

PERTH AND KINROSS COUNCIL

Enterprise and Infrastructure Committee

9 November 2016

Proposed Variation to Waiting Restrictions, Perth

Report by Director (Environment)

This report summarises the objections received on the proposal to introduce waiting restrictions on Duncansby Way and various streets in the Muirton area, Perth. It recommends that the Committee set aside the objections and that the Order is made as advertised.

1. BACKGROUND

- 1.1 At its meeting on 1 June 2016, the Committee agreed to promote a Traffic Regulation Order (TRO) to introduce No Waiting at Any Time restrictions on Duncansby Way and various streets in the Muirton area of Perth. (Report No 16/251 refers.)
- 1.2 The report detailed the proposal to introduce waiting restrictions on Duncansby Way and various streets in the Muirton area of Perth.
- 1.3 Two formal objections have been received to the proposals.

Name on file	Reason for objection	Response
(1)	Worker parks at this location as there are no facilities at their workplace. The objector claims that the parking causes no disruption to residential properties or any access issues. If these restrictions proceed, many workers will be forced to find alternative parking which could create further issues.	The restrictions are considered necessary to maintain clear site lines at junctions, and allow easy access for residents. Many residents have complained to the local members regarding the volume of non-residential workers using the area to park their vehicles, resulting in access issues.
(2)	The introduction of waiting restrictions across their garage front will prevent them making use of the on street parking. The objector has suggested that there have never been issues recorded when they have parked at this location.	The restrictions are considered necessary to maintain clear site lines. Motorists should not park with 15 metres of a junction. The access is in the centre of a junction, therefore should not be considered as a parking space with regards to the guidelines in the Highway Code.

2. PROPOSALS

- 2.1 The Committee is recommended to set aside the objections received and to proceed to make the TRO to introduce waiting restrictions on Duncansby Way and various streets in the Muirton area of Perth, as shown in Appendix 1 and 2.

3. CONCLUSION AND RECOMMENDATION

- 3.1 This report outlines the objections received during the advertising of the proposal to introduce waiting restrictions on various streets in Duncansby Way and in the Muirton area of Perth.
- 3.2 It is recommended that the Committee
- (i) sets aside the objections received and to proceed to make the TRO to introduce waiting restrictions on various streets in Duncansby Way and in the Muirton area of Perth, as shown in Appendix 1 and 2.

Equality Impact Assessment	Yes
Strategic Environmental Assessment	Yes
Sustainability (community, economic, environmental)	Yes
Legal and Governance	Yes
Risk	None
Consultation	
Internal	Yes
External	Yes
Communication	
Communications Plan	Yes

1. Strategic Implications

Community Plan / Single Outcome Agreement

- 1.1 The Perth and Kinross Community Planning Partnership (CPP) brings together organisations to plan and deliver services for the people of Perth and Kinross. Together the CPP has developed the Perth and Kinross Community Plan which outlines the key things we think are important for Perth and Kinross.
- i) Giving every child the best start in life
 - ii) Developing educated, responsible and informed citizens
 - iii) Promoting a prosperous, inclusive and sustainable economy
 - iv) Supporting people to lead independent, healthy and active lives
 - v) Creating a safe and sustainable place for future generations
- 1.2 It is considered that the actions contained within this report contribute to all of the above objectives.

Corporate Plan

- 1.3 The Council's Corporate Plan 2013-2018 outlines the same five objectives as those detailed above in the Community Plan. These objectives provide a clear strategic direction, inform decisions at a corporate and service level and shape resource allocation. It is considered that the actions contained in the report contribute to the objectives as outlined in paragraph 1.2 above. These objectives are met by implementing schemes which promote road safety.

2. Resource Implications

Financial

Capital

- 2.1 There are no capital resource implications arising directly from the recommendations in this report.

Revenue

- 2.2 There are no additional financial implications associated with the recommendations in this report. The financial implications of advertising and implementing the waiting restriction changes were provided in the previous report. (Report No 15 16/251 refers).

Workforce

- 2.3 There are no workforce implications arising from this report.

Asset Management (land, property, IT)

- 2.4 There are no land and property, or information technology implications arising from the contents of this report.

3. Assessments

Equality Impact Assessment

- 3.1 Under the Equality Act 2010, the Council is required to eliminate discrimination, advance equality of opportunity, and foster good relations between equality groups. Carrying out Equality Impact Assessments for plans and policies allows the Council to demonstrate that it is meeting these duties.
- 3.2 This section should reflect that the proposals have been considered under the Corporate Equalities Impact Assessment process (EqIA) with the following outcome:
- (i) Assessed as **not relevant** for the purposes of EqIA.

Strategic Environmental Assessment

- 3.3 Strategic Environmental Assessment (SEA) is a legal requirement under the Environmental Assessment (Scotland) Act 2005 that applies to all qualifying plans, programmes and strategies, including policies (PPS). The proposals have been considered under the Act and no further action is required as it does not qualify as a PPS as defined by the Act and is therefore exempt.

Sustainability

- 3.4 Under the provisions of the Local Government in Scotland Act 2003 the Council has to discharge its duties in a way which contributes to the achievement of sustainable development. In terms of the Climate Change Act, the Council has a general duty to demonstrate its commitment to sustainability and the community, environmental and economic impacts of its actions.
- 3.5 The proposals contained within the report are assessed to have a positive impact on sustainability, particularly with regard to encouraging lower traffic speeds.

Legal and Governance

- 3.6 The Order will be promoted in accordance with The Local Authorities' Traffic Orders (Procedure) (Scotland) Regulations 1999.

Risk

- 3.7 There are no significant risks associated with the implementation of this project.

4. Consultation

- 4.1 The Head of Legal and Governance, the Head of Democratic Services and the Head of Finance have been consulted in the preparation of this report.
- 4.2 Police Scotland and the elected members have also been consulted and support the proposals.

5. Communication

- 5.1 None.

2. BACKGROUND PAPERS

2.1 The following background papers, as defined by Section 50D of the Local Government (Scotland) Act 1973 (and not containing confidential or exempt information) were relied on to a material extent in preparing the above Report:

- Enterprise and Infrastructure Committee 1st June 2016 proposed Variation To Waiting Restrictions On Almondgrove Place, Auld Bond Road, Duncansby Way, Muirton area Perth. (15 16/251)

3. APPENDICES

3.1 The proposals are shown at Appendices 1 & 2.
