Cycling, Walking and Safer Streets (CWSS) Projects 2019/20

Report by Depute Director (Housing & Environment) (Report No. 19/135)

This report details the Cycling, Walking and Safer Streets (CWSS) projects implemented in 2018/19. It also seeks Committee approval for a list of Cycling, Walking and Safer Streets projects for 2019/20 and for potential schemes in 2020/21.

1. BACKGROUND

- 1.1 In 2018/19, the Scottish Ministers, in exercise of their powers under Section 70 of the Transport (Scotland) Act 2001, offered Perth and Kinross a capital grant of £205,000 for Cycling, Walking and Safer Street (CWSS) projects.
- 1.2 In 2019/20, the Scottish Ministers, in exercise of the same powers, have offered Perth and Kinross Council a capital grant for CWSS projects of up to £247,000. Transport Scotland expect the CWSS grant to be used for the purpose of undertaking a programme of works for local cycling, walking and safer streets projects.
- 1.3 Included in the terms and conditions of the grant is a provision that local authorities shall consider a minimum spend of 36% (and preferably above 50%) on works and promotion relating to cycling. This approach was agreed by the COSLA Regeneration and Sustainable Development Executive Group on 5 February 2010.

Cycling, Walking and Safer Streets 2018/19

- 1.4 At its meeting on 23 May 2018 (Report No. 18/175 refers), the Environment and Infrastructure Committee approved a list of works to be funded from the 2018/19 Scottish Government grant of £205,000 for CWSS projects.
- 1.5 Details of the various schemes approved, and how the funding was spent in 2018/19, are listed in Appendix 1.
- 1.6 In total, £205,000 of actual works was funded in 2018/19 from the CWSS grant. As approximately 45% of the 2018/19 grant funding was spent on cycling works, the terms and conditions of the grant were met. Match funding of £20,000 from Tayside and Central Transport Partnership (TACTRAN) was also secured in order to deliver the Lower Carse Cycle Lockers project.

2. PROPOSALS

Cycling, Walking and Safer Streets - Proposed Programme 2019/20

- 2.1 In accordance with the terms and conditions of the grant, the schemes which have been identified for implementation in 2019/20 are listed at Appendix 2. Potential schemes for 2020/21 are also outlined in Appendix 3. The associated plans for the proposed works during 2019/20 and 2020/21 are shown in Appendix 4.
- 2.2 In Appendix 2, schemes 2, 3, 4, 6, 7, 8 and 9 for 2019/20 have been identified through working with the local communities, schools and elected members. The proposals numbered 1, 5 and 10 were identified following street audits with Living Streets and the Centre for Inclusive Living (Perth & Kinross), the respective local elected members and community councils.
- 2.3 An application to Sustrans for match funding for projects 2 and 3 listed in Appendix 2 was submitted in April 2019.
- 2.4 A contribution of £5,000 has been secured from a developer to deliver the provision of a flat topped ramp in Hunter Street, Auchterarder. This contribution for project 9 is also shown in Appendix 2.
- 2.5 If any projects are constructed below the estimated project cost, then consideration will be given to bringing forward projects identified for 2020/21. Delivering the projects listed in Appendix 2 will support meeting the targets of the Cycle Action Plan for Scotland and will be compatible with the Perth Cycle Network Masterplan approved at Environment and Infrastructure Committee on 20 March 2019 (Report No.19/81 refers). A number of these projects will improve and expand the cycling network infrastructure in Perth & Kinross.
- 2.6 All schemes listed in Appendix 2 will be implemented within the current financial year. Design briefs have been allocated and some works are already provisionally programmed. The schemes identified will ensure that approximately 75% of the Grant funding is spent on cycling works. The Council will, therefore, meet the requirements on spend on cycle related projects during 2019/20.

Cycling, Walking and Safer Streets Proposed Programme 2020/21

- 2.7 In Appendix 3, all the schemes listed have been identified through working with the local communities, schools and elected members. All these projects are intended to be carried out in 2020/21, if funding permits. It would be intended to seek, where appropriate, match funding from Sustrans and other appropriate funding partners.
- 2.8 In accordance with the terms and conditions of the grant in relation to spend on cycle related projects, for 2020/21 it is proposed to implement a number of cycle projects. This amounts to approximately 37% of the Grant funding. The Council will, therefore, meet the requirements on spend on cycle related

projects during 2020/21.

3. CONCLUSIONS AND RECOMMENDATIONS

3.1 This report provides an update on the projects implemented through the Scottish Government Grant for Cycling, Walking and Safer Streets in 2018/19. It details the schemes which it is proposed to fund from the grant in 2019/20 as well as potential schemes for 2020/21.

3.2 It is recommended that the Committee:

- (i) notes the schemes implemented from the Cycling, Walking and Safer Streets Grant Funding in 2018/19 as detailed at Appendix 1.
- (ii) approves the list of works for Cycling, Walking and Safer Streets projects for the financial year 2019/20 as detailed in Appendix 2.
- (iii) approves the proposed projects to be progressed in 2019/20 and carried out in 2020/21.

1. Strategic Implications

Community Plan / Single Outcome Agreement

- 1.1 The Perth and Kinross Community Planning Partnership (CPP) brings together organisations to plan and deliver services for the people of Perth and Kinross. Together the CPP has developed the Perth and Kinross Community Plan which outlines the key things we think are important for Perth and Kinross.
- i) Giving every child the best start in life
 - ii) Developing educated, responsible and informed citizens
 - iii) Promoting a prosperous, inclusive and sustainable economy
 - iv) Supporting people to lead independent, healthy and active lives
 - v) Creating a safe and sustainable place for future generations
- 1.2 It is considered that the actions contained within this report contribute to all of the above objectives.

Corporate Plan

- 1.3 The Council's Corporate Plan outlines the same five objectives as those detailed above in the Community Plan. These objectives provide a clear strategic direction, inform decisions at a corporate and service level and shape resource allocation. It is considered that the actions contained in the report contribute to the objectives as outlined in paragraph 1.2 above. These objectives are met by implementing schemes which promote road safety.

2. Resource Implications

Financial

Capital

- 2.1 The Scottish Government has made available a grant of £247,000 to the Council for CWSS projects for 2019/20. The list of works recommended in this report will fully utilise this grant. Applications for grant funding from Sustrans are to be submitted in June 2019 for projects 2 (Shore Road, Perth (£30,000)) and 3 (A912/A913 Aberargie Phases 1 and 2 (£40,000)) in Appendix 2 with a total estimated value of £70,000.

Revenue

- 2.2 It is estimated that the Revenue budget commitments arising from the routine maintenance of traffic calming features, footways, cycle paths and traffic signing (£3,000) will be met from the Roads Maintenance budgets. These costs will require to be prioritised within the existing revenue budgets.

Workforce

- 2.3 There are no workforce implications arising from this report.

Asset Management (land, property, IT)

- 2.4 There are no land and property, or information technology implications arising from the contents of this report.

3. Assessments

Equality Impact Assessment

- 3.1 An equality impact assessment needs to be carried out for functions, policies, procedures or strategies in relation to race, gender and disability and other relevant protected characteristics. This supports the Council's legal requirement to comply with the duty to assess and consult on relevant new and existing policies.

3.2 The function, policy, procedure or strategy presented in this report was considered under the Corporate Equalities Impact Assessment process (EqIA) with the following outcome:

- Assessed as **relevant** and no actions are required to be taken to reduce or remove negative impacts:
- Assessed as **relevant** and the following positive outcomes are expected following implementation:
 - a) The measures, for example improved crossing facilities, footways and traffic calming features, will provide improved access for communities, and will particularly improve travel opportunities for disabled people with mobility issues, sight or hearing impairment, children, elderly people & parent/carers walking with children in pushchairs/buggies.
 - b) The measures will provide improvements for road users of all ages, but particularly for children and elderly people. This will include facilities to enable them to cross roads safely.
 - c) The measures will also encourage children to walk or cycle to school, thus bringing health benefits.
 - d) The measures will provide opportunities for increased travel by foot and cycle for all age groups.

Strategic Environmental Assessment

3.3 Strategic Environmental Assessment (SEA) is a legal requirement under the Environmental Assessment (Scotland) Act 2005 that applies to all qualifying plans, programmes and strategies, including policies (PPS).

3.4 The matters presented in this report were considered under the Environmental Assessment (Scotland) Act 2005 and no further action is required as it does not qualify as a PPS as defined by the Act and is therefore exempt.

Sustainability

3.5 Under the provisions of the Local Government in Scotland Act 2003, the Council has to discharge its duties in a way which contributes to the achievement of sustainable development. In terms of the Climate Change Act, the Council has a general duty to demonstrate its commitment to sustainability and the community, environmental and economic impacts of its actions.

Legal and Governance

3.6 Relevant Traffic Regulation Orders will be promoted in accordance with The Local Authorities' Traffic Orders (Procedure) (Scotland) Regulations 1999.

Risk

- 3.7 There are no significant risks associated with the implementation of this project.

4. Consultation

- 4.1 The Head of Legal and Governance, the Head of Finance and Police Scotland have been consulted in the preparation of this report.
- 4.2 As part of the scheme design, consultation will be carried out with the relevant parties where appropriate, including the local elected members.

5. Communication

- 5.1 For some projects, approval will allow a start to be made to the formal procedure to vary the Traffic Regulation Order (TRO). This procedure will involve statutory consultation, preparation of a draft TRO and advertising in the press. This will provide an opportunity for additional comments to be made or objections to be raised. If objections are raised, these will be reported back to Committee, with appropriate recommendations.

2. BACKGROUND PAPERS
