

LOGIERAIT PRIMARY SCHOOL – NURSERY PROVISION CONSULTATION

1. CONSULTATION

In order to develop a more accurate understanding of the potential for nursery provision, leading to a more sustainable school roll, all families (with children under the age of 5) known to the Council were invited to attend one to one meetings.

Information received from the NHS detailed that there were 11 children less than 5 years of age living in the catchment area. This information is anonymised and therefore the Council do not have any contact information for these families.

The Parent Council were asked to assist in distributing invites to all families with children under the age of 5 years that they knew of who lived in the catchment and surrounding area. The meetings were also advertised on social media platforms.

Details of the process and a copy of the invite and questionnaire used during the consultation process is provided at the end of this Appendix.

2. MEETINGS

There were 9 families who attended the meetings. One family contacted the Council by telephone.

Table 2 details the outcomes of the responses received from those families that attended the meetings;

	Number of families that attended meetings	Number of children from families who could attend nursery from August 2020 onwards	Number of families supportive of nursery provision
Catchment	9	8	10
Non-catchment	1	0	
Total	10	8	10

Table 2

It has been identified from the information supplied by families who attended the meetings and information supplied by the NHS that there may be 5 children under the age of 5 whose families live in the catchment area who did not attend the meetings.

Questionnaire

The information you provide during this meeting will be used within the report for Logierait Primary School. All information will be anonymised to ensure no individuals can be identified. A summary of the feedback received will be included within the report considered by Lifelong Learning Committee in September 2019 (timescale subject to change).

Dear Parent / Carer,

Logierait Primary School – Early Learning & Childcare Provision

Following a decision by the Councils Lifelong Learning Committee on 27 March 2019, Perth & Kinross Council is considering whether there is the demand for early learning and childcare (ELC) provision at Logierait Primary School.

If you are a parent/carer of a child or children under the age of 5 who requires to access nursery provision and you live in the Logierait and surrounding area officers from the Council would like to speak to you.

We wish to establish whether nursery provision at Logierait Primary School is supported locally. This will inform further decision making by the Council.

A summary of all feedback gathered will be presented to Lifelong Learning Committee on 4 September 2019 (timescale subject to change), with a recommendation regarding the ELC provision.

Appointments will be available in 30 minute timeslots. You will be able to meet with officers during the following times.
