

PERTH AND KINROSS COUNCIL
Old Edinburgh Road
The Road Humps (Scotland) Regulations 1998

The Council propose to introduce a Road Hump within Old Edinburgh Road, Bridge of Earn, at its junction with the A912 (Main Street), Bridge of Earn.

Consultation in line with Section 37 of the Roads Scotland Act, parts 1a, 1b & 3 has been fulfilled and no objection was received from the statutory consultees consulted in the first stage – this period closed on 23rd July. This notice represents Stage 2 (parts 2a, 2b and 3) and consultation with road users.

Background to the Proposed Road Hump:

This Road Hump (Pedestrian Priority Table) is proposed to support the extension of the Bridge of Earn active travel facility along the A912 towards Abernethy to provide a continuous active travel facility, to support local traffic speed control and enhance the feeling of active travel user's safety within this complex staggered junction arrangement.

Dimensions:

A 1.2 metre ramp will be provided to access the 85mm high Road Hump on the approach from the A912. The Old Edinburgh Road approach to the ramp will be formed by extending the existing Old Edinburgh Road gradient onto the Road Hump plateau.

List of Roads Affected by the Proposed Road Hump:

- Old Edinburgh Road, Bridge of Earn
- A912 (Main St), Bridge of Earn

Full details of the designs can be viewed on www.pkct.org Alternatively copies are available for viewing from Earn Community Council secretaryearncc@gmail.com
