10/04	Kinross, Milnathort, Glenrothes & Kinlassie (Perth & Kinross Council & Fife Council)	✓		✓	✓		✓	✓	✓	N/A	✓		✓	✓	✓	✓		✓	✓

Note: (i) * N/A is used where there is no formal Flood Protection Scheme or flood warning scheme present.

(ii) No specific actions have been identified for the 'property level protection scheme' and 'site protection plans' options. Where appropriate, consideration of property level protection may be included in the 'flood protection study', 'surface water plan/study' and/or 'emergency plans/response' actions. Site protection plans will be identified through these same 'study' actions and also the 'planning policies' action.

(iii) Transport Scotland will carry out civil engineering work which will reduce the risk of flooding on identified sections of the trunk road in the Comrie area (PVA 08/14) during the first cycle (2016-2021). Full details of timescales, funding and coordination arrangements are still awaited from them.
