

**PERTH AND KINROSS COUNCIL****Executive Sub-Committee of Lifelong Learning Committee****17 August 2016****Standards and Quality In Schools, Learning Communities And Pre-School Centres/Day Care Of Children****Report by Director (Education and Children's Services)****PURPOSE OF REPORT**

This report sets out the key findings following inspections of pre-school centres and schools undertaken by Education Scotland (formerly known as HMI) and, by exception, Care Inspectorate inspections on the day care of children since the Executive Sub-Committee of Lifelong Learning Committee on 27 April 2016.

**1. BACKGROUND****1.1 Education Scotland Inspections**

- 1.1.1 Each year Education Scotland's scrutiny body (Her Majesty's Inspectorate, HMI) inspects and reports on the quality of education in pre-school centres, primary schools, secondary schools, special schools, community learning and development services, colleges, and residential educational provision. HMI also inspects the education functions of local authorities and carries out joint inspections of services for children.
- 1.1.2 This report sets out the key findings and areas for improvement following inspections of Perth and Kinross Council pre-school centres (including partner providers), schools and learning communities by Education Scotland. This includes the findings of follow-through inspections where appropriate.
- 1.1.3 Specifically the report sets out the findings of inspections which have been published by Education Scotland since the Executive Sub-Committee of Lifelong Learning Committee on 27 April 2016 (Report No: [16/191](#) refers).

**Pre-School Centres/Schools**

- 1.1.4 As indicated by [Education Scotland](#) in June 2015, inspections carried out from August 2015 onwards take account of national expectations of progress in implementing Curriculum for Excellence (CfE). The key priorities will focus on raising attainment for all, and on using the curriculum to close the gap in attainment between the most and least advantaged children and young people. The priorities are:
- Progression in learning and evaluating achievement from 3-18
  - Supporting improvement

- Literacy and numeracy including Scottish Survey of Literacy and Numeracy
- Career-Long Professional Learning (CLPL)
- Support for engaging parents and carers
- Senior phase pathways
- Developing the Young Workforce (DYW) – employability and skills
- Using data to support improvement
- Tackling bureaucracy
- Supporting the new National Qualifications

1.1.5 There are four broad continuing engagement activities that HMI may select following an inspection, not all of which are mutually exclusive. They are:

- Innovative practice
- No further inspection activity
- Additional support for improvement
- Continued inspection

1.1.6 In the case of an initial HMI inspection of a school, a public meeting is held after the publication of the inspection report with invitations going to parents, the local elected members and members of the Lifelong Learning Committee. These meetings give parents, carers and other members of the community the opportunity to discuss the findings of the inspection and to be consulted on the areas for improvement to be taken forward.

1.1.7 Where further inspection activity is carried out, HMI will report publicly to parents and stakeholders. Other continuing engagement activities undertaken by Perth and Kinross Council will also be reported to parents and stakeholders. This includes the publication of reports to parents on Extended Learning and Achievement Visits, and follow-up reports, on the school's website and on each school's page on [www.pkc.gov.uk](http://www.pkc.gov.uk).

1.1.8 In addition to HMI inspections, a range of school specific information is submitted by all schools to Education Services in relation to performance management, planning for improvement and self-evaluation leading to improvements. Education Services staff use this information to work with headteachers to determine the nature and frequency of support/challenge visits that will be appropriate for each school over the course of any session. The school visits form the core of the School Improvement Framework and will take the form of one or more of the following over a planned four year programme:

- School Improvement Visit;
- Learning and Achievement Visit;
- Extended Learning and Achievement Visit and follow up activity and visit.

1.1.9 During such visits, the School Improvement Plan, the Standards and Quality Report and the Self-Evaluation pro-forma are scrutinised and challenged, to ensure appropriate account has been taken of any identified improvement actions and that work in these areas is having a positive impact on the quality of educational provision provided by the school. In most cases, an HMI

inspection has confirmed the view of the school improvement team. Schools are also required to have robust processes of self-evaluation embedded in their quality assurance approaches. They are required to submit an annual summary of this work which is also subject to scrutiny by Education Services.

## **Changes to Education Scotland inspections in August 2016**

1.1.10 During 2015/16 Education Scotland tested a range of new approaches to inspection. Following evaluation, four new inspection models will be introduced in a phased manner from August 2016: full Inspection model, short inspection model, localised thematic model and neighbourhood model. Further information on these models will be shared as they are taken forward with our schools.

1.1.11 These new models will use How Good is Our School 4<sup>th</sup> edition (HGIOS4) quality indicators (QIs), which have been aligned with the National Improvement Framework for Scottish Education and the Scottish Attainment Challenge:

- 1.3 Leadership of Change
- 2.3 Learning, Teaching and Assessment
- 3.2 Raising Attainment and Achievement
- 3.1 Ensuring Wellbeing, Equality and Inclusion

1.1.12 In addition, inspections will incorporate themes from other QIs and a further QI will also be negotiated with the school being inspected, enabling staff and inspectors to focus on a particularly challenging issue or new initiative with the aim of bringing about improvement through professional dialogue.

1.1.13 Changes are also being made to improve communication of findings to parents, with a new report format which will indicate strengths, areas for development and QI grades.

1.1.14 Note that changes to QIs will have implications for the continuity of reporting of performance over time and benchmarking with other authorities that has been developed to date.

## **2. RECENTLY PUBLISHED REPORTS**

### **2.1 Care Inspectorate Inspections**

2.1.1 A total of 18 full inspections have been undertaken and published<sup>1</sup> by the Care Inspectorate since the Executive Sub-Committee of Lifelong Learning Committee on 27 April 2016 (Report No [16/191](#) refers). Of these reports, three require to be reported as an exception (where any grading has been awarded an evaluation of unsatisfactory, weak or excellent). Oakbank Kids Club was awarded one excellent evaluation and a copy of this report is included in Appendix 1. St John's Academy Nursery Class was awarded one

excellent evaluation and a copy of this report is included in Appendix 2. Tulloch Primary School Nursery was also awarded one excellent evaluation and a copy of this report is included in Appendix 3.

- 2.1.2 The Care Inspectorate is currently investigating a new approach that is proportionate for highly performing services. These validation inspections do not use quality statements or award grades. The purpose of the validation inspection is to ensure that previous high standards are being maintained. Four validation inspections within Perth and Kinross have been undertaken and published<sup>2</sup> by the Care Inspectorate. All 4 inspections were positive and the services have maintained standards since their last inspection.

## 2.2 Education Scotland Inspections

## 3. PERFORMANCE SUMMARY

---

<sup>2</sup> As at 14 June 2016

<sup>3</sup> As at 14 June 2016

This section provides a summary of inspection performance over the last five academic years.

## Pre-School Centres/Schools

Evaluation of each school's performance is assessed across five quality indicators, including three core quality indicators:

- Core quality indicator Improvements in performance
- Core quality indicator Learners' experiences/children's experiences
- Core quality indicator Meeting learning needs
- Quality indicator The curriculum
- Quality indicator Improvement through self-evaluation

- 3.1 Prior to August 2011, these were published as part of the inspection report. Although post August 2011 these evaluations no longer feature in the reports published by HMI, they are published on Education Scotland's website and will continue to be reported to the Executive Sub-Committee of Lifelong Learning Committee. Follow-through inspections do not include an evaluation against quality indicators.
- 3.2 Table 1 provides an overview of the number of indicators evaluated as good or better and satisfactory or better in the pre-school sector, including partner providers. Six pre-school centres have been inspected during academic session 2015/16. Annual performance relative to our comparator authorities and also Scotland is shown.

### 1. Strategic Implications

#### Community Plan / Single Outcome Agreement

- 1.1 The Perth and Kinross Community Plan 2013-2023 and Perth and Kinross Council Corporate Plan 2013/2018 set out five strategic objectives:

- (i) Giving every child the best start in life;
- (ii) Developing educated, responsible and informed citizens;
- (iii) Promoting a prosperous, inclusive and sustainable economy;
- (iv) Supporting people to lead independent, healthy and active lives; and
- (v) Creating a safe and sustainable place for future generations.

## **3. Assessments**

### Equality Impact Assessment

- 3.1 Under the Equality Act 2010, the Council is required to eliminate discrimination, advance equality of opportunity, and foster good relations between equality groups. Carrying out Equality Impact Assessments for plans and policies allows the Council to demonstrate that it is meeting these duties.

The function, policy, procedure or strategy presented in this report was considered under the Corporate Equalities Impact Assessment process (Eq1A) with the following outcome: assessed as **not relevant** for the purposes of Eq1A.

However, it is anticipated that the work on the quality indicators will promote equality of access to care and support, learning and achievement and equality of access to the learning community. Where appropriate, improvement policies, procedures or strategies will require equalities assessments to ensure compliance with our duty to ensure there is no adverse impact on any community group.

### Strategic Environmental Assessment

- 3.2 The Environmental Assessment (Scotland) Act 2005 places a duty on the Council to identify and assess the environmental consequences of its proposals. No further action is required as it does not qualify as a PPS as defined by the Act and is therefore exempt.

### Risk

- 3.5 Not applicable (n/a)

- 5.1 In the case of an initial HMI inspection of a school, a public meeting is held after the publication of the inspection report with invitations going to parents, the local elected members and members of the Lifelong Learning Committee. These meetings give parents, carers and other members of the community the opportunity to discuss the findings of the inspection and to be consulted on the areas for improvement to be taken forward.

Where further inspection activity is carried out, HMI will report publicly to parents and stakeholders. Other continuing engagement activities undertaken by Perth and Kinross Council will also be reported to parents and stakeholders. includes the publication of reports to parents on Extended Learning and Achievement Visits and follow-up reports on the school's website and on each school's page on [www.pkc.gov.uk](http://www.pkc.gov.uk)
