## SECTION 1: MANAGEMENT COMMENTARY

### INTRODUCTION

This publication contains the financial statements of Perth and Kinross Integration Joint Board (IJB) for the year ended 31 March 2023.

The Management Commentary outlines the key messages in relation to the IJB's financial planning and performance for the year 2022/23 and how this has supported delivery of the IJB's priorities. This commentary also looks forward, outlining the IJB's plans and the challenges and risks it faces in meeting the needs of the people of Perth and Kinross.

### ROLE AND REMIT

The IJB is a legal entity with responsibility for strategic planning and commissioning of a broad range of integrated health and social care services within Perth and Kinross.

The functions delegated to the IJB are detailed in the formal partnership agreement between Perth & Kinross Council and NHS Tayside, referred to as the [Integration Scheme](#). It defines the main purpose of integration as follows:

- To improve the wellbeing of people who use health and social care services, in particular those whose needs are complex, and which require support from health and social care at the same time;

- To improve the wellbeing of those for whom it is necessary to provide timely and appropriate support in order to keep them well;
- To promote informed self-management and preventative support to avoid crisis or ill health; and
- To jointly deliver on the national health and wellbeing outcomes.

[The Integration Scheme](#) has recently been revised and was given Ministerial Approval in November 2022.

The IJB sets the strategic direction for delegated services via the preparation and implementation of the [Strategic Commissioning Plan](#) and seeks assurance on the management and delivery of integrated services through appropriate scrutiny, oversight and performance monitoring.

## SECTION 1: MANAGEMENT COMMENTARY

### PERTH AND KINROSS POPULATION CONTEXT

Perth and Kinross is a geographically large Local Authority area with the total population of 154,810 split across 3 localities North Perthshire (population 51,847), South Perthshire (51,696) and Perth City (50,267).

Chart 1

The population of Perth and Kinross is older compared to Scotland with 24.1% over 65 compared to 19.6% for Scotland. We are projecting that the number of people over 85 will increase by 111% over the next 20 years. Considering the Scottish Index of Multiple Deprivation, 23.2% of our population live in the least deprived quintile and 6% in the most deprived. Access to services is a major contributor to exclusion and inequality due to the rural and remote nature of large parts of Perth and Kinross.

The population of Perth and Kinross has changed substantially over recent years. Chart 2 sets out the growth in the older population, and combined with rurality, and minimal change in the size of the working population, this presents substantial challenges in the delivery of Health and Social Care Services.

Chart 2

## SECTION 1: MANAGEMENT COMMENTARY

Life expectancy in Perth and Kinross is above the Scottish average, 79 years for males and 82.9 years for females compared to 76.8 years and 81 years respectively.

The number of people supported in the treatment of Long Term Conditions provides some additional context on the health of our population and the consequential need for Health and Social Care support. It is estimated that 21.6% of the population had at least one physical long-term condition (LTC). These include: cardiovascular, neurodegenerative, and respiratory conditions, as well as other organ conditions (namely liver disease and renal failure), arthritis, cancer, diabetes, and epilepsy. Please note that estimates for this section are based on people who had contact with NHS services

Chart 3 shows how our population is affected by LTCs overall. We can see that the prevalence of LTCs increases with age and with an increasingly elderly population this increases pressure on Health and Social Care services.

## STRATEGIC PLAN AND KEY ACTIVITIES FOR THE YEAR

The [Strategic Commissioning Plan](#) covering 2020-25 sets out the following priorities and strategic aims of the IJB.

### 1. Working Together with our communities

Strategic Aim: We want people to have the health and care services they need within their local communities and to empower people to have greater control over their lives and stronger connections in their community.

### 2. Prevention and early intervention

Strategic Aim: We will aim to intervene early, to support people to remain healthy, active and connected in order to prevent later issues and problems arising.

### 3. Person-centred health, care and support

Strategic Aim: By embedding the national Health and Care Standards we will put people at the heart of what we do.

### 4. Reducing inequalities and unequal health outcomes and promoting healthy living

Strategic Aim: Our services and plans will seek to reduce health inequalities, to increase life expectancy, increase people's health and wellbeing and to reduce the personal and social impact of poverty and inequality.

### 5. Making best use of available facilities, people and other resources

Strategic Aim: We will use our combined health and social care resources efficiently, economically and effectively to improve health and wellbeing outcomes for the people of Perth and Kinross.

## SECTION 1: MANAGEMENT COMMENTARY

To deliver against these priorities and strategic aims, we established Care Groups to ensure sufficient focus on the needs of our population. To date the IJB has approved Care Group strategic delivery plans for:

- [Community Mental Health and Wellbeing](#)
- [Learning Disabilities and Autism](#)
- [Older Peoples Services](#)

Strategic delivery plans for Primary Care and Carers will be presented to the IJB during 2023/24.

These plans provide more detail on how we deliver our services and they are underpinned by outcomes focussed Performance Management Frameworks which are strongly linked to the [National Health and Wellbeing Outcomes](#).

## PRINCIPAL ACTIVITIES & KEY ACHIEVEMENTS IN 2022/23

### Community Mental Health and Wellbeing

- A collaborative approach to reducing suicide deaths and tackling causes. Two Suicide Prevention Coordinators are supporting a whole age/family approach.
- Holistic health monitoring for people experiencing mental health issues through weekly health clinics across Perth and Kinross.
- Introduced a perinatal mental health service to support the 27% of new and expectant mothers who develop mental health problems.
- Improved mental health crisis response in partnership with The Neuk, a peer-led, therapeutic space which aims to be a place where people can come and feel emotionally safe, supported,

and receive person centred help for their immediate mental health needs during a crisis.

- Increased capacity for discharge planning, primary care mental health provision, early intervention, and prevention support for people.
- Developed a Multi-Agency Mental Health Triage approach to respond timeously and in a person-centred way for people experiencing distress.
- Developed a new pathway for people experiencing difficulties relating to both mental health and substance use. This ensures people receive appropriate care and treatment and contributes to the delivery of Medically Assisted Treatment (MAT) Standards.

### Learning Disability and Autism

- Established a multidisciplinary team (SCOPE) to support people with autism and/or a learning disability and which focuses on assisting people to remain in the community, avoiding admission to specialist inpatient settings and working to provide appropriate accommodation for people in their local communities.
- Continued to work with our Housing partners to build Core and Cluster developments and deliver care and support to those living in Perth in Kinross with a learning disability and/or autism.
- Developed new Complex Care Commissioning Models, ensuring individuals and their families are truly at the heart of our assessment and planning activity using the flexibility offered by all Self-Directed Support options.
- Engaged in the development of the Tayside Mental Health and Learning Disability Whole System Change Programme.

## SECTION 1: MANAGEMENT COMMENTARY

### Older People Services

- Embedded the Integrated Enhanced Care Home Support team to work directly and collaboratively with our Care Home sector. The team encourages proactive working and focuses on quality and clinical evidence to support change. The team delivers education with a co-production ethos and has ensured we are able to implement the recommendations within the <https://www.gov.scot/publications/health-care-home-healthcare-framework-adults-living-care-homes/>
- In partnership with our third sector developed new ways of supporting older people to undertake regular physical activities, this is now embedded within hospital sites, care homes and in communities.
- We are redesigning Urgent Care services, developing and embedding Hospital at Home.
- Invested in the community alarm and telecare service, to meet growing demand and implement an end-to-end digital telecare service. Increased digital technology for consultation particularly in rural areas and to reduce the number of people waiting for appointments.
- Further embedded our Locality Integrated Care Service (LIICS) approach through multi-disciplinary teams embedded in each locality, providing rapid support to older people who are frail and whose health is deteriorating at home.
- Piloted an Early Discharge Project with a commissioned care at home provider, to provide the Acute Frailty Unit with dedicated care at home provision to support flow and rapid discharge.

### Primary Care

- We have developed a Strategic Delivery Plan for Primary Care in Perth and Kinross and also a Premises Strategy which identifies key priorities for Primary Care.
- We have continued to develop Community Care and Treatment Centres, (CCATS), expanding the services provided and now all localities also have access to Chronic Disease Monitoring, Minor Injury appointments and ear care.
- We have expanded the First Contact Physio Service.
- Supported P&K practices to secure Improvement Grants improving elements of their premises in 2022/23.
- Secured funding for GP Practices to have their medical records for patients back scanned, increasing efficiency and reducing storage requirements.
- All GP practices have access to Medlink for routine online clinical review for a wide range of long-term conditions.
- A health needs assessment for Bridge of Earn is underway in collaboration with the Community Council to support patient engagement on the health and care services.
- The QSEP (Quality, Safety, Efficiency in Prescribing) Programme has been restarted with a new Programme Lead.

### Partnership-wide activity

- We have undertaken a review of our community engagement in line with the newly published <https://www.gov.scot/publications/planning-people-community-engagement-participation-guidance/> and this will lead to a refresh our Community Engagement Strategy, and to ensure people and

## SECTION 1: MANAGEMENT COMMENTARY

communities are at the centre of care service design and change, to deliver the best results.

- Commissioned “Care Opinion” to support the gathering of feedback from the people that use our services. To date we have received over 117 stories from a wide array of services including dentistry, podiatry, social prescribing 97% of which are positive and helping shape the delivery of services.
- Maintained a high performing adult protection response validated in the outcomes of a joint inspection of our multi-agency arrangements to protect and support vulnerable adults.

## PERFORMANCE MANAGEMENT

The IJB has delegated the authority for Performance, Risk and Audit to the Audit and Performance Committee (A&PC). The A&PC meets five times per year and routinely receives performance reports. In the last year the A&PC has received the following performance reports:

[Annual Performance Report](#) covers the performance of Health and Social Care services in pursuance of IJB ambitions in 2021/22. It describes a challenging year with mixed performance as we continued to cope with, and recover from, the significant impact the pandemic has had and continue to have on our services.

[Key National Indicator Report](#) covering the first quarter of 2022/23, this report describes a continued mixed picture in relation the Core National Indicators. Performance which varies most from targets relate to emergency admission, emergency bed days, falls and delayed discharge.

[Key performance indicator report KPIs](#) covering the first half of 2022/23, this report shows that performance continued to be mixed overall. The report provides a further breakdown of some of the Core National Indicators and provides a broader understanding of the underlying position. There is a greater propensity for emergency admission in older populations and the demographic make-up of our population is influencing performance against this indicator. In respect to Delayed Discharges performance compares well to Scotland.

## SECTION 1: MANAGEMENT COMMENTARY

### Latest Performance

Performance reporting is at a strategic level reflecting the Core Suite of National Indicators. Table 1 below provides a summary of our performance for 2022/23 against key indicators.

This reflects a period when services continued to recover from the impact of the pandemic and when capacity, supply and demand for services remained significantly different to that experienced pre-

pandemic. The [Annual Performance Report for 2022/23](#) was approved by the Audit and Performance Committee on the 31<sup>st</sup> July 2023 and provides more context and detail on performance for this period (please see Section 2, pages 3 to 8).

---	--	---

As we continued to recover from the effects of pandemic, investment has continued in community services, in line with our strategic ambitions and to meet rising demands.

With an aging population, the need for urgent and emergency care is likely to increase and as such we saw emergency admissions rise by 8% compared to 2021/22. This indicator is linked closely to the rate of A&E Attendances which increased by 10.9%. Specific investment was made in new frailty models/pathways to help address the flow of patients into hospital. This new approach may take some time to evidence improvement.

The higher rate of admissions impacted on our rate of emergency bed days which increased (7.1%) in the past year. Although we saw higher levels of more complex, frailer, people requiring hospital

care, and this led to an increased rate of delayed discharges (58.2%), 96% of people were discharged without delay.

The main reason for delayed discharge related to the supply of Social Care services, specifically care at home which was directly attributed to a lack of available workforce.

When people are discharged from hospital it is important that they are able to access community-based services which meet their needs so as to reduce any need for readmission. The rate of readmission within 28 days did increase by 5.4% however this overall figure masks good performance with the rate of readmissions for people +75, beyond 8 days from discharge, reducing by 11.8% as reported in the APR.

## SECTION 1: MANAGEMENT COMMENTARY

The proportion of the last 6 months of life spent at home or in community setting remained broadly stable with a marginal reduction of 1.6%.

The rate of falls resulting in an admission increased by 12.7%. This remains a key area of focus for improvement but is indicative of an increasingly frail and elderly population with an increased risk of falls.

The increase in this indicator and others outlined above comes after a period when services operated at very different levels of demand and activity as a consequence of the pandemic.

The A&PC also considered Key Performance Indicator reports for:

- [Community Mental Health and Wellbeing](#) : There are 5 key outcomes that the Strategy seeks to deliver. These are measured using a series of KPIs and at the time of reporting, 6 green, 1 amber, 8 red. A further 8 were not reportable due to a lack of data.
- [Learning Disability and Autism](#) Care Groups: There are 7 key outcomes that this strategy seeks to deliver. These are measured using a series of KPIs and the time of reporting, 8 green, 1 amber, 2 red. A further 3 were not reportable due to a lack of data.

Scrutiny of these Care Group performance reports was welcomed by the A&PC and this further develops our approach to performance management and reporting. A Care Group KPI report will be considered at each meeting of the Committee.

## SECTION 1: MANAGEMENT COMMENTARY

### FINANCIAL OVERVIEW

#### Financial Performance

The Financial Plan, approved by the IJB in March 2022, projected a break-even position across Health and Social Care after the application of reserves. The IJBs financial performance compared to the Financial Plan for 2022/23 is summarised in the table below.

	2022/23 Financial Plan Position Over/(Under)	2022/23 Year-End Out-Turn Over/(Under)	Movement from Plan Over/(Under)
	£m	£m	£m
Health	0.786	(0.219)	(1.005)
Social Care	-	(3.789)	(3.789)
<b>Sub-Total</b>	<b>0.786</b>	<b>(4.008)</b>	<b>(4.794)</b>
PKIJB Reserve	(0.786)	4.008	4.794
<b>Total</b>	<b>0</b>	<b>0</b>	<b>0</b>

Finance updates have been presented to the Audit & Performance Committee throughout 2022/23, reporting on the projected in year position. Expenditure incurred as a direct result of Covid-19 was fully funded by additional Scottish Government income, with no impact on year-end out-turn.

The main movements from plan relate to:

- *The significant investment by Scottish Government into health and social care in 2022/23. This included funding for care at home capacity, adult care social work capacity, multi-disciplinary team working and additional health care support staff. At the time of the investment, operational and management capacity continued to be heavily impacted by Covid-19 related activity, also the effect of recruitment challenges facing health and social care meant a higher underspend against staffing than planned. The IJB Strategic Delivery Plans, supported by this investment, are being implemented and recruitment is underway.*
- *In addition to the core position, the IJB has utilised earmarked reserves. This has provided additional capacity and ensured resilience across services, whilst the Strategic Delivery Plan actions are being implemented.*
- *The number of people choosing Older People Care Home Placements continued to be below planned levels, leading to an underspend on this budget. This reduction has been considered as part of the 2023/24 Budget to support the Older People Strategic Plan objectives.*

#### Reserves

Throughout 2022/23 there has been a significant decrease in reserves. The main movement is within the Covid-19 reserve. During 2022/23, the Scottish Government reclaimed surplus Covid-19 reserves to be redistributed across the sector to meet Covid-19 priorities.

IJB reserves balance as at 31 March 2023 is £16.8m, of this £11.1m is earmarked. The funding has been earmarked to meet

## SECTION 1: MANAGEMENT COMMENTARY

Scottish Government objectives, local priorities and to balance the 2023/24 Budget. The balance of un-earmarked reserves remaining is £5.7m. This reserve balance allows the IJB to meet its Reserves Policy that sets a level of contingency general reserve at 2% of IJB net expenditure.

### FINANCIAL STATEMENTS

The 2022/23 Annual Accounts comprise:

(a) **Comprehensive Income and Expenditure Statement -**

This shows a deficit of £16.415m. The underlying operational out-turn is a £4.008m underspend of which Health Services are £0.219m and Social Care £3.789m. In line with the Integration Scheme, this surplus has been added to the IJB reserve to carry forward into 2023/24. The remaining deficit of £20.423m relates to the net decrease in reserves. Further detail is provided in section (b) and (c) below and in Note 6.

(b) **Movement in Reserves -**

In 2022/23 earmarked reserves had an opening balance of £33.249m, this has decreased by £16.415m, providing a closing balance of £16.834m. During 2022/23, a significant level of funding has been provided by the Scottish Government to the IJB via NHS Tayside and Perth & Kinross Council. In addition to the underlying operational underspends, there are various specifically earmarked funds.

(c) **Balance Sheet -**

In terms of routine business, the IJB does not hold assets, however the balance of £16.834m reserves is reflected in the year-end balance sheet.

(d) **Notes -**

Comprising a summary of significant accounting policies, analysis of significant figures within the Annual Accounts and other explanatory information.

The Annual Accounts for 2022/23 do not include a Cash Flow Statement as the IJB does not hold any cash or cash equivalents.

### FINANCIAL OUTLOOK

In March 2023, the IJB approved a budget for 2023/24 and provisional budgets for 2024/25 and 2025/26. The budget requires the use of reserves to balance in year 1 and identified recurring shortfalls in years 2 and 3. The IJB is faced with significant and increasing financial challenges due to inflation, a growing ageing population, increasing demand and complexities, and funding uncertainty. In setting this budget the IJB remained committed to supporting the Strategic Plan by prioritising and ensuring best use of available resources. The IJB understands there are key risks and uncertainties that require to be monitored and managed closely throughout 2023/24. It will need to consider additional funding solutions and reductions in overall expenditure to ensure the budget can be balanced in future years.

## SECTION 1: MANAGEMENT COMMENTARY

### STRATEGIC RISKS AND OUTLOOK FOR FUTURE YEARS

The Strategic Risk Register records the identified risks that may impact on Perth and Kinross IJB's ability to deliver its Strategic Commissioning Plan. The Audit and Performance Committee has delegated responsibility from the IJB for reviewing the adequacy and effectiveness of the systems and processes in place to manage the risks. Strategic Risks are therefore reported to each A&PC meeting. PKHSCP's Executive Management Team (EMT) routinely considers and reviews the IJB's strategic risks to make a collective and balanced assessment of the nature, and extent, of the key risks to which the IJB is exposed and is willing to take in pursuit of its objectives.

The following risks were regularly monitored during 2022-2023:

Risk	Risk Status end March 23
<b>1 Financial Resources</b> There are insufficient financial resources to deliver the objectives of the Strategic Plan.	Very High
<b>2 Workforce</b> As a result of our ageing workforce, difficulties in recruiting and retaining sufficient suitably skilled and experienced staff, there is a risk that the Partnership will be unable to maintain its workforce appropriately leading to unsustainable services and ability to deliver key corporate support functions.	Very High
<b>3 Sustainable Capacity and Flow</b> As a result of the demographics of the people who use our services in Perth and Kinross and the impact of COVID-19 on our population there is a risk of 'capacity and flow' within our services being unsustainable.	Very High
<b>4 Sustainable Digital Solutions</b> As a result of being insufficiently digitally enabled or integrated there is a risk that the Partnership will not to be able to adapt effectively and efficiently to deliver new models of working.	High
<b>5 Viability of External Providers</b> As a result of social care market conditions, availability of services, and COVID-19, there is a risk that external providers of care will not be able to meet people's assessed needs in the most appropriate way.	Very High
<b>6 Widening Health Inequalities</b> As a consequence of COVID-19 there is a risk that health inequalities widen significantly.	High

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

### INTRODUCTION

The Annual Governance Statement explains Perth and Kinross Integration Joint Board's (IJB) governance arrangements and reports on the effectiveness of the IJB's system of internal control.

### SCOPE OF RESPONSIBILITY

Perth & Kinross IJB is responsible for ensuring that its business is conducted in accordance with the law and appropriate standards, and that public money is safeguarded, properly accounted for and used economically, efficiently and effectively.

To meet this responsibility the IJB has established arrangements for governance that includes a system of internal control. The system is intended to manage risk to support achievement of the IJB's aims and objectives. The governance arrangements are broadly consistent with the principles of CIPFA and the Society of Local Authority Chief Executives (SOLACE) framework "Delivering Good Governance in Local Government".

Reliance is also placed on the NHS Tayside, Perth & Kinross Council, Dundee IJB and Angus IJBs systems of internal control that support compliance with each organisations' policies and promotes achievement of each organisations' aims and objectives including those of the IJB.

The system can only provide reasonable and not absolute assurance of effectiveness.

### THE GOVERNANCE FRAMEWORK

Perth and Kinross IJB comprises of eight voting members, four nominated from Perth and Kinross Council and four from NHS Tayside. IJB membership also includes non-voting members including a Chief Officer, Chief Finance Officer, professional advisers for health, social work and social care along with stakeholder members from carers groups, service user representatives, the third sector and trade unions. The IJB has an Audit and Performance Committee which is chaired by an IJB voting member. The Audit and Performance Committee met four times during 2022-23.

The governance framework comprises the systems, processes, culture and values the IJB has in place to help achieve its strategic objectives. The IJB recognises that the following are fundamental elements of good governance within public sector organisations: -

- Leadership, Culture & Values
- Stakeholder Engagement
- Vision, Direction & Purpose
- Decision Making
- Organisational Development
- Scrutiny & Accountability
- Internal Controls

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

The system of internal control is a crucial part of that framework and is designed to manage risk to a reasonable level. The system of internal control is based on a continuous process designed to identify and prioritise risks in relation to the achievement of Perth & Kinross IJB's intended outcomes. These risks are evaluated based on likelihood and impact and they need to be mitigated and managed proportionately.

The key features of the governance arrangements that were in place during 2022/23 are summarised below, along with the improvement activity that has been undertaken during the year to increase effectiveness.

### LEADERSHIP, CULTURE AND VALUES

A code of conduct for members and employees is in place along with a register of interests. A standards officer has been appointed and standing orders are in place which are reviewed on a regular basis. The standards officer provides advice and guidance to Members of the Board on issues of conduct and ensures that a Register of Interests is kept. A development programme for IJB members has been in place since inception and this has been a key feature in developing working relationships between the Chair, members and officers.

The Chair and Chief Officer meet regularly. The Strategic Commissioning Plan provides a clear and shared direction and purpose across the IJB membership and the Perth and Kinross Health and Social Care Partnership (PKHSCP) Executive Management Team.

The IJB Chair is supported to carry out the role with independent legal and governance support and effective committee secretariat services. The Chief Officer is a Director in the partner organisations, a member of their Executive Leadership Teams, attends the NHS Board and Council meetings and is directly accountable to both Chief Executives.

Over the last year, the Chief Officer has also undertaken the role of Chief Social Work Officer which provides independent professional leadership for social work and social care. It has been recognised that this dual role is not sustainable in the long term and there is a potential conflict. This has been addressed by Perth and Kinross Council's Chief Executive via a leadership review and revised structure which included new permanent arrangements for the statutory role of Chief Social Work Officer. The independence of the professional advice to the IJB and leadership of the social work and social care professions will be strengthened as a result.

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

Health Care Professionals who are members of the board also provide support to the IJB.

The Chief Officer has recognised the need to become more integrated in terms of the management structure within the Health and Social Care Partnership and is committed to implementing revised leadership arrangements in 2023/24. This will also address the risks identified in relation to senior management stability and capacity.

### Improvement activity during the year:

- (a) The Executive Management Team supported the Tayside wide review of the Integration Scheme by statutory partners with regular progress reports provided to the IJB. The revised scheme was submitted to Scottish Ministers in June 2022 and received approval in November 2022.
- (b) The governance and accountability arrangements concerning Inpatient Mental Health Services has been clarified via the approval of the revised Integration Scheme. The Lead Partner role for coordinating strategic planning for inpatient mental health services is being actively taken forward by the Chief Officer and regular reporting has been re-activated across all three IJBs.
- (c) A series of Perth and Kinross Offer Sessions have been delivered with staff. These were led by the Chief Officer and focused on values-based leadership and behaviours.
- (d) [What Matters to You?](#) events have contributed to our positive culture and ethos relating to ambition, compassion and integrity.

## STAKEHOLDER ENGAGEMENT

The IJB Meetings are held in public and online. Membership includes wide stakeholder representation including carers' representatives, service users, the third sector and the independent sector.

We have dedicated support for communications through our partner bodies which supports communication with staff and wider stakeholders.

Our Engagement and Participation Strategy is being reviewed and will be refreshed to strengthen stakeholder engagement and the evaluation of the impact we are making.

The HSCP has a dedicated Community Engagement Team who play a key role in delivering community engagement and participation across the Partnership area.

The Strategic Commissioning Plan 2020-2025 was published following engagement with local people. The Strategic Planning Group meets regularly throughout the year and this group has a broad and diverse membership which represents all localities and service user groups to ensure the voice of all is represented in our Strategic Planning work. We maintain close links with the Community Planning Partnership and Local Action Partnerships.

The HSCP works closely with Independent Contractors such as Care Providers, GPs, Dentists, Optometrists and Pharmacists in the delivery of Health and Care Services across Perth and Kinross.

The Partnership has engaged with elected members of Perth & Kinross Council around the Financial Plan and the challenges facing the IJB.

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

### Improvement activity during the year:

- The involvement of Public Partners in the Integrated Joint Board has been enhanced with a public partner now taking on the co-chair role in the Strategic Planning Group.
- We have effectively engaged with elected members of Perth and Kinross Council during 2022/23 with a development session in June 2022 which ensured newly elected members gained a full understanding of the IJB and the challenges faced.
- All members of the IJB were involved in the budget development for 2023/24.
- We have built better engagement, linkages and relationships with the Community Planning Partnership with HSCP Heads of Service now routinely attending each meeting.
- We have developed a Communications Protocol in partnership with PKC and NHST Communications Teams, which has been shared across the IJB.

### VISION, DIRECTION AND PURPOSE

The Strategic Commissioning Plan 2020-2025 provides a clear vision and the Performance Strategy approved by the IJB set out the commitment to ensure we have the framework in place to measure our success.

This is supported by the development of strategies for our care groups. Each has a performance management framework which is outcome focused and underpins the delivery of the strategy. Our strategic plans for Older People, Mental Health & Wellbeing and Learning Disabilities reflect future requirements and set out programmes of work.

Progress will be overseen by Strategy Groups, HSCP Transformation Board and Executive Management Team. Strategic delivery plans have been approved by the IJB and closely aligned to the 3 Year Financial Plan and Workforce Plan. Performance reports are considered at each IJB Audit and Performance Committee meeting.

The publication of our Annual Performance Report documents our achievement throughout the year in achieving our strategic objectives and national outcomes.

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

### Improvement activity during the year:

- Progress against implementation of our Strategic Commissioning Plan and Strategic Delivery Plans is routinely reported to our IJB/Audit and Performance Committee.
- The effectiveness of our Strategy Groups has been strengthened with the development, consultation and finalisation of Terms of Reference for all of the Groups.

### DECISION-MAKING

All reports to the IJB are in an agreed format that supports effective decision-making. The IJB and Audit and Performance Committee Annual Work plans ensure regular opportunity for review and scrutiny of progress in delivering strategic priorities.

The Executive Management Team (EMT) meets regularly to oversee delivery of transformation and service redesign priorities and for escalation of operational risk that may impact on strategic delivery.

Development sessions have taken place throughout the year to support informed decision making by IJB members.

Integrated financial planning across health and social care services and the development of financial frameworks to support strategic delivery plans ensures an effective link between strategic and financial planning.

The Partnership's Business Improvement Team is a key project and programme management resource supporting the leadership team in reviewing strategic and service priorities where business improvement and transformation is required.

### Improvement activity during the year:

- Development sessions with IJB members to assist them in directing medium to long-term term strategic plans.

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

### ORGANISATIONAL DEVELOPMENT

The IJB Members are supported by a programme of training throughout the year. Induction is provided for any new IJB Members when required.

Over the year, a program of development sessions has been provided to the IJB to inform and support ongoing decision-making. An extensive development programme is scheduled in advance to ensure IJB members remain fully informed of significant developments.

In addition to this, the IJB has met on four occasions to ensure members are informed in relation to prioritisation of financial resources and budget setting.

The HSCP has an approved 3-year workforce plan in place with an action plan underway to support implementation.

#### Improvement activity during the year:

- A 3 Year Workforce Plan was approved by the IJB in June 2022. Governance arrangements are now in place to support the monitoring and implementation of the plan.

### SCRUTINY AND ACCOUNTABILITY

In order to comply with regulations outlined by the Scottish Government's Integrated Resources Advisory Group, the IJB established an Audit and Performance Committee in July 2016. The role of the IJB Audit and Performance Committee ensures that good governance arrangements are in place for the IJB. It is the responsibility of this committee to ensure that proportionate audit arrangements are in place for the IJB and that annual financial statements are compliant with good practice standards. All IJB Members have a standing invitation to attend Audit and Performance Committee meetings. Both the IJB and the Audit and Performance Committee have annual work plans in place.

We report at regular intervals on financial performance and we are required to publish externally audited Annual Accounts each year. The Annual Performance Report details our activity, reports on our success and outlines further areas for improvement and development.

Our performance against the core set of integration indicators is reported quarterly to the Audit and Performance Committee and to the Executive Management Team.

We have a robust process in place to capture and encourage service user feedback via [Care Opinion](#) and our [SUPER Survey](#) platform and will begin to include stories in our formal reporting to highlight individual experiences and outcomes.

Our Partnership Improvement Plan is presented regularly to the Audit and Performance Committee and provides an update on implementing improvement actions/recommendations arising from our Annual Review of Governance and other self-assessments as well as internal and external audit recommendations and other external inspections.

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

We have included an assessment of how we are delivering against our Best Value responsibilities within the Annual Performance Report.

### Improvement activity during the year:

- We have enhanced our approach to obtaining regular patient/service user feedback via Care Opinion and SUPER Survey (Service User Patient Experience).
- Scrutiny, transparency and efficiency have been strengthened. Actions in our Audit Recommendations Update Paper are now amalgamated with our Partnership Improvement Plan, providing a single report for progress on improvement actions.
- Performance Management Frameworks have been approved for each of our Care Group Strategic Delivery Plans. The Audit and Performance Committee has approved a schedule of reporting which will see a Care Group KPI report considered by the Committee at each meeting where this is possible.

## INTERNAL CONTROL FRAMEWORK

The governance framework operates on the foundation of internal controls including management and financial information, financial regulations, administrative procedures, management supervision and a system of delegation and accountability. During 2022/23 this included the following:

The development of a 3-year financial plan 2023 to 2026 informed by the financial frameworks underpinning our Strategic Delivery Plans. The 3-year financial plan has been developed and considered with engagement from all IJB members via Budget Development Sessions.

The IJB's approach to risk management is set out in the [Tayside IJB's Risk Management Strategy](#). During 2022/23, the Audit and Performance Committee has overseen and provided robust scrutiny on the IJB's strategic risk register and its associated risk improvement plan.

A schedule of strategic risk reporting to the Executive Management Team is in place. The overall strategic risk profile is reviewed and a balanced assessment is made.

Our approach to strategic risk continues to mature with a development session on the IJB's risk appetite

The annual work plan for the IJB sets out clear timescales for reporting on key aspects of strategy implementation and transformation. A work plan is also in place for the IJB's Audit and Performance Committee. An annual report from this Committee is presented to the IJB providing assurance that the Committee has met its remit throughout the year.

A Directions policy and procedure is now in place with enhanced governance arrangements being practiced.

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

Regular review of service quality against recognised professional clinical and care standards is provided by the PKHSCP Care and Clinical Governance Forum. This provides assurance to NHS Tayside Care Governance Committee and Perth and Kinross Council Performance and Scrutiny Committee. Assurance is then provided to the IJB from its partners on the effectiveness of the clinical and care governance arrangements in place.

We have an established Internal Audit Service from Perth & Kinross Council Internal Audit Services and Fife, Tayside and Forth Valley Internal Audit Services (FTF).

We have an agreement with Perth & Kinross Council to the appointment of their Data Protection Officer to the IJB to ensure our GDPR requirements are met.

The HSCP has business continuity plans in place which are regularly reviewed in accordance with processes in place with Partner organisations and any applicable national guidance.

We are working with the other IJBs in Tayside to ensure strong and effective arrangements are in place to support the strategic planning and delivery of lead partner services.

The following wider internal control framework also includes:

- *Complaints handling procedures;*
- *Clinical Care Governance monitoring arrangements;*
- *Procedures for whistle-blowing;*
- *Data Sharing Arrangements;*
- *Code of Corporate Governance including Scheme of Delegation, Standing Financial instructions, standing orders, scheme of administration;*

- *Reliance on procedures, processes and systems of partner organisations through review of Governance Statements and Internal audit Annual Reports.*

### Improvement activity during the year:

- Assurance reporting to the IJB in relation to Clinical and Care Governance has been strengthened with assurance reporting to Perth and Kinross Council now in place.
- Reciprocal assurance reporting concerning Adult Social Care Services Care Governance systems is being provided from Perth and Kinross Council to the IJB.
- A Directions policy and procedure has been approved by the IJB and is now being implemented.
- Risk sharing arrangements between statutory partners have been agreed via the approval of the Perth and Kinross Integration Scheme. The risk share is clearly stated as in proportion to the spending direction for each party

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

### ONGOING REVIEW AND FURTHER DEVELOPMENTS

To support the annual review of governance, we have undertaken a full self-assessment using the Governance Self-Assessment Tool provided by Internal Audit. The annual self-assessment has been informed by a full progress update of our Partnership Improvement Plan.

Areas that require further development are highlighted in the Partnership Improvement Plan. This includes areas identified via our self-assessment as well as recommendations received from other external or internal auditors during 2022/23. Progress updates on the Partnership Improvement Plan have been provided during the year to the IJB's Audit and Performance Committee.

### REVIEW OF ADEQUACY AND EFFECTIVENESS

Perth and Kinross IJB has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control.

The review of the effectiveness of the framework has been informed by:

- *the work of the Executive Management Team who have responsibility for development and maintenance of the governance environment;*
- *the Annual Report by the Chief Internal Auditor;*
- *reports from Audit Scotland and other review agencies;*

- *self-assessment against the FTF Internal Audit Service's Governance Self-Assessment Tool 2022/23;*
- *progress reported against PKHSCP's Partnership Improvement Plan to the IJB's Audit and Performance Committee;*
- *the draft Annual Governance Statements for Perth & Kinross Council, NHS Tayside, Dundee IJB and Angus IJB.*

The Chief Internal Auditor reports directly to the IJB Audit and Performance Committee on all audit matters, with the right of access to the Chief Officer, Chief Financial Officer and Chair of the Audit and Performance Committee on any matter.

In addition to regular reports to the IJB's Audit and Performance Committee during 2022/23, the Chief Internal Auditor prepares an annual report to the Audit and Performance Committee including an assurance statement containing a view on the adequacy and effectiveness of the systems of internal control.

The Internal Audit Annual Report 2022/23 received by the IJB's Audit and Performance Committee on 26 June 2023 concluded, in the Chief Internal Auditor's opinion, that reasonable reliance can be placed on the IJB's risk management and governance arrangements and systems of internal control for 2022/23, subject to management implementation of agreed actions.

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

### ACTION PLAN FOR 2022/23

18 actions were identified in 2022/23 to strengthen governance arrangements. Of these, 8 have been fully completed with the remainder remaining on the Partnership Improvement Plan. The Partnership Improvement Plan is routinely monitored by the Executive Management Team and scrutiny provided via the Audit and Performance Committee.

## SECTION 4: ANNUAL GOVERNANCE STATEMENT

### Requiring Collaboration with Statutory Partners

For a number of further improvements, we are reliant on the leadership of NHS Tayside and Perth & Kinross Council as partners to the Integration Scheme:

- *Improve the effectiveness of links with Partner bodies in relation to Strategic Planning;*

## SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

### NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

#### A GENERAL PRINCIPLES

The Financial Statements summarise the Integration Joint Board's transactions for the 2022/23 financial year and its position at the year-end date of 31 March 2023.

The IJB was established under the requirements of the Public Bodies (Joint Working) (Scotland) Act 2014 and is a Section 106 body as defined in the Local Government (Scotland) Act 1973.

The Financial Statements are therefore prepared in compliance with the Code of Practice on Local Authority Accounting in the United Kingdom 2022/23, supported by International Financial Reporting Standards (IFRS), unless legislation or statutory guidance requires different treatment.

The Chief Finance Officer is responsible for making an annual assessment of whether it is appropriate to prepare the accounts on a going concern basis. In accordance with the Code of Practice on Local Authority Accounting in the United Kingdom, an authority's financial statements shall be prepared on a going concern basis; that is, the accounts should be prepared on the assumption that the functions of the authority will continue in operational existence for at least twelve months from the date of approval of the financial statements and it can only be discontinued under statutory prescription.

#### B ACCRUALS OF INCOME AND EXPENDITURE

Activity is accounted for in the year that it takes place, not simply when settlement in cash occurs. In particular:

- *expenditure is recognised when goods or services are received and their benefits are used by the IJB;*
- *income is recognised when the IJB has a right to the income, for instance by meeting any terms and conditions required to earn the income, and receipt of the income is probable;*
- *where income and expenditure have been recognised but settlement in cash has not taken place, a debtor or creditor is recorded in the Balance Sheet;*
- *where debts may not be received, the balance of debtors is written down.*

#### C FUNDING

The IJB is funded through funding contributions from the statutory funding partners, Perth & Kinross Council and NHS Tayside. Expenditure is incurred as the IJB commissions specified health and social care services from the funding partners for the benefit of service recipients in Perth and Kinross.

#### D CASH AND CASH EQUIVALENTS

The IJB does not operate a bank account or hold cash. Transactions are settled on behalf of the IJB by the funding partners. Consequently the IJB does not present a 'Cash and Cash Equivalent' figure on the balance sheet.

## SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

The funding balance due to or from each funding partner as at 31 March is represented as a debtor or creditor on the IJB's Balance Sheet.

### E EMPLOYEE BENEFITS

The IJB does not directly employ staff. Staff are formally employed by the funding partners who retain the liability for pension benefits payable in the future. The IJB therefore does not present a pensions liability on its Balance Sheet.

The IJB has a legal responsibility to appoint a Chief Officer and a Chief Finance Officer. More details on the arrangements are provided in the Remuneration Report. The charges from the employing partner are treated as employee costs.

Charges from funding partners for other staff are treated as administration costs.

### F PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are liabilities of uncertain timing or amount. A provision is recognised as a liability on the balance sheet when there is an obligation as at 31 March due to a past event; settlement of the obligation is probable; and a reliable estimate of the amount can be made. Recognition of a provision will result in expenditure being charged to the Comprehensive Income and Expenditure Statement and will normally be a charge to the General Fund.

A contingent liability is a possible liability arising from events on or before 31 March, whose existence will only be confirmed by later events. A provision that cannot be reasonably estimated, or where settlement is not probable, is treated as a contingent liability. A contingent liability is not recognised in the IJB's Balance Sheet but is disclosed in a note where it is material.

A contingent asset is a possible asset arising from events on or before 31 March, whose existence will only be confirmed by later events. A contingent asset is not recognised in the IJB's Balance Sheet, but is disclosed in a note only if it is probable to arise and can be reliably measured.

No contingent assets or liabilities have been identified in respect of 2022/23.

### G RESERVES

The IJB's reserves are classified as either Usable or Unusable Reserves.

The IJB's only Usable Reserve is the General Fund. The balance of the General Fund as at 31 March shows the extent of resources which the IJB can use in later years to support service provision.

## SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

### H INDEMNITY INSURANCE

The IJB has indemnity insurance for costs relating primarily to potential claim liabilities regarding Board member and officer responsibilities. NHS Tayside and Perth & Kinross Council have responsibility for claims in respect of the services that they are statutorily responsible for and that they provide.

Unlike NHS Boards, the IJB does not have any 'shared risk' exposure from participation in Clinical Negligence and Other Risks Indemnity Scheme (CNORIS). The IJB participation in the CNORIS scheme is therefore analogous to normal insurance arrangements.

Known claims are assessed as to the value and probability of settlement. Where it is material the overall expected value of known claims taking probability of settlement into consideration is provided for in the IJB's Balance Sheet.

The likelihood of receipt of an insurance settlement to cover any claims is separately assessed and, where material, presented as either a debtor or disclosed as a contingent asset.

### I CRITICAL JUDGEMENTS AND ESTIMATION UNCERTAINTY

In applying the accounting policies set out above, the Integration Joint Board has had to make certain judgments about complex transactions or those involving

uncertainty about future events. The critical judgments made in the Annual Accounts are:

*The Integration Scheme sets out the process for determining the value of the resources used in Large Hospitals, to be Set-Aside by NHS Tayside and made available to the IJB.*

*An estimate is used for the funding contribution and net expenditure and is based on 2022/23 activity and direct cost per occupied bed day, uplifted for inflation.*

*The figure of £25.752m for 2022/23 has been agreed with NHS Tayside and will be included in both the NHS Tayside and Perth & Kinross IJB annual accounts. This is consistent with the treatment of Large Hospital Set-Aside in 2021/22 financial statements. Work is progressing at a national and local level to refine the methodology for calculating and planning the value of this in the future.*

### J RELATED PARTY TRANSACTIONS

Related parties are organisations that the IJB can control or influence or who can control or influence the IJB. As partners in the Joint Venture of Perth and Kinross Integration Joint Board, both Perth & Kinross Council and NHS Tayside are related parties and material transactions with those bodies are disclosed in Note 8 in line with the requirements of IAS 24 Related Party Disclosures.

## SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

### K SUPPORT SERVICES

Support services were not delegated to the IJB and are provided by the Council and the Health Board free of charge as a ‘*service in kind*’. These arrangements were outlined in the report of Corporate Supporting Arrangements to the IJB on 23 March 2016.

### NOTE 2: EVENTS AFTER THE REPORTING PERIOD

The Annual Accounts were authorised for issue by the Chief Finance Officer on 30 October 2023. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2023, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

### NOTE 3: EXPENDITURE AND INCOME ANALYSIS BY NATURE

### NOTE 4: TAXATION AND NON-SPECIFIC GRANT INCOME

The funding contribution from NHS Tayside shown above includes £25.752m in respect of ‘set aside’ resources relating to acute hospital and other resources. These are provided by the NHS which retains responsibility for managing the costs of providing the services. The IJB however has responsibility for the consumption of, and level of demand placed on, these resources.

### NOTE 5: DEBTORS

2021/22 £000		2022/23 £000
26,917	NHS Tayside	7,825
6,332	Perth & Kinross Council	9,009
<b>33,249</b>	<b>Debtors</b>	<b>16,834</b>

Amounts owed by the funding partners are stated on a net basis. Creditor balances relating to expenditure obligations incurred by the funding partners but not yet settled in cash terms are offset against the funds they are holding on behalf of the IJB.

### NOTE 6: USABLE RESERVE: GENERAL FUND

The IJB holds a balance on the General Fund for two main purposes:

- *to earmark, or build up, funds which are to be used for specific purposes in the future, such as known or predicted future expenditure needs. This supports strategic financial management;*
- *to provide a contingency fund to cushion the impact of unexpected events or emergencies. This is regarded as a key part of the IJB’s Risk Management Framework.*

## SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

As at March 2023, the IJB's Annual Accounts showed that Perthand Kinross IJB had reserves totaling £16.834m. The following table sets out the reserve balances as at 31 March 2023.

The above table shows the remaining balance of each funding stream as at 31 March 2023. The Transfers In/(Out) column represents the movement in funding i.e. the net of budget received and expenditure incurred in 2022-23.

The Primary Care Improvement Fund Reserve had an opening balance of £2.613m with receipts of £1.995m and expenditure of £4.162m, resulting in a closing balance of £0.446m.

## SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

### NOTE 7: AGENCY INCOME AND EXPENDITURE

On behalf of all IJBs within the NHS Tayside area, Perth and Kinross IJB acts as the lead partner for Public Dental services/Community Dental services, Prison Healthcare and Podiatry.

The IJB directs services on behalf of Dundee and Angus IJBs and reclaims the full costs involved. The payments that are made on behalf of the other IJBs, and the consequential reimbursement, are not included in the Comprehensive Income and Expenditure Statement (CIES) since the IJB is not acting as principal in these transactions.

The amount of expenditure and income relating to the agency arrangement is shown below.

2021/22 £000		2022/23 £000
6,325	Expenditure on Agency Services	6,693
(6,325)	Reimbursement for Agency Services	(6,693)
-	<b>Net Agency Expenditure excluded from the CIES</b>	-

As was the case in 2021/22, National Services Scotland (NSS) have been supplying PPE to Scottish Health Boards free of charge during the financial year 2022/23. The value of this PPE issued to the P&K HSCP in 2022/23 was £0.010m. The IJB is acting as an agent regarding these PPE transactions and therefore there is no impact on the figures within the Comprehensive Income and Expenditure Statement.

## SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

### NOTE 8: RELATED PARTY TRANSACTIONS

The IJB has related party relationships with NHS Tayside and Perth & Kinross Council. In particular the nature of the partnership means that the IJB may influence, and be influenced by, its partners. The following transactions and balances included in the IJB's accounts are presented to provide additional information on the relationships.

#### Income - Payments for integrated functions

2021/22 £000		2022/23 £000

268	NHS Tayside: Key Management Personnel Non-Voting Board Members	275
<b>245,159</b>	<b>Total</b>	<b>276,455</b>

This table shows that expenditure within Perth and Kinross Council is £15.277m greater than Perth and Kinross Council funding contributions. This represents IJB funding received from NHS Tayside being directed into Perth and Kinross Council (£18.090m), the PKC contribution towards IJB key management personnel (-£0.137m) and the transfer to reserves (-£2.676m) identified in note 5.

Key Management Personnel: The non-voting Board members employed by the NHS Board and Perth and Kinross Council and recharged to the IJB include the Chief Officer; the Chief Finance Officer. Details of the remuneration for some specific post-holders are provided in the Remuneration Report.

Perth and Kinross Council employs the council staff and Chief Social Work Officer representatives on the IJB but there is no discrete charge for this representation.

<b>26,917</b>	<b>Total</b>	<b>7,825</b>

### NOTE 9: VAT

The IJB is not VAT registered and as such the VAT is settled or recovered by the partner agencies.

The VAT treatment of expenditure in the IJB's accounts depends on which of the partner agencies is providing the service as these agencies are treated differently for VAT purposes.

Where the Council is the provider, income and expenditure excludes any amounts relating to VAT, as all VAT collected is payable to HM Revenue and Customs and all VAT paid is recoverable from it. The Council is not entitled to fully recover VAT paid on a very limited number of items of expenditure and for these items the cost of VAT paid is included within service expenditure to the extent that it is not recoverable from HM Revenue and Customs.

Where the NHS is the provider, expenditure incurred will include irrecoverable VAT as generally the NHS cannot recover VAT paid as input tax and will seek to recover its full cost as income from the commissioning IJB.

### NOTE 10: INPATIENT MENTAL HEALTH

During 2020-21, the Scottish Government actioned the transfer of operational management responsibility for Inpatient Mental Health Services in Tayside from the Integration Joint Boards (previously hosted by Perth and Kinross) to NHS Tayside. This meant that NHS Tayside managed the budget and associated variances in 2020/21 and beyond.

The IJB is responsible for the planning of Inpatient Mental Health Services. This means that £10.829m has been included within the Hosted Services line in the CIES in 2022-23, which constitutes Perth & Kinross IJB's share of Inpatient Mental Health.

2021/22 £000		2022/23 £000
15,849	Expenditure on Hosted Services	17,508

## SECTION 6: NOTES TO THE FINANCIAL STATEMENTS

### NOTE 11: CONTINGENT ASSETS AND LIABILITIES

A review of contingent assets and liabilities has been undertaken on behalf of the IJB by Legal Services, and no contingent assets or liabilities have been identified at 31 March 2023.

### NOTE 12: ACCOUNTING STANDARDS ISSUED BUT NOT YET ADOPTED

The Code requires the disclosure of information relating to the impact of an accounting change that will be required by a new standard that has been issued but not yet adopted. There are no such standards which would have a significant impact on the P&K IJB annual accounts.

## SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH AND KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION

### Reporting on the audit of the financial statements

#### Opinion on financial statements

I certify that I have audited the financial statements in the annual accounts of Perth and Kinross Integration Joint Board for the year ended 31 March 2023 under Part VII of the Local Government (Scotland) Act 1973. The financial statements comprise the Comprehensive Income and Expenditure Statement, Movement in Reserves Statement, Balance Sheet, and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and UK adopted international accounting standards, as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2022/23 (the 2022/23 Code).

In my opinion the accompanying financial statements:

- give a true and fair view of the state of affairs of the body as at 31 March 2023 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with UK adopted international accounting standards, as interpreted and adapted by the 2022/23 Code; and
- have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, The Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

#### Basis for opinion

I conducted my audit in accordance with applicable law and International Standards on Auditing (UK) (ISAs (UK)), as required by the [Code of Audit Practice](#) approved by the Accounts Commission for Scotland. My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. I was appointed by the Accounts Commission on 2 December 2022. My period of appointment is five years, covering 2022/23 to 2026/27 I am independent of the body in accordance with the ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. Non-audit services prohibited by the Ethical Standard were not provided to the body. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH AND KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION

### Conclusions relating to going concern basis of accounting

I have concluded that the use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work I have performed, I have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the body's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from when the financial statements are authorised for issue.

These conclusions are not intended to, nor do they, provide assurance on the body's current or future financial sustainability. However, I report on the body's arrangements for financial sustainability in a separate Annual Audit Report available from the [Audit Scotland website](#).

### Risks of material misstatement

I report in my Annual Audit Report the most significant assessed risks of material misstatement that I identified and my judgements thereon.

### Responsibilities of the Interim Chief Finance Officer and the Audit and Performance Committee for the financial statements

As explained more fully in the Statement of Responsibilities, the Interim Chief Finance Officer is responsible for the preparation of financial statements that give a true and fair view in accordance with the financial reporting framework, and for such internal control as the Interim Chief Finance Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Interim Chief Finance Officer is responsible for assessing the body's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless there is an intention to discontinue the body's operations.

The Audit and Performance Committee is responsible for overseeing the financial reporting process.

## SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH AND KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION

### Auditor's responsibilities for the audit of the financial statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. I design procedures in line with my responsibilities outlined above to detect material misstatements in respect of irregularities, including fraud. Procedures include:

- using my understanding of the local government sector to identify that the Local Government (Scotland) Act 1973, The Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003 are significant in the context of the body;
- inquiring of the Interim Chief Finance Officer as to other laws or regulations that may be expected to have a fundamental effect on the operations of the body;
- inquiring of the Interim Chief Finance Officer concerning the body's policies and procedures regarding compliance with the applicable legal and regulatory framework;
- discussions among my audit team on the susceptibility of the financial statements to material misstatement, including how fraud might occur; and
- considering whether the audit team collectively has the appropriate competence and capabilities to identify or recognise non-compliance with laws and regulations.

The extent to which my procedures are capable of detecting irregularities, including fraud, is affected by the inherent difficulty in detecting irregularities, the effectiveness of the body's controls, and the nature, timing and extent of the audit procedures performed.

Irregularities that result from fraud are inherently more difficult to detect than irregularities that result from error as fraud may involve collusion, intentional omissions, misrepresentations, or the override of internal control. The capability of the audit to detect fraud and other irregularities depends on factors such as the skillfulness of the perpetrator, the frequency and extent of manipulation, the degree of collusion involved, the relative size of individual amounts manipulated, and the seniority of those individuals involved.

## SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH AND KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of my auditor's report.

### Reporting on other requirements

#### Opinion prescribed by the Accounts Commission on the audited parts of the Remuneration Report

I have audited the parts of the Remuneration Report described as audited. In my opinion, the audited parts of the Remuneration Report have been properly prepared in accordance with The Local Authority Accounts (Scotland) Regulations 2014.

#### Other information

The Interim Chief Finance Officer is responsible for the other information in the annual accounts. The other information comprises the Management Commentary, Annual Governance Statement, Statement of Responsibilities and the unaudited part of the Remuneration Report.

My responsibility is to read all the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon except on the Management Commentary and Annual Governance Statement to the extent explicitly stated in the following opinions prescribed by the Accounts Commission.

## **SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH AND KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION**

### **Opinions prescribed by the Accounts Commission on the Management Commentary and Annual Governance Statement**

In my opinion, based on the work undertaken in the course of the audit:

- the information given in the Management Commentary for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with statutory guidance issued under the Local Government in Scotland Act 2003; and
- the information given in the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Delivering Good Governance in Local Government: Framework (2016).

### **Matters on which I am required to report by exception**

I am required by the Accounts Commission to report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements and the audited part of the Remuneration Report are not in agreement with the accounting records; or
- I have not received all the information and explanations I require for my audit.

I have nothing to report in respect of these matters.

### **Conclusions on wider scope responsibilities**

In addition to my responsibilities for the annual accounts, my conclusions on the wider scope responsibilities specified in the Code of Audit Practice, including those in respect of Best Value, are set out in my Annual Audit Report.

## SECTION 7: INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERTH AND KINROSS INTEGRATION JOINT BOARD AND THE ACCOUNTS COMMISSION
