

Appendix 1: Summary of Care Inspectorate Day Care of Children Inspections

National and Comparator Authority Benchmarking 2017/18 to date (Comparator and National Data as of 31 December 2021)

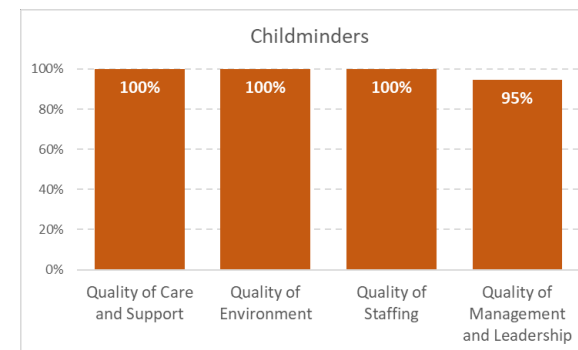

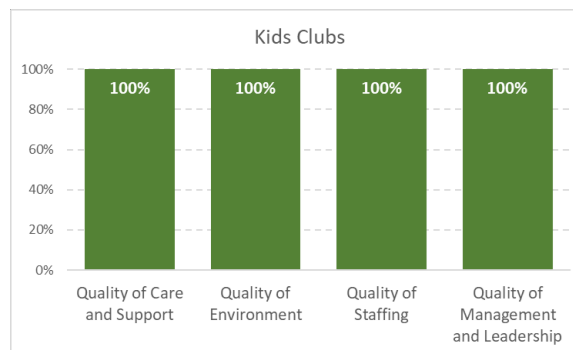

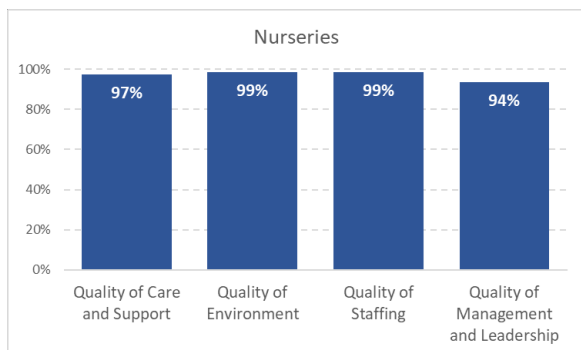

Overall, most ELC settings perform well. PKC perform consistently better than comparator authorities, and at national level when inspected by Care Inspectorate for the 'Quality of Care and Support'. Almost all inspections show that settings are strong in ensuring wellbeing, equality, and inclusion. Most inspections are good or better for the 'Quality of Environment' and 'Quality of Staffing'.

The majority of inspections are good or better for the 'Quality of Management and Leadership', however, due to staff changes, these indicators fell below our comparators and at national level. A new ELC leadership programme was developed to address this.

Current Position

The chart above illustrates the aggregated individual results of inspections over a five- year period. Some settings will be inspected more than once during this period, and some Quality Indicators are not covered in every inspection. The accumulated result of all these inspections is the current position of all Early Learning and Childcare services in Perth & Kinross - shown in these charts, which summarise the proportion of settings that currently have a *Good or better* rating, based on the latest inspection for each indicator.

Inspections in Financial Year 2019/20 and Later

*New inspections since the last Executive Sub-Committee of Lifelong Learning Committee.
