION 1: MANAGEMENT COMMENTARY

INTRODUCTION

This publication contains the financial statements for Perth and Kinross Integration Joint Board (IJB) for the year ended 31 March 2019.

The Management Commentary outlines key messages in relation to the objectives and strategy of IJB and the financial performance of the IJB for the year ended 31 March 2019. It also provides an indication of the issues and risks which may impact upon the finances of the IJB in the future and the challenges it faces in meeting the needs of the people of Perthshire and Kinross.

The IJB was established as a body corporate by order of the Scottish Ministers on 3 October 2015 as part of the establishment of the framework for the integration of health and social care in Scotland under the Public Bodies (Joint Working) (Scotland) Act 2014.

The IJB is a legal entity responsible for the strategic planning and commissioning of a wide range of services across Perth and Kinross. This includes social care, primary and community healthcare and unscheduled care for adults. In addition the IJB plans and commissions specific health care services across Tayside by means of hosted services arrangements agreed in the Integration Scheme between NHS Tayside and Perth & Kinross Council.

Exhibit 1 sets out the business model that supports the IJB's activities.

SECTION 1: MANAGEMENT COMMENTARY

Perth & Kinross Council and NHS Tayside (Health Board), as the parties to the Integration Scheme, each nominate four voting members to sit on the IJB. The Council nominates Elected Members and the Health Board Non-Executive Directors.

An NHS Tayside Board Non Executive nominee was the Chair of the IJB during 2018/19 and the Vice-Chair was drawn from Perth & Kinross Council. A number of non-voting Representative Members sit on the IJB and contribute to its proceedings. These Representatives are chosen from the Third Sector, Carers, Services Users, and Council and NHS Board staff. A GP Stakeholder Member has also been appointed along with a Medical Practitioner who is not a GP.

Management support to the IJB is led by the Chief Officer. The operational structure is a composite of three principal service areas:

- *Community Health/Hospital & Other Hosted Services*
- *Adult Social Care Services*
- *Inpatient Mental Health Services*

In line with the Integration Scheme, corporate support to the IJB is provided by each parent body. Across a range of functions differing levels of support have been provided and significant work has been taken forward in 2018/19 to integrate and where necessary enhance resources available to build effective partnership functions.

The IJB's Chief Financial Officer has led the development of an integrated finance team for Perth and Kinross Health and Social Care Partnership (PKHSCP) building on the finance support provided by Perth & Kinross Council and NHS Tayside. Further work is now being taken forward to develop other key integrated functions including performance, strategic planning and business support services during 2019/20.

A new Chief Officer commenced on 1 April 2019. The Chief Officer will review current leadership and management arrangements with a view to further integration.

PURPOSE AND OBJECTIVES OF THE IJB

The main purpose of integration is to improve the wellbeing of families, communities and people who use health and social care services, particularly those whose needs are complex and involve support from health and social care at the same time.

The IJB approved the following Vision for the Health and Social Care Partnership as part of its approved Strategic Plan for 2016-19:

"We will work together to support people living in Perth and Kinross to lead healthy and active lives and live as independently as possible in their own homes, or in a homely setting with choice and control over the decisions they make about their care and support."

SECTION 1: MANAGEMENT COMMENTARY

The Strategic Plan sets out a number of Strategic Objectives designed to ensure a direction of travel by the Perth and Kinross Health and Social Care Partnership (PKHSCP) consistent with National Objectives:

1. *Prevention and early intervention*
2. *Person-centred health, care and support*
3. *Working together with our communities*
4. *Reducing inequalities and unequal health outcomes and promoting healthy living*
5. *Making best use of available facilities, people and other resources*

A review and refresh of the 2016-19 Strategic Plan is due to be completed by September 2019 however the overall vision and strategic objectives are not expected to change.

In 2018/19, PKHSCP redesigned its Strategic Planning Framework, creating four Programmes of Care (Older People and Unscheduled Care, Mental Health and Wellbeing, Primary Care, and Carers) to provide a co-ordinated approach to achieving the objectives of the PKHSCP Strategic Commissioning Plan. **Exhibit 2** sets out the governance arrangements that support delivery of PKHSCP strategic priorities. The IJB's strategic ambitions sit alongside operational imperatives across a wide range of services. This creates a very challenging landscape for each Programme Board in developing and overseeing implementation of major plans for service redesign.

A summary of progress during 2018/19 and priorities moving forward for each Strategic Programme along with Inpatient Mental Health Services (which the IJB host on behalf of all 3 Tayside IJBs) are set out on the following pages.

Exhibit 2 Governance Arrangements

SECTION 1: MANAGEMENT COMMENTARY

Older People and Unscheduled Care (OPUSC) Board

During 2018/19 the IJB received the Strategic Delivery Plan for Older People and Unscheduled Care which sets out plans for:

- *promoting thriving, resilient communities through volunteering, social prescribing and neighbourhood initiatives;*
- *investing in a rehabilitative model of care, based in communities to significantly improve people's ability to remain at home for as long as possible;*
- *reviewing the use of our inpatient hospital bed base and care home placements, exploring where possible, new models to support people in their own homes for as long as possible and to ensure equity of access;*
- *enhancing technology enabled care and home health monitoring to help people remain living in their own homes;*
- *continuing to improve the Admission and Discharge Pathways for people between hospital and the community.*

This ambitious transformation of services will be implemented during 2019/20.

SECTION 1: MANAGEMENT COMMENTARY

Mental Health and Wellbeing Board (MHWB)

During 2018/19 the Mental Health and Wellbeing Board agreed key principles for transformation of services moving forward:

- *Support individuals to maximise their independence and health with the right support at the right time with a focus on early intervention and prevention.*
- *Embed multidisciplinary team working at the heart of 'seamless' care pathways and support for people and promote equalities.*
- *Implement a model of care that is financially sustainable.*

Detailed plans have been developed to enhance support to people with Mental Health issues, which will significantly increase the number of dedicated mental health professionals in statutory and non-statutory services in line with Action 15 of the Scottish Government Mental Health Strategy for which £0.300M was allocated to the IJB in 2018/19.

Detailed plans have also been developed to enhance services for people with Drug and Alcohol issues. Additional Scottish Government funding will be focused on enhancing the full pathway of a '*Recovery Oriented System of Care*' including multidisciplinary clinics, a Recovery Community and increased support for harm reduction.

SECTION 1: MANAGEMENT COMMENTARY

During 2019/20, we will be developing plans for new models of complex care for clients with Learning Disability and/or Autism. The aim is to develop a financially sustainable model that provides a high quality of care, delivering improved outcomes.

Further, as part of the wider Mental Health Alliance being established across Tayside we will work together to provide seamless care across pathways.

Primary Care Board (PCB)

During 2018/19 the Primary Care Board has overseen several significant programmes of transformation.

The PKHSCP Primary Care Improvement Plan approved by the IJB in June 2018 will significantly transform primary care services in direct support of general practice under the terms of the 2018 General Medical Services contract (the GMS contract). This includes redesign of vaccination services, ensuring effective pharmacotherapy services, establishing new Community Care and Treatment services, transforming urgent care through establishment of Advanced Nurse Practitioner-led services, implementing a musculoskeletal first point of contact, and aligning improved mental health support services to GP practices. Ongoing review and implementation of the Primary Care Investment Fund will be a significant priority for the PKHSCP in 2019/20.

During 2018/19 the PKHSCP Quality Safety and Efficiency in Prescribing Programme has been established. A significant focus has been on the development of management information to understand variation across GP Practices and identify opportunities to improve effectiveness and efficiency. The impact of the increasing older population in Perth and Kinross has significantly increased expenditure on prescribing. We are engaging proactively with all GP Practices across Perth and Kinross to maximise effectiveness. Prescribing trends in Perth and Kinross (November 2018) highlight that all of the major indicators demonstrate improvements.

Other Hosted Services

As part of the IJB's wider responsibilities for hosted services significant review and redesign has been progressed. Prison Healthcare activity has focused on ongoing service improvement following an inspection from Her Majesty's Inspectorate of Her Majesty's Prison Perth and continuing with the Patient Safety Collaborative. The service has made some significant progress in relation to the provision of healthcare which has been commended in a follow-up inspection.

There has been remodelling of the Podiatry workforce to enhance inequity of specialist podiatry care across Tayside and optimise on the skill mix to support safe and effective patient care. We have supported the building of capacity and community capability for self-care.

SECTION 1: MANAGEMENT COMMENTARY

For public dental services activity has continued to focus on providing high-quality and accessible care for patients who have special care needs or who have difficulty accessing mainstream clinical services.

Carers Board

The Carers Board approved the PKHSCP Short Break Services Statement on 6 December 2018. This is in line with the requirements of the Carers Scotland Act 2016. There is work underway in terms of public consultation allowing co-production of the Carers Strategy.

Inpatient Mental Health Services:

The IJB hosts Inpatient Mental Health Services on behalf of all 3 IJBs in Tayside. During 2018/19, there have been significant challenges relating to the supply, attraction and retention of critical posts for medical and nursing workforce. We are developing a Mental Health Workforce Plan which will include a programme of work to reform the workforce across mental health with a clear understanding of current state and future workforce needs. In parallel we are progressing the implementation of the agreed Mental

SECTION 1: MANAGEMENT COMMENTARY

Health Transformation Plan which seeks to redesign the bed base across Tayside to deliver safe, effective services that are sustainable. We have worked in partnership with NHS Tayside and all 3 IJB's to establish a new Mental Health Alliance aimed at involving all stakeholders in the future redesign pathways and models of care moving forward. Further, our Mental Health & Learning Disabilities Improvement Plan aims to encourage and enable staff to work with people who use our services to deliver improvement in their areas, and to demonstrate how these improvements have made a difference. The primary purpose of the quality improvement programme is to improve patient outcomes.

Large Hospital Set Aside

The Older People and Unscheduled Care Board and the Perth Royal Infirmary (PRI) Clinical Forum have been critical in helping us to understand the impact of planned changes to service provision and performance on the delegated hospital budgets including large hospital set aside. There is also joint working around service design in relation to some clinical pathways.

The 3 Year Financial Plan for Core Health and Social Care Services, agreed by the IJB, sets out an anticipated shift in resources from bed-based to community over the three year period.

PERFORMANCE REVIEW

The Scottish Government has determined a key set of performance indicators that they consider measure the progress of integration. Our performance compared to last year against each of the indicators is set out below.

SECTION 1: MANAGEMENT COMMENTARY

Emergency Admissions

Enabling people to improve their own health and wellbeing is a key outcome for the health and social care partnership. One of the measures we use to understand if people are improving their own health is if they are reducing their likelihood of being admitted to hospital in an emergency with a resultant drop in emergency admissions. For the PKHSCP the number of emergency admissions over the last four years is relatively stable showing a slowly reducing/improving trend. This continues to be the case when we compare last year's numbers of emergency admission to this year. The target for 2018/19 was 14,875 which means that the target was achieved and improved upon.

Unscheduled (Unplanned) Hospital Bed Days

People who improve their own health and wellbeing are more likely to avoid a hospital admission and the resultant use of a hospital bed during their stay. But once a hospital admission has been necessary in an emergency, it is important for people to get back home as soon as they are fit to be discharged to avoid the risk of them losing their confidence and ability to live independently. Reducing the number of emergency bed days caused by unplanned admissions is how we measure our ability to get these people home faster. In PKHSCP we have seen a consistent reduction in the number of emergency bed days over the past 4 years. This continues to be the case in 2018/19 when comparing to previous years. The target for 2018/19 was 105,019 which means that the target was achieved and improved upon.

A&E Attendances

Reducing A&E attendances is an ongoing challenge across Scotland. Currently A&E attendances are seeing a slow increase each year. A&E attendances can be an indication of the degree to which community services are helping people receive care in the right place at the right time. PKHSCP are working in collaboration with NHS Tayside to review attendances and pathways; increase awareness and use of Anticipatory Care Plans; develop Community Care & Treatment Centres; focus on early intervention and prevention. Along with a variety of additional strategies the PKHSCP plan to slowly reduce A&E attendances over the coming years. The target for 2018/19 was 31,825 which means that the target was missed.

Proportion of Last Six Months of Life Spent at Home or in a Community Setting

The proportion of last six months of life spent at home or in a community setting should ideally represent the wishes and choices for patients and their carers and also demonstrates the effectiveness of having a planned approach to end of life care. For PKHSCP this is a positive indicator that demonstrates our year on year ability to meet the wishes of our people and support more of them at home receiving palliative or end of life care and our ability to support those with the most complex needs in their own home in their last six months of life and in accordance with their wishes. The final value for 2017/18 is 89.64%. The target is to maintain or improve on this value. The final value for 2018/19 was 89.68% which is an improvement over the previous year.

SECTION 1: MANAGEMENT COMMENTARY

Delayed Discharge

People should not have to wait unnecessarily for appropriate care to be provided after treatment in hospital. Being delayed in hospital is a poor outcome for the individual, is an ineffective use of scarce resource and potentially denies an NHS bed for someone else who might need it. Over the past four years, there has been a year on year improving picture in relation to delayed discharge for Perth and Kinross. We have recently seen the lowest level of delayed discharge since 2014. For people delayed, this represents a reduction in the impact of unnecessary time spent delayed in a hospital bed and reduces their chances of a poorer health and wellbeing outcome. The 2018/19 target for delayed discharge was 17,258. The final 2018/19 value was 14,203 which means that the target was achieved and improved upon.

Percentage of Population at Home Unsupported

This new measure will demonstrate the combined success of a variety of key priorities of the PKHSCP in shifting people away from high cost institutional care to lower cost care in the community where people's health and wellbeing will be greatly improved. It is expected that we will be tracking this measure for a number of years. No data available to set targets until October.

FINANCIAL MANAGEMENT

Background

The IJB's finance's are overseen by the IJB's Chief Financial Officer. The Chief Financial Officer is supported by finance staff from both Perth & Kinross Council and NHS Tayside.

Prior to April 2016, the IJB had developed the financial governance infrastructure required to allow it to assume new responsibilities from 1 April 2016. That financial governance infrastructure continues to be reviewed and refreshed.

Analysis of Financial Statements

The main objective of the Annual Accounts is to provide information about the financial position of the IJB that is useful to a wide range of users in making and evaluating decisions about the allocation of resources.

The 2018/19 Annual Accounts comprise:

- (a) **Comprehensive Income and Expenditure Statement**
- this shows a surplus of £2.470M. This is made up of a breakeven position for the IJB overall plus £2.470M of earmarked funding that is being transferred to reserves for future commitments. Further detail is provided in section c) below and in Note 6. The underlying out-turn for the IJB is a £1.160M overspend. However in line with the risk sharing agreement with NHS Tayside and Perth & Kinross Council further non-recurring budget has been devolved to the IJB to deliver breakeven.

SECTION 1: MANAGEMENT COMMENTARY

- (b) **Movement in Reserves** - *Earmarked reserves of £2.470M have been generated. Most significantly from Mental Health Action 15 Funding, Alcohol and Drug Partnership Funding and Primary Care Improvement Funding. This surplus has been transferred to earmarked IJB reserves for specific projects and commitments.*
- (c) **Balance Sheet** - *In terms of routine business the IJB does not hold assets, however the transfer of £2.470M of earmarked reserves is reflected in the year-end balance sheet.*
- (d) **Notes** - *comprising a summary of significant accounting policies, analysis of significant figures within the Annual Accounts and other explanatory information.*

The Annual Accounts for 2018/19 do not include a Cash Flow Statement as the IJB does not hold any cash or cash equivalents.

SECTION 1: MANAGEMENT COMMENTARY

The out-turn in 2018/19 was an overspend of £1.160M, this compared to a financial plan gap of £0.920m. The primary areas of overspend are within:

- *Older People and Physical Disabilities Services due to unanticipated demand for Care Home Placements and Care at Home Services;*
- *Learning Disabilities and Mental Health Services due to an unprecedented level of demand for Community Services;*
- *GP Prescribing due to growth above expectation, undelivered savings and the impact of an unanticipated national reduction in funding;*
- *Inpatient Mental Health Services driven by supplementary staffing and a historic balance of undelivered savings.*

Of the £5.3M approved savings within Core Health and Social Care, £4.8M were delivered (90%). The undelivered balance contributed to the overall overspend position.

At the year end both Perth & Kinross Council and NHS Tayside increased the devolved budget to the IJB by £0.841M and £0.319M respectively, in order to support delivery of breakeven for 2018/19 in line with the Integration Scheme.

During 2018/19, funding was received from Scottish Government for a number of initiatives. These included Mental Health Action 15 monies, Alcohol & Drug Partnership Funding and funding to implement the Primary Care Improvement Plan. The underspend of £2.470M against these funds in 2018/19 has been transferred to an earmarked IJB reserve to meet future year commitments.

Financial Outlook, Risks and Plans for the Future

The IJB, like many other Integration Joint Boards, faces significant financial challenges and will be required to operate within very tight financial constraints for the foreseeable future due to the difficult national economic outlook and increasing demand for services.

A 3 Year Financial Plan for Core Health & Social Care Services has been approved by the IJB for 2019/20: 2021/22. A budget settlement with Perth & Kinross Council and NHS Tayside has been agreed for 2019/20 with indicative allocations for 2020/21 and 2021/22. A gap of circa £5M is currently predicted over the 3 year period despite a significant transformation and efficiency programme.

The scale of pay, price and demand pressures across social care services in particular is our biggest financial challenge. The IJB is committed to delivering services within resources available and a range of further radical proposals will be brought forward over 2019/20 to support delivery of financial balance.

Prescribing is another significant financial challenge for the IJB, with the increasing elderly population having a direct impact on growth. In addition, unanticipated increases in the price of medicines in 2018/19 are expected to continue in 2019/20. Therefore despite a significant programme of efficiencies driven through the Quality Safety and Efficiency Programme (QSEP) and allocation of additional funding, an overspend is still predicted for 2019/20.

SECTION 1: MANAGEMENT COMMENTARY

The IJB have hosting responsibility for Inpatient Mental Health services and whilst any overspend is shared across the three IJBs in Tayside, the IJB have strategic responsibility to deliver a financially sustainable service. An overspend is predicted again for 2019/20 with anticipated savings from approved transformation plans not delivered as expected. Under new leadership, but facing significant challenges, a revised service model across General Adult Psychiatry and Learning Disabilities is being developed. This new model must support workforce and financial sustainability in the medium term. A new Mental Health Alliance across Tayside is being established which will ensure joint collaboration to deliver effective and affordable services.

In addition to the financial challenge a number of other key risks have been identified that may impact on the ability of the IJB to meet its Strategic Objectives:

- **Workforce:** *PKHSCP face a number of recruitment and retention challenges that may impact on the deliverability of existing and proposed service models. A number of factors are impacting on availability of staff including national shortages, the age of our workforce, rurality and the local economy. An integrated workforce plan is now required to identify the actions required to redesign sustainable models of care to within workforce expected to be available.*
- **Strategic planning and leadership:** *Both the Audit Scotland Update Report on Health and Social Care (November 2018) and the Ministerial Strategic Group*

Review of progress with Integration of Health and Social Care (February 2019) highlighted a number of challenges that need to be addressed on a Scotland-wide basis to ensure the success of integration and speed up change. Appropriate leadership capacity and including strategic planning capacity have been particularly highlighted and this has been regularly reflected in our own assessments of effectiveness. The new Chief Officer will seek to understand the capacity gaps within PKHSCP and agree with both parent bodies the actions required to ensure a sustainable leadership structure that has the strategic planning capability to increase the pace of change.

SECTION 1: MANAGEMENT COMMENTARY

CONCLUSION AND ACKNOWLEDGEMENTS

We are pleased to record that during 2018/19 the IJB has successfully delivered health and social care services to the population of Perth and Kinross and, for hosted services, to the population of Tayside. We acknowledge this has been a challenging year and the IJB's success has only been achieved through the hard work of staff employed in Perth & Kinross Council and NHS Tayside and other partner organisations.

Looking forward, while the IJB faces continuing challenging financial circumstances it also plans to continue to take advantage of the opportunities available through Health and Social Care Integration to best deliver affordable health and social care services for the population of Perth and Kinross.

SECTION 4: ANNUAL GOVERNANCE STATEMENT

INTRODUCTION

The Annual Governance Statement explains the IJB's governance arrangements and reports on the effectiveness of the IJB's system of internal control.

SCOPE OF RESPONSIBILITY

The IJB is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for and used economically, efficiently and effectively.

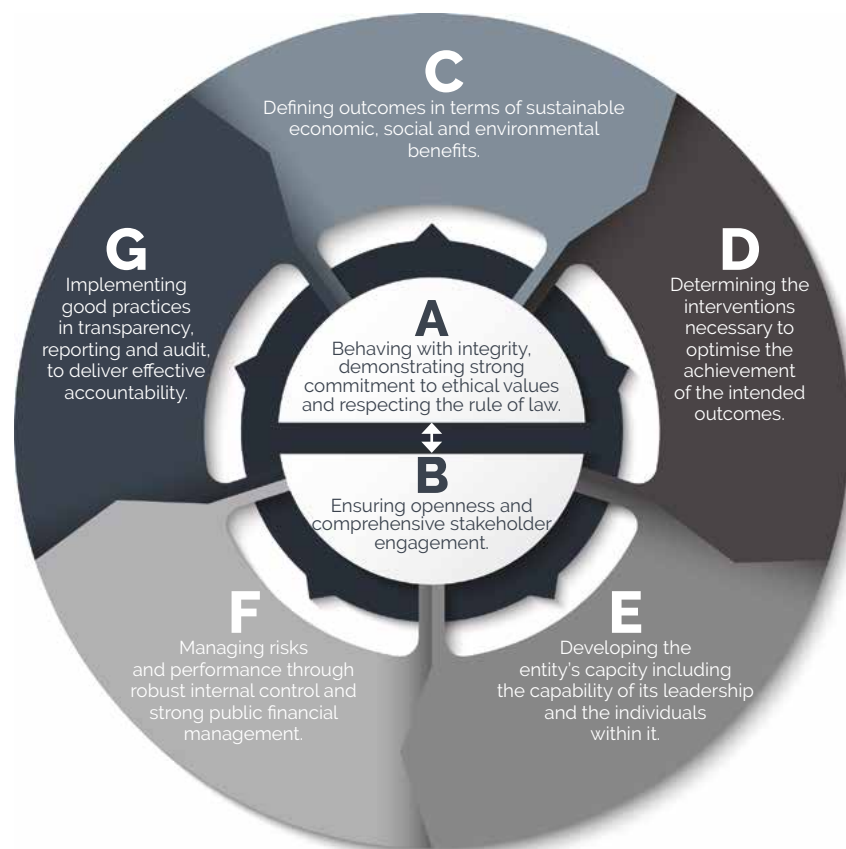

To meet this responsibility the IJB has established arrangements for governance that includes a system of internal control. The system is intended to manage risk to support achievement of the IJB's policies, aims and objectives. Reliance is also placed on the NHS Tayside and Perth & Kinross Council systems of internal control that support compliance with both organisations' policies and promotes achievement of each organisations' aims and objectives including those of the IJB. Assurance has been received from both NHS Tayside and Perth and Kinross Council as to the effectiveness and adequacy of those systems. The systems can only provide reasonable and not absolute assurance of effectiveness.

PURPOSE OF THE GOVERNANCE FRAMEWORK

The governance framework comprises the systems and processes, and culture and values by which the IJB is directed and controlled and the activities through which it accounts to, engages with and leads the community. It enables the IJB to monitor the achievement of its strategic priorities and to consider whether those priorities have led to the delivery of appropriate, cost-effective services. The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the IJB's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The core principles of good governance are set out in the diagram on the following page.

SECTION 4: ANNUAL GOVERNANCE STATEMENT

As a relatively new public body, the IJB supported by the Executive Management Team (EMT) have worked hard to develop an effective governance framework underpinned by these principles and to ensure that it operates effectively in practice. We have been supported by our parent bodies but have also sought to identify best practice systems and processes from elsewhere. The key features of the governance framework that were in place during 2018/19 are summarised below.

LEADERSHIP, CULTURE AND VALUES

A code of conduct for members and employees is in place along with a register of interest. A standards officer has been appointed and standing orders are in place. The development programme for IJB members has been in place since inception and this has been a key feature in developing working relationships between the Chair, members and officers. This includes visits to our health and social care services in the community, in hospitals and in the prison. It also includes the provision of induction sessions/refreshers at regular intervals. This has been particularly important in the face of significant changes to membership.

The Chair and Chief Officer meet regularly and the Chief Financial Officer and Chair of the Audit and Performance Committee meet on a monthly basis. The Strategic Commissioning Plan has provided a clear sense of shared direction and purpose across the IJB membership and PKHSCP Team and the refresh which is underway will further align our collective and collaborative activity.

SECTION 4: ANNUAL GOVERNANCE STATEMENT

The IJB Chair is supported effectively to carry out his role with independent legal and governance support and effective committee services. The Chief Officer is a Director in the parent organisations, a member of the Executive Teams, attends the NHS Board and Council and is directly accountable to both Chief Executives, who provide regular one to ones. As well as the support from both parent bodies' Executive Group, the Chief Officer benefits from the support of the Council's Chief Social Work Officer, who is a member of the IJB and the Clinical and Professional Governance Forum.

STAKEHOLDER ENGAGEMENT

The IJB Meetings are public meetings and membership includes wide stakeholder representation including carers, service users and the third sector. A Communication Strategy and Participation and Engagement Strategy have been agreed by the IJB at inception and both are now being refreshed to learn from our experience thus far.

The Strategic Commissioning Plan was developed following engagement with over 4,000 local people and the role and membership of the Strategic Planning Group has been refreshed to ensure it provides a critical forum for wide stakeholder involvement in shaping strategic delivery plans moving forward. Our locality managers are part of the Local Action Partnerships (Community Planning). In addition the PKHSCP is represented on a number of wider community groups, eg Alcohol and Drugs Partnership. Our overarching Strategic Planning and Commissioning Board and four Strategic

Programme Boards have been designed to promote strong leadership and engagement with clinical stakeholders. In developing its new Strategic Commissioning Plan the PKHSCP will engage further with key stakeholders and will also reflect on the effectiveness of the existing strategic planning and engagement activity. A refresh of the role and remit of the Communications and Engagement Group is underway as well as a review of corporate support.

We have a Health and Social Care Strategic Forum, facilitated by Perth & Kinross Association of Voluntary Service (PKAVS), our third sector interface. This connects third sector organisations into the PKHSCP and contributes to joint strategic planning and commissioning, organisational development, locality working, volunteering and quality assurance. Feedback from members confirms that the forum provides an effective means for raising issues and influencing the HSCP's direction and activity.

The Partnership works closely with Independent Contractors such as Care Providers, GPs, Dentists, Optometrists and Pharmacists in the delivery of Health and Care Services across Perth and Kinross. The Partnership has engaged regularly with all elected members of Perth & Kinross Council around the challenges and opportunities and the 3 Year Financial Plan.

The refresh of the Strategic Plan will challenge us to further develop our work in and engagement with local communities and the transformation work that follows will require us to redesign services together with citizens and communities to deliver improved outcomes.

SECTION 4: ANNUAL GOVERNANCE STATEMENT

VISION, DIRECTION AND PURPOSE

The Strategic Commissioning Plan 2016-2019 has provided a clear vision and the Performance Strategy approved by the IJB set out the commitment to ensure we have the framework in place to measure our success. Since May 2018, the PKHSCP has been developing a new strategic delivery model made up of four strategic programmes of care, involving a range of stakeholders in strategic planning and operational developments. Recognising that there are challenges around our current approach to Strategic Planning, as well as the imminent publication of an inspection report, the IJB and both parent bodies have agreed that we can defer the production and publication of our next Strategic Plan until later in the year. This will inform a review of the current structures and systems for planning and commissioning to build on our programmes of care structure and ensure connections into localities, clear leadership arrangements and supporting capacity and a robust process for systematic monitoring and review of overall progress across all strategic priorities.

DECISION-MAKING

All reports to the IJB are in an agreed format that supports effective decision-making. The IJB Annual Work plan for 2018/19 was developed to ensure regular opportunity for review and scrutiny of progress in delivering strategic priorities. The role of the EMT has been strengthened to ensure robust review and scrutiny of progress in delivering our transformation and service redesign priorities at locality

level and for escalation of operational risk that will impact on strategic delivery. The membership of EMT has been extended to ensure wider involvement of clinical colleagues.

The development of integrated financial planning ensures a consistent approach across health and social care services. The establishment of the IJB Budget Review Group has provided IJB members with the forum for ensuring detailed understanding of the pressures and opportunities and has ensured that our members are informed to make the difficult decisions that are inevitable in the current financial climate.

ORGANISATIONAL DEVELOPMENT

The IJB Members are supported by a programme of training and development throughout the year. PKHSCP has a formal leadership structure that has been endorsed by the IJB however the new Chief Officer is considering the future organisational structure to achieve greater integration and improved effectiveness. PKHSCP relies heavily on the Corporate Support arrangements in place with NHS Tayside and Perth & Kinross Council across a range of key areas including HR, Finance, Strategic Planning and Organisational Development. As part of the wider review of organisational structure, the Chief Officer will look to address key gaps which will ensure sufficient capacity, in particular around planning and performance, workforce and organisational development. A strong coherent focus on development of a workforce plan is now required.

SECTION 4: ANNUAL GOVERNANCE STATEMENT

SCRUTINY AND ACCOUNTABILITY

Accountability is about ensuring that those making decisions are answerable for them. PKHSCP have learned from best practice elsewhere to ensure transparent reporting of our actions, but also to ensure that in this complex landscape our stakeholders can understand the intentions and ensure reports are clear and concise with the audience in mind.

In order to comply with regulations outlined by the Scottish Government's Integrated Resources Advisory Group, the IJB established an Audit and Performance Committee in July 2016. The role of the IJB Audit and Performance Committee ensures that good governance arrangements are in place for the IJB. It is the responsibility of this committee to ensure that proportionate audit arrangements are in place for the IJB and that annual financial statements are compliant with good practice standards.

PKHSCP report at regular intervals on financial performance and we are required to publish externally audited Annual Accounts each year. The third Annual Performance Report sets out success in delivering against objectives and outlines further areas for improvement and development.

Regular reports have been provided to the IJB Audit and Performance Committee on progress in implementing all external and internal audit recommendations and a transparent assessment of how PKHSCP are delivering against Best Value responsibilities and has been included within the Annual Performance Report.

INTERNAL CONTROL FRAMEWORK

The governance framework above operates on the foundation of internal controls including management and financial information, financial regulations, administrative procedures, management supervision and a system of delegation and accountability.

The IJB uses the systems in NHS Tayside and Perth & Kinross Council to manage its financial records. Development and maintenance of these systems is undertaken by both parent bodies as part of the operational delivery of the Health & Social Care Partnership. In particular the systems include:

- *comprehensive budgeting systems;*
- *setting of targets to measure financial performance*
- *regular reviews of periodic and annual financial reports that indicate financial performance against the forecasts.*

The Chief Financial Officer has implemented a three year budgeting process which facilitates the prioritisation of resources in the face of competing demands in line with Strategic Priorities.

During 2018/19 the Audit and Performance Committee has approved a refreshed risk management strategy and strategic risk register including mitigating actions and an escalation process. We have developed an annual work plan for the IJB which will set out clear timescales for reporting on each of our programmes of care including agreed performance

SECTION 4: ANNUAL GOVERNANCE STATEMENT

targets. EMT has provided an improved oversight function in delivering transformation and service redesign and monitoring the financial position. The Audit and Performance Committee have provided a strong scrutiny and review of our actions to develop our governance arrangements. The establishment of new Clinical Care and Professional Governance committee has been agreed by the IJB to provide improved scrutiny and oversight as further streamlining of review arrangements are taken forward. This will be an area of significant focus as we seek to further embed a performance review framework across all services.

We have an agreed Internal Audit Services from FTF Audit & Management Services.

We have agreed with PKC to the appointment of their Data Protection Officer to the IJB to ensure our GDPR requirements are met. In parallel we have ensured effective arrangements are in place with PKC and NHS Tayside for the sharing of data.

We are working with our NHS Tayside colleagues to set up an effective forum for ensuring that the planning of services that fall within our large hospital set aside budget is undertaken in a way that enables the IJB's intentions to shift the balance of care to be effectively progressed.

We are working hard with the other IJB's in Tayside to ensure strong and effective arrangements are in place to support the strategic planning and delivery of hosted services. These arrangements need to carefully consider the responsibilities of the hosting partnership alongside the wider obligation of each

IJB to the strategic planning of all services to their population.

The wider internal control framework also includes:

- *Procedures for Complaints handling*
- *Clinical Care Governance monitoring arrangements*
- *Procedures for Whistle-blowing*
- *Data Sharing arrangements*
- *Code of Corporate Governance including Scheme of Delegation; Standing Financial instructions, standing orders, scheme of administration*
- *Reliance on procedures, processes and systems of partner organisations*

The IJB's relationship with both partner bodies has meant that the controls in place in one body inevitably affect those in the other. The draft NHS Tayside Governance Statement 2018/19 concludes that corporate governance was operating effectively throughout the financial year. Perth & Kinross Council has approved a Governance Statement which also concludes positively on the adequacy and effectiveness of internal controls, accompanied by an Annual Internal Audit Report which concludes that reasonable reliance can be placed on the Council's risk management and governance arrangements, and systems of internal control for 2018/19, subject to management implementation of the agreed actions detailed in Internal Audit reports. Whilst both contain some issues which are of interest to the IJB, neither would give rise to any requirement for consideration in the IJB's Governance Statement.

SECTION 4: ANNUAL GOVERNANCE STATEMENT

ONGOING REVIEW AND FURTHER DEVELOPMENTS

We have independently developed a governance self-assessment tool which considers current internal control and governance arrangements against CIPFA Delivering Good Governance Framework. We have undertaken a full self-assessment each year since inception building a library of evidence and identifying priority areas for further development which have then been included in our Transforming Governance Action Plan.

The Audit and Performance Committee have received regular reports on progress in delivering the Action Plan. We are committed to continue working hard to achieve best practice in all areas of governance and will fully consider all recommendations for improvement within the Joint Inspection Report to be published in July 2019 and will seek to consolidate those areas where we have performed well.

The 2018/19 Transforming Governance Action Plan contained a number of areas for improvement and progress has been made in key areas. The IJB's Audit and Performance Committee has provided a scrutiny role over progress which can be summarised as follows:

- *As part of the development of the 3 year Financial Plan the Chief Officer and Chief Financial Officer have met with elected members across all parties to describe the financial challenge and Strategic Direction. This has supported a much more collaborative approach to budget setting for 2019/20.*

- *Further development of the Budget Review Group Process has ensured all IJB members have the necessary information to make decisions around allocation of resources in line with strategic priorities.*
- *The establishment of a new strategic planning structure through four Programmes of Care improved the effectiveness of strategic planning arrangements and has provided a platform to build on moving forward.*
- *A refreshed Risk Management Framework has been agreed by the Audit and Performance Committee inclusive of a risk escalation process. A high-level strategic risk profile has developed which is now being regularly updated and reported to the Audit and Performance Committee.*
- *Appointment of Data Protection Officer for the IJB to ensure compliance with General Data Protection Regulations.*
- *Improvement in the level and effectiveness of finance support to budget holders.*
- *Establishment of Mental Health Alliance to set the strategic intention for Mental Health Services Tayside-wide.*
- *All Hosted Services have been aligned to relevant Strategic Programme of Care Boards which are providing a strategic oversight including services hosted by other IJB's.*

Those areas identified which still require further development have been captured in the 2019/20 Transforming Governance Action Plan.

SECTION 4: ANNUAL GOVERNANCE STATEMENT

REVIEW OF ADEQUACY AND EFFECTIVENESS

The IJB has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control.

The review of the effectiveness of the framework has been informed by:

- *the work of the Executive Management Team who have responsibility for development and maintenance of the governance environment;*
- *the Annual Report by the Chief Internal Auditor;*
- *reports from Audit Scotland and other review agencies including the Audit Scotland Report on the Review of Health and Social Care Integration;*
- *self-assessment against the Delivering Good Governance in Local Government Framework 2016 Edition (CIPFA);*
- *self-assessment against the Ministerial Strategic Group Recommendations;*
- *draft Annual Governance Statements for Perth & Kinross Council and NHS Tayside.*

The Chief Internal Auditor reports directly to the IJB Audit and Performance Committee on all audit matters, with the right of access to the Chief Officer, Chief Financial Officer and Chair of the Audit and Performance Committee on any matter.

In addition to regular reports to the IJB's Audit and Performance Committee during 2018/19, the Chief Internal Auditor prepares an annual report to the Audit and Performance Committee including an assurance statement containing a view on the adequacy and effectiveness of the systems of internal control.

The Internal Audit Annual Report 2018/19, received by the Audit & Performance Committee 18 June 2019 highlights findings which indicate some weaknesses in the internal control environment. None of these are considered material enough to have a significant impact on the overall control environment and it is the opinion of the Chief Internal Auditor that the systems of internal control relied upon by the IJB provide reasonable assurance against loss.

ACTION PLAN FOR 2019/20

Significant progress has been made against the 'Transforming Governance' Action Plan agreed for 2018/19. However following a full self-assessment process and feedback from the formal Joint Inspection, refreshed actions have now been set out to further strengthen the governance arrangements and these will include:

Leadership, Culture & Values

- *How effective is the IJB? Assessment of performance against the IJB Integration Scheme with IJB members will provide improved understanding of the IJB's role and remit.*

SECTION 4: ANNUAL GOVERNANCE STATEMENT

- *Review of PKHSCP organisational structure.*
- *Leadership Development Program focused on Collaborative Practice.*
- *IJB Member Development: Refresh of induction and review and refresh of IJB Annual Training and Development Plan.*
- *Annual Development Meetings between Chair and Members.*
- *Development of a statement of our vision and values to be developed to become front and centre of all IJB activities moving forward.*

Stakeholder Engagement

- *Effective Stakeholder Engagement: Review of role of Engagement Group and development of engagement and participation strategy to support localities, providing a process for deciding on the level of engagement required.*
- *Effective Communication with our Public: Development of a co-ordinated approach to communication and marketing supported by dedicated expertise.*
- *Effective Engagement and Co-production at Locality Level: individual locality reports brought forward to the IJB.*
- *Effective engagement with PKC Elected members: embed a Health & Social Care Session into the Perth & Kinross Council rolling program for elected members.*

Vision, Direction & Purpose

- *Development of our next three-year Strategic Commissioning Plan will set a shared vision and clear priorities which will align our collective and collaborative activity.*
- *Measuring our performance: Develop a 'measure what you value rather than value what you measure' approach aligned to the refreshed strategic plan. Redesign of corporate support functions to deliver integrated performance reporting as standard.*
- *How effective are our Programme Boards?: Building on our Programme Boards review of our planning and commissioning structures and leadership arrangements to ensure a strong connection to localities, clear leadership arrangements and supporting capacity made a robust Strategic Planning and Commissioning Board which provides a balanced focus on all priorities and a mechanism for systematic review and monitoring using SMART principles.*
- *How effective is our Strategic Planning Group? A review of role and remit to be carried out*

Decision-Making

- *Development of Effective workforce, OD and E Health & Care Plans.*
- *Corporate Support: Development of new structure under CFO to ensure sufficient capacity.*

SECTION 4: ANNUAL GOVERNANCE STATEMENT

- *Improve the effectiveness of the connection of PKHSCP planning with Parent Body Strategic Planning (Transforming Tayside/Perth and Kinross Offer).*

Internal Controls

- *Support NHST to ensure timely agreement of budgets moving forward.*
- *Reach agreement with NHST on refreshed finance support arrangements for IPMH.*
- *Large Hospital Set-Aside: support NHST to ensure strong mechanism for overseeing progress.*
- *Risk Sharing/Using totality of resources: Agreement of risk sharing arrangements.*
- *Directions: embed the routine issue of Directions as part of normal business process.*
- *Clinical, Care and Professional Governance: Embed a consistent framework for performance review across all services, providing assurance to the new committee of the IJB on the safety and effectiveness of services ensuring streamlining of our arrangements with those of both parent bodies.*

Scrutiny and Accountability

- *A comprehensive improvement plan will be developed that brings together the findings of the Joint Inspection, the findings of the Annual Governance Self-Assessment and as part of that the MSG Review of Integration. In developing our Improvement Plan we will look to the progress and success achieved elsewhere in Scotland through benchmarking activity, the Chief Officer's involvement in the National Chief Officers' Group and the improvement support available from both inspectorates.*

These will be incorporated into the Partnership Improvement Plan and updates on progress will be provided to each meeting of the IJB's Audit & Performance Committee alongside the Strategic Risk Register and mitigating actions.

SECTION 4: ANNUAL GOVERNANCE STATEMENT

CONCLUSION AND OPINION ON ASSURANCE

While recognising that improvements are required, as detailed above, it is our opinion that reasonable assurance can be placed upon the adequacy and effectiveness of the IJB's governance arrangements.

We consider the internal control environment operating during 2018/19 to provide reasonable and objective assurance that any significant risks impacting on the achievement of our objectives will be identified and actions taken to avoid or mitigate their impact. Systems are in place to continually review and improve the governance and internal control environment.

Whilst this statement shows a surplus of £2.470M, this surplus relates to a number of specific spend projects and future commitments. All surplus has been transferred to earmarked IJB reserves for specific projects and commitments (as per Movement in Reserves Statement and Note 6 below).

There are no statutory or presentation adjustments which affect the IJBs application of the funding received from partners. The movement in the General Fund balance is therefore solely due to the transactions shown in the Comprehensive Income and Expenditure Statement. Consequently, an Expenditure and Funding Analysis is not shown in these annual accounts.

MOVEMENT IN RESERVES STATEMENT

This statement shows the movement in the year on the IJB's reserves. The movements which arise due to statutory adjustments which affect the General Fund balance are separately identified from the movements due to accounting practices.

SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

A GENERAL PRINCIPLES

The Financial Statements summarise the Integration Joint Board's transactions for the 2018/19 financial year and its position at the year-end of 31 March 2019.

The IJB was established under the requirements of the Public Bodies (Joint Working) (Scotland) Act 2014 and is a Section 106 body as defined in the Local Government (Scotland) Act 1973.

The Financial Statements are therefore prepared in compliance with the Code of Practice on Local Authority Accounting in the United Kingdom 2018/19, supported by International Financial Reporting Standards (IFRS), unless legislation or statutory guidance requires different treatment.

The accounts are prepared on a going concern basis, which assumes that the IJB will continue in operational existence for the foreseeable future. The historical cost convention has been adopted.

B ACCRUALS OF INCOME AND EXPENDITURE

Activity is accounted for in the year that it takes place, not simply when settlement in cash occurs. In particular:

- *expenditure is recognised when goods or services are received and their benefits are used by the IJB;*

- *income is recognised when the IJB has a right to the income, for instance by meeting any terms and conditions required to earn the income, and receipt of the income is probable;*
- *where income and expenditure have been recognised but settlement in cash has not taken place, a debtor or creditor is recorded in the Balance Sheet;*
- *where debts may not be received, the balance of debtors is written down.*

C FUNDING

The IJB is funded through funding contributions from the statutory funding partners, Perth & Kinross Council and NHS Tayside. Expenditure is incurred as the IJB commissions specified health and social care services from the funding partners for the benefit of service recipients in Perth and Kinross.

D CASH AND CASH EQUIVALENTS

The IJB does not operate a bank account or hold cash. Transactions are settled on behalf of the IJB by the funding partners. Consequently the IJB does not present a 'Cash and Cash Equivalent' figure on the balance sheet. The funding balance due to or from each funding partner as at 31 March is represented as a debtor or creditor on the IJB's Balance Sheet.

SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

E EMPLOYEE BENEFITS

The IJB does not directly employ staff. Staff are formally employed by the funding partners who retain the liability for pension benefits payable in the future. The IJB therefore does not present a pensions liability on its Balance Sheet.

The IJB has a legal responsibility to appoint a Chief Officer and a Chief Financial Officer. More details on the arrangements are provided in the Remuneration Report. The charges from the employing partner are treated as employee costs.

Charges from funding partners for other staff are treated as administration costs.

F PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are liabilities of uncertain timing or amount. A provision is recognised as a liability on the balance sheet when there is an obligation as at 31 March due to a past event; settlement of the obligation is probable; and a reliable estimate of the amount can be made. Recognition of a provision will result in expenditure being charged to the Comprehensive Income and Expenditure Statement and will normally be a charge to the General Fund.

A contingent liability is a possible liability arising from events on or before 31 March, whose existence will only be confirmed by later events. A provision that

cannot be reasonably estimated, or where settlement is not probable, is treated as a contingent liability. A contingent liability is not recognised in the IJB's Balance Sheet, but is disclosed in a note where it is material.

A contingent asset is a possible asset arising from events on or before 31 March, whose existence will only be confirmed by later events. A contingent asset is not recognised in the IJB's Balance Sheet, but is disclosed in a note only if it is probable to arise and can be reliably measured.

A review for contingent assets and liabilities has been undertaken for the IJB and none have been identified at 31 March 2019.

G RESERVES

The IJB's reserves are classified as either Usable or Unusable Reserves.

The IJB's only Usable Reserve is the General Fund. The balance of the General Fund as at 31 March shows the extent of resources which the IJB can use in later years to support service provision.

The IJB's only Unusable Reserve is the Employee Statutory Adjustment Account. This is required by legislation. It defers the charge to the General Fund for the Chief Officer's absence entitlement as at 31 March, for example any annual leave earned but

SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

not yet taken. The General Fund is only charged for this when the leave is taken, normally during the next financial year.

H INDEMNITY INSURANCE

The IJB has indemnity insurance for costs relating primarily to potential claim liabilities regarding Board member and officer responsibilities. NHS Tayside and Perth & Kinross Council have responsibility for claims in respect of the services that they are statutorily responsible for and that they provide.

Unlike NHS Boards, the IJB does not have any 'shared risk' exposure from participation in Clinical Negligence and Other Risks Indemnity Scheme (CNORIS). The IJB participation in the CNORIS scheme is therefore analogous to normal insurance arrangements.

Known claims are assessed as to the value and probability of settlement. Where it is material the overall expected value of known claims taking probability of settlement into consideration, is provided for in the IJB's Balance Sheet.

The likelihood of receipt of an insurance settlement to cover any claims is separately assessed and, where material, presented as either a debtor or disclosed as a contingent asset.

I CRITICAL JUDGEMENTS AND ESTIMATION UNCERTAINTY

In applying the accounting policies set out above, the Integration Joint Board has had to make certain judgments about complex transactions or those involving uncertainty about future events. The critical judgments made in the Annual Accounts are:

The Integration Scheme sets out the process for determining the value of the resources used in Large Hospitals, to be Set-Aside by NHS Tayside and made available to the IJB. The value of the Large Hospital Set-Aside expenditure reported in 2017/18 was £11.793m. The total expenditure in 2018/19 of £14.346m is based on the most recently available activity levels for hospital inpatient and day case activity as provided by NHS Services Scotland's Information Services Division and direct cost information provided by NHS Tayside. This is a transitional arrangement for 2018/19 agreed locally between NHS Tayside and the three Tayside Integration Joint Boards and with the Scottish Government. Work is progressing at a national and local level to refine the methodology for calculating and planning the value of this in the future.

J RELATED PARTY TRANSACTIONS

Related parties are organisations that the IJB can control or influence or who can control or influence the IJB. As partners in the Joint Venture of Perth and

SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

Kinross Integration Joint Board, both Perth & Kinross Council and NHS Tayside are related parties and material transactions with those bodies are disclosed in Note 8 in line with the requirements of IAS 24 Related Party Disclosures.

K SUPPORT SERVICES

Support services were not delegated to the IJB and are provided by the Council and the Health Board free of charge as a 'service in kind'. These arrangements were outlined in the report of Corporate Supporting Arrangements to the IJB on 23 March 2016.

NOTE 2: EVENTS AFTER THE REPORTING PERIOD

The Annual Accounts were authorised for issue by the Chief Financial Officer on 27 September 2019. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2019, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

- *To earmark, or build up, funds which are to be used for specific purposes in the future, such as known or predicted future expenditure needs. This supports strategic financial management.*

NOTE 9: VAT

The IJB is not VAT registered and as such the VAT is settled or recovered by the partner agencies.

The VAT treatment of expenditure in the IJBs accounts depends on which of the partner agencies is providing the service as these agencies are treated differently for VAT purposes.

Where the Council is the provider, income and expenditure excludes any amounts relating to VAT, as all VAT collected is payable to HM Revenue and Customs and all VAT paid is recoverable from it. The Council is not entitled to fully recover VAT paid on a very limited number of items of expenditure and for these items the cost of VAT paid is included within service expenditure to the extent that it is recoverable from HM Revenue and Customs.

Where the NHS is the provider, expenditure incurred will include irrecoverable VAT as generally the NHS cannot recover VAT paid as input tax and will seek to recover its full cost as income from the commissioning IJB.

SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH & KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion on Financial Statements

We certify that we have audited the financial statements in the annual accounts of Perth & Kinross Integration Joint Board for the year ended 31 March 2019 under Part VII of the Local Government (Scotland) Act 1973. The financial statements comprise the Comprehensive Income and Expenditure Statement, Movement in Reserves Statement, Balance Sheet and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union, and as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2018/19 (the 2018/19 Code).

In our opinion the accompanying financial statements:

- *give a true and fair view in accordance with applicable law and the 2018/19 Code of the state of affairs of the body as at 31 March 2019 and of its income and expenditure for the year then ended;*
- *have been properly prepared in accordance with IFRSs as adopted by the European Union, as interpreted and adapted by the 2018/19 Code; and*
- *have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, The Local*

Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

Basis for Opinion

We conducted our audit in accordance with applicable law and International Standards on Auditing (UK) (ISAs (UK)), as required by the Code of Audit Practice approved by the Accounts Commission for Scotland. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We were appointed by the Accounts Commission on 31 May 2016. The period of total uninterrupted appointment is 3 years. We are independent of the body in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Non-audit services prohibited by the Ethical Standard were not provided to the body. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions Relating to Going Concern Basis of Accounting

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- *the use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or*

SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH & KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION

- *the Chief Finance Officer has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the body's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.*

Risk of Material Misstatement

We have reported in a separate Annual Audit Report, which is available from the Audit Scotland website, the most significant assessed risk of material misstatement that we identified and our conclusion thereon.

Responsibilities of the Chief Finance Officer and the Integration Joint Board for the Financial Statements

As explained more fully in the Statement of Responsibilities, the Chief Finance Officer is responsible for the preparation of financial statements that give a true and fair view in accordance with the financial reporting framework, and for such internal control as the Chief Finance Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Chief Finance Officer is responsible for assessing the body's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless deemed inappropriate.

The Integration Joint Board is responsible for overseeing the financial reporting process.

Auditor's Responsibilities for the Audit of the Financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, intentional omissions, misrepresentations, or the override of internal control. The capability of the audit to detect fraud and other irregularities depends on factors such as the skilfulness of the perpetrator, the frequency and extent of manipulation, the degree of collusion involved, the relative size of individual amounts manipulated, and the seniority of those individuals involved. We therefore design and perform audit procedures which respond to the assessed risk of material misstatement due to fraud.

SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH & KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Other Information in the Annual Accounts

The Chief Finance Officer is responsible for the other information in the annual accounts. The other information comprises the information other than the financial statements, the audited part of the Remuneration Report, and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon except on matters prescribed by the Accounts Commission to the extent explicitly stated later in this report.

In connection with our audit of the financial statements, our responsibility is to read all the other information in the annual accounts and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

REPORT ON OTHER REQUIREMENTS

Opinions on Matters Prescribed by the Accounts Commission

In our opinion, the audited part of the Remuneration Report has been properly prepared in accordance with The Local Authority Accounts (Scotland) Regulations 2014.

- *the information given in the Management Commentary for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with statutory guidance issued under the Local Government in Scotland Act 2003; and*
- *the information given in the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Delivering Good Governance in Local Government: Framework (2016).*

Matters on Which We Are Required to Report by Exception

We are required by the Accounts Commission to report to you if, in our opinion:

- *adequate accounting records have not been kept; or*

SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH & KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION

- *the financial statements and the audited part of the Remuneration Report are not in agreement with the accounting records; or*
- *we have not received all the information and explanations we require for our audit; or*
- *there has been a failure to achieve a prescribed financial objective.*

We have nothing to report in respect of these matters.

In addition to our responsibilities for the annual accounts, our conclusions on the wider scope responsibilities specified in the Code of Audit Practice, including those in respect of Best Value, are set out in our Annual Audit Report.

USE OF OUR REPORT

This report is made solely to the parties to whom it is addressed in accordance with Part VII of the Local Government (Scotland) Act 1973 and for no other purpose.
