TOWN AND COUNTRY PLANNING (SCOTLAND) ACT

Application Reference: **23/01624/FLL**

I am directed by the Planning Authority under the Town and Country Planning (Scotland) Acts currently in force, to refuse your application registered on 19th October 2023 for Planning Permission for **Change of use of flat to short-term let accommodation unit (in retrospect) 1 Jubilee Place Pitlochry PH16 5GA**

David Littlejohn
Strategic Lead (Economy, Development and Planning)

Reasons for Refusal

1. The proposed retrospective change of use is contrary to Policy 30, Tourism e) of National Planning Framework 4 (2023) as the proposal will result in:
 - i. An unacceptable impact on local amenity and character of the area, and
 - ii. loss of residential accommodation where such loss is not outweighed by demonstrable local economic benefits.
2. The proposal is contrary to National Planning Framework 4 (2023) Policy 14c): Design, Quality and Place and Perth and Kinross Local Development Plan 2 (2019), Policies 1A and 1B: Placemaking, Policy 17 d) Residential Areas and the Change of Use of Residential Property to Short-term Let Planning Guidance as the short-term let accommodation would adversely impact on the amenity of residents of the flats and the short-term let use is not compatible with the amenity and character of the existing residential development.

Justification

The proposal is not in accordance with the Development Plan and there are no material reasons which justify departing from the Development Plan.

PROPOSAL: Change of use of flat to short-term let accommodation unit (in retrospect)

LOCATION: 1 Jubilee Place Pitlochry PH16 5GA

SUMMARY:

This report recommends **refusal** of the application as the development is considered to be contrary to the relevant provisions of the Development Plan and there are no material considerations apparent which justify setting aside the Development Plan.

BACKGROUND AND DESCRIPTION OF PROPOSAL

The application is for a change of use of a flat to short term let accommodation. The flat is located within a residential area of Pitlochry built circa 2015 forming part of the redevelopment of the former curling rink. The wider site comprises of 22 flats which are a mix of affordable and private ownership.

The property is a ground floor flat and comprises two bedrooms, one en-suite, bathroom, sitting room and kitchen. It has its own direct access to the street and a parking space.

The supporting statement details that the property has been used as an STL since 2020. The application site has been visited so that an assessment of the wider character of the area could be made.

DEVELOPMENT PLAN

The Development Plan for the area comprises National Planning Framework 4 (NPF4) and the Perth and Kinross Local Development Plan 2 (2019) (LDP2).

National Planning Framework 4

The National Planning Framework 4 (NPF4) is the Scottish Government's long-term spatial strategy with a comprehensive set of national planning policies. This strategy sets out how to improve people's lives by making sustainable, liveable and productive spaces.

NPF4 was adopted on 13 February 2023. NPF4 has an increased status over previous NPFs and comprises part of the statutory development plan.

The Council's assessment of this application has considered the following policies of NPF4 :

Policy 14: Design, Quality and Place
Policy 30: Tourism

Perth and Kinross Local Development Plan 2 – Adopted November 2019

The Local Development Plan 2 (LDP2) is the most recent statement of Council policy and is augmented by Supplementary Guidance.

The principal policies are:

Policy 1A: Placemaking
Policy 1B: Placemaking
Policy 17: Residential Areas
Policy 60B: Transport Standards and Accessibility Requirements: New Development Proposals

Statutory Supplementary Guidance

NATIONAL GUIDANCE

The Scottish Government expresses its planning policies through The National Planning Framework, Planning Advice Notes, Creating Places, Designing Streets, National Roads Development Guide and a series of Circulars.

National Roads Development Guide 2014

This document supports Designing Streets and expands on its principles and is considered to be the technical advice that should be followed in designing and approving of all streets including parking provision.

APPRAISAL

Sections 25 and 37 (2) of the Town and Country Planning (Scotland) Act 1997 require that planning decisions be made in accordance with the development plan unless material considerations indicate otherwise. The Development Plan comprises NPF4 and the Perth and Kinross Local Development Plan 2019. The relevant policy considerations are outlined in the policy section above and are considered in more detail below. In terms of other material considerations, involving considerations of the Council's other approved policies and supplementary guidance, these are discussed below only where relevant.

The determining issues in this case are whether; the proposal complies with development plan policy; or if there are any other material considerations which justify a departure from policy.

Policy Appraisal

The proposal seeks to change the use of an existing flat in Pitlochry settlement to a short term let.

The primary policy in this instance is NPF4 Policy 30(e): Tourism, as there is no specific LDP2 policies relating to Short-Term Let accommodation, particularly where changes of use of existing properties are concerned.

Placemaking considerations (policies 1A and 1B) are relevant in so far as they seek to guide development to the right location to avoid adverse impacts.

NPF4 Policy 30(e): Tourism states that Development proposals for the reuse of existing buildings for short term holiday letting will not be supported where the proposal will result in:

- i. An unacceptable impact on local amenity or the character of a neighbourhood or area; or
- ii. The loss of residential accommodation where such loss is not outweighed by demonstrable local economic benefits.

In respect of criterion (i) of NPF4 Policy 30(e), the proposed use of the property as a short term let would not be significantly different from a flat in terms of its physical appearance, the extent of guest footfall or noise emanating from the property, so long as good management practices are in place.

However, the expected high turnover of guests has the potential to increase disturbance to neighbouring residents. In addition, the proposal would contribute to a cumulative adverse impact on the residential character of the flatted development with communal/shared areas of a central parking courtyard.

In respect of criterion (ii) of NPF4 Policy 30(e), the proposal would result in the loss of a flat to short term let accommodation in the PH16 postcode area which is already subject to a proliferation of holiday accommodation. This in turn would adversely impact the availability of residential accommodation locally. There are undoubtedly economic benefits associated with the proposal, not least to the applicants themselves and to local businesses who benefit from the custom of guests, but these do not necessarily outweigh the loss of residential accommodation in this instance.

Planning Guidance short-term lets (STLs) has recently been produced due to concerns expressed over the impact of STLs on services, local business staffing and expansion, as well as housing affordability. The Guidance was

formally adopted by the Council on 1 November 2023 following consultation during Summer 2023.

Six considerations have been outlined within the Guidance to assist in the application of the policy framework set out in NPF4. The considerations include location, larger residential properties (which the loss of would have less impact), refurbishment of long-term empty properties, local amenity and character, business diversification, and the relationship between loss of residential accommodation and local economic benefits. The location consideration contains reference to three area types: city and town centres; mixed-use areas within settlements; and predominantly residential areas.

The adopted Guidance forms the most up-to-date indication of Council policy intent on the matter, and as such is a material consideration in addition to other policy factors and supplementary guidance in the assessment of the proposals. The guidance states that the benefits offered from short term lets must be balanced against the impact the loss of that residential property has on the availability of housing for local people, and in particular access to affordable housing.

This flat forms part of a development purposely built to provide affordable housing and is within an area zoned for residential uses (Policy 17 LDP2). The property also lies within an area which has high levels of STL accommodation. In this case the benefits of providing holiday accommodation are not seen to outweigh the impacts on the residential character of the area and the loss of affordable housing.

The proposal therefore conflicts with NPF4 Policy 30(e) Tourism, and the intent of LDP2 Policy 1A: Placemaking, Policy 17 Residential Areas and the STL planning guidance. The principle is therefore unacceptable.

Residential Amenity

NPF4 Policy 14 Design, Quality and Place and LDP2 Placemaking Policies 1A and 1B and Policy 17: Residential Areas support proposals which are compatible with the amenity and character of the surrounding area.

The flat forms the southwest block of the wider flatted development forming a courtyard of 22 flats. The arrangement of the buildings provides for a quiet, private, enclosed development with a central parking area.

Through the use of the flat as a short term let there is the potential for noise from the users of the properties to affect neighbouring residential properties. The introduction of Civic Government (Scotland) Act 1982 (Licensing of Short-term Lets) Order 2022 requires these to be licensed and noise conditions will form part of the licence.

The use of the property as a short-term let is considered to be incompatible with the character of the residential flatted development as it could impact the

amenity of neighbouring residents and would alter the existing private, quiet, residential character of the courtyard.

As the proposal would not be compatible with the amenity and character of the surrounding area, it also fails to satisfy national and local placemaking policies (NPF4 Policy 14 and LDP2 Policies 1A and 1B) as well as LDP2 Policy 17 Residential Areas.

Roads and Access

One parking space is allocated to the 2-bedroom property. It would not be inconceivable for more than one car to be used by guests. As the principle of development is not supported it has not been investigated what other parking would be available in the locale.

Developer Contributions

The Developer Contributions Guidance is not applicable to this application and therefore no contributions are required in this instance.

Economic Impact

The economic impact of the proposal is likely to be small scale related to local spending.

VARIATION OF APPLICATION UNDER SECTION 32A

This application was not varied prior to determination.

PLANNING OBLIGATIONS AND LEGAL AGREEMENTS

None required.

DIRECTION BY SCOTTISH MINISTERS

None applicable to this proposal.

CONCLUSION AND REASONS FOR DECISION

To conclude, the application must be determined in accordance with the Development Plan unless material considerations indicate otherwise. In this respect, the proposal is considered to be contrary to the Development Plan. Account has been taken of the relevant material considerations and none has been found that would justify overriding the Development Plan.

Accordingly the proposal is refused on the grounds identified below.

Conditions and Reasons

- 1 The proposed retrospective change of use is contrary to Policy 30, Tourism e) of National Planning Framework 4 (2023) as the proposal will result in:
 - i) An unacceptable impact on local amenity and character of the area, and
 - ii) The loss of residential accommodation where such loss is not outweighed by demonstrable local economic benefits.

- 2 The proposal is contrary to National Planning Framework 4 (2023) Policy 14c): Design, Quality and Place and Perth and Kinross Local Development Plan 2 (2019), Policies 1A and 1B: Placemaking, Policy 17 d) Residential Areas and the Change of Use of Residential Property to Short-term Let Planning Guidance as the short-term let accommodation would adversely impact on the amenity of residents of the flats and the short-term let use is not compatible with the amenity and character of the existing residential development.

Justification

The proposal is not in accordance with the Development Plan and there are no material reasons which justify departing from the Development Plan.

We have a policy in place for only allowing bookings for a minimum of 2 nights.

We have never had any reports of noise or disruption of any sort.

We are closed for two weeks between Christmas and New Year to ensure minimal disruption to the neighbours over the festive period.

Our flat is maintained by our Caretakers that live approx. 5 mins from the flat, the flat is decorated and furnished to a very high standard. Our flat goes through a deep cleanse after every check out and is left immaculate for the next guest.

Our flat has been assessed and certified by R W Bell Electrical Pitlochry Ltd for Legionella, Gas Safety, Fire safety, Electrical Installation condition reports and Portable appliance test register.

I can provide you with booking reports showing how successful we have been over the past 3 years if required, with the exception of the lockdown period. During large events in Pitlochry such as Etape Caledonia, Blair Castle Horse Trials and the Enchanted Forest we are always fully booked.

I also have bookings right up until September 2024.
