TRANSFORMATION PROGRAMME 2015-2020 ADDITIONAL PHASE 2 OUTLINE BUSINESS CASES

Report by the Depute Chief Executive, Environment (Sustainability, Strategic and Entrepreneurial Development)

This report requests permission to draw down up to £420k from the Earmarked Reserve for Transformation to provide the capacity and support to secure the effective delivery of 2 transformation reviews, in addition to those which were approved by the Committee on 10 February 2016.

1. BACKGROUND/MAIN ISSUES

Overview

- 1.1 The Council's Transformation Strategy 2015-2020 'Building Ambition' and Organisational Development Framework was approved by Council on 1 July 2015. Together they detail how we will deliver transformation across the Council over the next five years. Accompanying the strategy is a programme of major reviews, which are considered to be key drivers and enablers of transformation across the organisation.
- 1.2 The transformation programme is focussed on continuing our proactive approach to public service reform, and embracing change that keeps Perth and Kinross Council in a position of strength, to meet the significant challenges ahead. The overall programme of reviews, and their phased timescale, is detailed in Appendix 1.
- 1.3 Progress on Phase 1 reviews was initially reported to the Strategic Policy and Resources Committee on 2 December 2015 (Report Number 15/155) and an update was provided on 10 February 2016 (Report Number 16/50). Appendix 3 to this report details further progress to date on those Phase 1 projects and a combined update on Phase 1 and 2 will be provided to the committee on 15 June 2016.
- 1.4 On 10 February 2016, the Strategic Policy and Resources Committee considered requests for funding, from the earmarked transformation reserve, for 9 transformation reviews. At that time the sum of the requested funding for Phase 2 reviews (those to be initiated in 2016/17) totalled £677k.
- 1.5 This report introduces one additional Phase 2 review which was approved as part of the original Building Ambition Strategy:
 - No 25 Council Vehicle Fleet Utilisation and Optimisation Review.

2. PROPOSALS

- 2.1 To provide sufficient capacity and support to secure the effective delivery of this review, a request is made to release a further £150,000 from the earmarked transformation reserve.
- 2.2 The funding request and saving target for this Outline Business Case are summarised in table 1 and are detailed in full in Appendix 2.

Table 1			
No	Title	Requested Funding £000's	Projected recurring Savings by 19/20 £000's
25	Council Vehicle Fleet Utilisation and Optimisation Review	150	150
Totals		150	150

- 2.3 The above figures combine with those previously approved by SP&R on 10 February to provide a total of £827,000 of funding, for Phase 2 of the transformation programme. The corresponding recurring savings target for Phase 2 is £2.226m by 2019/20.
- 2.4 There is one additional Phase 2 review (listed below) which is currently being developed and it will be submitted to Committee for consideration in terms of its funding requests and savings targets on 15 June.
 - No 16 Electronic Document Management

3. CONCLUSIONS AND RECOMMENDATIONS

- 3.1 This report seeks approval for funding to support additional transformation activities.
- 3.2 It is recommended that the Committee:
 - (a) Agree to the release of £150,000 funding from the Earmarked Transformation Reserve, to provide capacity and support to secure the effective delivery of the review as set out in Table 1 and Appendix 2.
