#### PERTH AND KINROSS COUNCIL

Strategic Policy and Resources Committee - 1 October 2014

## COMPOSITE CAPITAL BUDGET 2014/21 & HOUSING INVESTMENT PROGRAMME 2014/19 – MONITORING REPORT NUMBER No.1

### Report by the Head of Finance

#### **PURPOSE OF REPORT**

This report provides a summary position to date for the Composite Capital Programme for 2014/15 to 2020/21 and the Housing Investment Programme 2014/15 to 2018/19, and seeks approval for adjustments to the Programmes.

#### 1. BACKGROUND / MAIN ISSUES

- 1.1 At the Special meeting on 13 February 2014, the Council approved a Composite Capital Budget for 2020/21 totalling £13,133,000 (report 14/45 refers). The budget has been consolidated with the revised budget approved by the Strategic Policy and Resources Committee on 23 April 2014 for 2014/15 to 2019/20 (report 14/170 refers) to provide a seven year Composite Capital Budget. The Council also approved a revised budget for Perth Transport Futures at its meeting on 7 May 2014 (report 14/192 refers). A number of virements in relation to Education & Children's Services projects were also approved by this Committee on 11 June 2014. All of these adjustments have also been incorporated into the revised budget.
- 1.2 In addition, the Housing & Health Committee on 29 January 2014 approved a five year Housing Investment Programme for the period from 2014/15 to 2018/19 (report 14/18 refers). The approved gross expenditure over the 5 years to 2018/19 totalled £61,397,000. The revised Housing Investment Programme for 2013/14 to 2017/18 was also approved by the Strategic Policy and Resources Committee on 23 April 2014, and this has been incorporated into the five year approved budget.
- 1.3 This report advises of the impact of the final outturn expenditure in 2013/14 on the 2014/15 programmes; expenditure to 31 August 2014, and the latest estimate of the projected outturn for each of the years to 2020/21 for the Composite Programme and to 2018/19 for the Housing Investment Programme.
- 1.4 The Capital Programme Exceptions Report (Appendix V) provides summary information on the latest position for individual projects reported within Sections 4 and 5 of this report.

#### 2. COMPOSITE CAPITAL PROGRAMME - CAPITAL RESOURCES

2.1 The current estimated total capital resources available in 2014/15 amount to £60,228,000, £56,556,000 in 2015/16, £77,386,000 in 2016/17, £37,299,000 in 2017/18, £26,029,000 in 2018/19, £26,950,000 in 2019/20, and

- £13,655,000 in 2020/21. The constituent elements for each year are summarised at Appendix I. Movements from the previous estimates approved on 23 April 2014 are also summarised at Appendix I, with the significant points detailed below.
- 2.2 Many of the adjustments to the estimated capital resources reflect movements between 2013/14 and 2014/15 identified when closing last year's accounts. There are also proposed movements between the years 2014/15 and 2020/21 reflecting rephasing of several projects. These adjustments mainly represent timing differences in the resources, and therefore have no overall impact on the programme.
- 2.3 Actual **General Fund Property Disposal** receipts in 2013/14 were £34,000 less than anticipated and it is therefore proposed to increase the current year budget by this amount to reflect the difference in the timing of the receipts. Following a review of the current anticipated disposal programme, there has also been significant rephasing of the timing of some receipts to later years, particularly within the Investment in Learning (IIL) Disposal programme. The review also identified an overall reduction of £4,000 in the estimated receipts, and this has been reflected in Appendices I and II. **Housing Receipts** were £1,000 greater than anticipated in 2013/14 and it is proposed that the 2014/15 income budget is reduced accordingly.
- 2.4 Actual 2013/14 receipts on the Commercial Property Programme were £4,000 more than budgeted. In addition, 2013/14 actual expenditure on the Investment Programme was £144,000 greater than anticipated and the combination of these movements has resulted in a £140,000 reduction in the amount of receipts actually carried forward in the Commercial Property Programme at the end of 2013/14. These movements merely represent timing differences between the years, and the amount of receipts carried forward as at 31 March 2014 now amounts to £1,832,000. Additionally a review of the programme has identified an increase in receipts of £380,000, however, the receipts are now projected to be received later than originally anticipated. The latest estimate of receipts to be carried forward to future years at the end of the seven year programme now amounts to £813,000.
- 2.5 On 1 July 2014, the Scottish Government allocated £1,027,845 to the Council in respect of Early Learning and Childcare for 2 year olds, and this has been included in the Council's **General Capital Grant** in 2014/15. A provisional amount of £526,000 has also been announced for 2015/16. In addition, rephasing of the Live Active PH<sub>2</sub>O project, which is partly funded by Capital Grant, has resulted in an increase of £3,725,000 in the Grant reflected in the Capital Budget in 2014/15, with a corresponding reduction in 2015/16.
- 2.6 In its Local Government Settlement issued on 7 July 2014, the Scottish Government has also announced General Capital Grant allocations for 2015/16. Previous General Capital Grant figures used in the Capital Budget had been based on estimates only. The settlement reflects an increase of £15,403,000 in grant from previous estimates, and includes £11,686,000 for Almondbank Flood Prevention Scheme and £829,000 for Children & Young

People. This leaves a general increase of £2,888,000 in grant allocated to the Council. No specific expenditure proposals to reflect the additional grant are recommended pending a comprehensive review of the Composite Capital Budget to be considered by the Council in February 2015. All these adjustments are included within Appendices I and II.

- 2.7 Third Party Contributions have reduced by £1,280,000 in the seven year budget. Following the recent Sainsburys decision not to develop a supermarket on the former Perth mart site, it is proposed that the £2,180,000 developer contribution is removed from the A9/A85 Road Junction Improvements Scheme project pending proposals for future development plans for the site. In addition, third party contributions anticipated to be received in 2013/14 (£489,000) have been carried forward to 2014/15. It is also proposed to remove the £23,000 Third Party Contribution included in the budget for Perth Heather Garden, as it has now been established that the works will be delivered by volunteers in lieu of third party funding. However, additional contributions have been identified in 2014/15 for projects included within Cycling, Walking & Safer Streets (£124,000); Unadopted Roads & Footways (£180,000); Community Greenspace Bridges (£90,000); and Core Path Implementation (£40,000) programmes. All of these adjustments have been included in Appendices I and II.
- 2.8 All the movements in **Revenue Contributions** relate to small movements in actual contributions in 2013/14 compared to those previously forecast, which have been adjusted in 2014/15.
- The projected **Borrowing Requirement** in 2014/15, which is effectively the balancing item for resources, is £39,357,000 which is £5,250,000 more than the previous Borrowing Requirement reported to this Committee on 23 April 2014 (report 14/170 refers) of £34,107,000. This increase is a combination of several factors, including movements in expenditure, receipts, resources carried forward, and Prudential Borrowing as described throughout this report. The total Borrowing Requirement in the subsequent years 2015/16 to 2020/21 has increased by £13,110,000 to £139,353,000. All movements in the Borrowing Requirement are shown in the Proposed Budget Adjustment column within Appendix II.
- 2.10 When considering the Capital Budget over the seven years together, the Borrowing Requirement has therefore increased by £18,360,000. Included within this total is an increased borrowing requirement of £1,574,000 relating to borrowing delayed from 2013/14, mainly as a result of delayed expenditure. Therefore the new borrowing requirement has increased by £16,786,000 overall. This can be summarised in the following table:

|  | 2014/15 | 2015/16 | 2016/17 | 2017/18 | Later<br>Years | Total   |
|--|---------|---------|---------|---------|----------------|---------|
|  | £'000   | £'000   | £'000   | £'000   | £'000          | £'000   |
| Decrease/(Increase) in General<br>Fund Capital Receipts (Section<br>2.3)               | 1,378   | 224     | (1,434) | (164)   | 0              | 4       |
| (Increase)/Decrease in General<br>Capital Grant (Section 2.5)                          | 0       | (2,888) | 0       | 0       | 0              | (2,888) |
| Increased Expenditure – Perth<br>Transport Futures Phase 1<br>(Section 4.3.6)          | 0       | 0       | 1,035   | 14,665  | 0              | 15,700  |
| Decrease in Prudential Borrowing  – Aytoun Hall (Section 4.2.6)                        | (3)     | 0       | 0       | 0       | 0              | (3)     |
| Increased Expenditure - Energy<br>Efficient Street Lighting (Salix)<br>(Section 4.3.4) | 41      | 0       | 0       | 0       | 0              | 41      |
| Removal of Contribution – Perth<br>Transport Futures (Section 4.3.6)                   | 2,180   | 0       | 0       | 0       | 0              | 2,180   |
| Increase in Prudential Borrowing  – Wheeled Bins (Section 4.3.15)                      | 104     | 0       | 0       | 0       | 0              | 104     |
| Reduction in Prudential Borrowing – Skip Disposal Receipts (Section 4.3.15)            | (2)     | 0       | 0       | 0       | 0              | (2)     |
| Increase in Prudential Borrowing  – Crematorium Abatement (Section 4.3.16)             | 0       | 1,400   | 0       | 0       | 0              | 1,400   |
| Increase in Prudential Borrowing  – Photovoltaic Units (Section 4.3.16)                | 250     | 0       | 0       | 0       | 0              | 250     |
| Increase/(Decrease) in New Borrowing Requirement                                       | 3,948   | (1,264) | (399)   | 14,501  | 0              | 16,786  |

2.11 As a result of all the movements detailed above, together with movements from 2013/14, the total projected Capital Budget resources and gross project expenditure amounts to £298,103,000 over the seven years 2014/15 to 2020/21.

# 3. COMPOSITE CAPITAL PROGRAMME – PROPOSED ADJUSTMENTS TO 2014/15 CAPITAL BUDGET

- 3.1 An analysis of the whole programme has been undertaken to compare the actual final capital expenditure for 2013/14 included in the unaudited final accounts against the projected expenditure in Monitoring Report No. 4 considered by this Committee on 23 April 2014. This has highlighted that £1,574,000 of net expenditure has moved between financial years. The long-term effect of this type of slippage on the seven-year Capital Budget is neutral, and accordingly it is proposed that the budget in these circumstances is adjusted in 2014/15.
- 3.2 There are also instances where the total expenditure on individual projects in 2013/14 was greater or less than the projected expenditure in the last monitoring report. In these cases, it is proposed that the 2014/15 Capital Budget be revised to ensure that the total level of expenditure continues to match the total level of resources.

3.3 All the proposed adjustments described above are included in Appendices I and II.

#### 4. COMPOSITE CAPITAL PROGRAMME – EXPENDITURE

4.1 Total expenditure (net of grants and contributions) to 31 August 2014 on the Composite Capital Programme amounts to £18,006,000, total Grant received amounts to £5,308,000, and capital receipts amount to £41,000. The net expenditure at the end of August 2014 represents 33% of the proposed revised 2014/15 Composite Capital Programme budget. Comparison of the corresponding data for 2012/13 (17%) and 2013/14 (24%) confirms a year-on-year improvement on programme delivery. A comprehensive monitoring exercise has been carried out, which is detailed at Appendix II, with the most significant features discussed below.

### 4.2 Education and Children's Services

- 4.2.1 Expenditure to 31 August 2014 amounts to £8,819,000.
- 4.2.2 After closing the 2013/14 accounts, a number of budget adjustments amounting to £222,000 are proposed to deal with under and overspends compared with previously reported forecasts on various projects in 2013/14 and these are shown within Appendix II. The Executive Director (Education & Children's Services) also proposes various other budget adjustments, which are described below.
- 4.2.3 At the meeting of this Committee on 11 June 2014, a proposed virement to transfer £1,200,000 of the £2,200,000 savings identified at Crieff Primary School, together with £50,000 from the Modernising Secondary Schools programme, to meet the increased costs of providing the sports facilities at Perth High School was approved. It was also approved to vire the remaining £1,000,000 of the savings to the New Secondary School in Perth City to meet anticipated inflationary pressures. These budget adjustments have now been incorporated into the Budget shown at Appendix II, and included in the Proposed Budget Adjustment Report 1 2014/15 column.
- 4.2.4 The projects at Crieff Primary School School Upgrade, Oakbank Primary School Upgrade and Perth Grammar School Infrastructure/Practical Area Upgrades have all started on site, with works progressing well. As a result, a review of the project expenditure phasings has now been undertaken, and it is proposed to bring forward £4,386,000 for Crieff Primary School, £388,000 for Oakbank Primary School and £1,262,000 for Perth Grammar School from 2015/16 to the current year.
- 4.2.5 The Scottish Government in its Finance Settlement 2015/16 issued on 7 July 2014, included a further allocation of £829,000 for Children and Young People in 2015/16 as part of the General Capital Grant. This compliments the £892,000 previously allocated for 2014/15. In addition, The Scottish Government Early Years Division allocated £1,026,845 to this Council in 2014/15 for Early Learning and Childcare. This is to support nursery places

for additional 2 year olds from households who receive certain benefits or who are eligible for free school meals. A further allocation is expected in 2015/16, and has been estimated at £526,000. All these amounts have been included in the budget at Appendices I and II, and the Executive Director (Education & Children's Services) will bring forward specific proposals for the allocation of these funds. However, it is anticipated that only £100,000 of the grant monies will be spent in 2014/15 to accommodate service delivery, and that the balance will be spent in 2015/16 in line with the projected programme of expenditure.

- 4.2.6 Within the Prudential Borrowing programme, the Executive Director (Education & Children's Services) has confirmed that all outstanding works at Aytoun Hall have been completed. Accordingly, it is proposed to remove the remaining Budget of £3,000 which has been carried forward from previous years, and this budget adjustment has been included at Appendix II.
- 4.2.7 The Executive Director (Education & Children's Services) also proposes that the Information Systems and Technology programmes be amalgamated in all years as they relate to similar types of expenditure.
- 4.2.8 All the above adjustments have been reflected in Appendix II. Members are reminded that the Council made a commitment on 23 April 2014 to underwrite up to £1,500,000 of the Redevelopment of Perth Theatre project through increased borrowing (report 14/170 refers). No budget adjustments are included within the Composite Programme for this commitment and any increase in costs will be reported to future meetings of this Committee.
- 4.3 The Environment Service
- 4.3.1 Expenditure to 31 August 2014 amounts to £8,952,000.
- 4.3.2 At the end of 2013/14, there were several variations amounting to £1,166,000 between the estimated expenditure previously reported for 2013/14 and the actual expenditure on individual schemes. It is therefore proposed that several budget adjustments are made to the 2014/15 budget to reflect these variations. These are included at Appendix II, and have an overall neutral effect. Other significant budget adjustments are outlined below.
- 4.3.3 Most of the movements in the Cycling, Walking & Safer Street expenditure and income budgets relate to carry forwards from 2013/14 to 2014/15. Additionally, as part of its Finance Settlement for 2015/16, the Scottish Government has allocated £223,000 to this Council for Cycling, Walking & Safer Streets, which is an increase of £21,000 from the amount previously assumed. Sustrans has also confirmed £124,000 of funding in 2014/15 towards various projects within the Cycling, Walking & Safer Streets programme and it is proposed to adjust the programme budget accordingly.
- 4.3.4 Within the Roads & Lighting programme, it is proposed to accelerate £425,000 of the Structural Maintenance budget from 2015/16 to facilitate commitments for the Ryder Cup event. As there is no budget provision for Street Lighting Renewals beyond 2016/17, the Executive Director (Environment) therefore proposes rephasing the existing programme over the

whole seven years of the Budget. In addition, Salix Finance Ltd (a non-profit making company who operate under the Department of Energy and Climate Change) had previously approved an interest free loan for £327,000 for installing Energy Efficient Street Lighting. The amount of the interest free loan offered has now been increased by £41,000 to £368,000, with the work anticipated to be completed in the first half of 2014/15. The estimated value of contributions to be received in 2014/15 from private landowners towards works within the Unadopted Roads & Footways programme amounts to £180,000. It is therefore proposed that the additional income is reflected within the 2014/15 expenditure budget and that the budget is also rephased in line with the anticipated works for 2014/15 to 2016/17.

- 4.3.5 Within the Bridge Refurbishment Programme a budget saving of £142,000 has been identified on the Isla Bridge Refurbishment as a result of the reduced scope of works required. However, additional costs have been identified on the Port Na Craig Bridge Strengthening (£151,000), Lair Cray Bridge Refurbishment (£57,000) and Thorter Bridge Culvert (£295,000). It is proposed that the budgets for each of these projects be adjusted accordingly in 2014/15, with the overall budget shortfall for the project being met from the Bridge Refurbishment and the Short Span Bridge Replacement Programmes in subsequent years.
- 4.3.6 At its meeting on 7 May 2014, the Council approved additional expenditure funded by borrowing of up to £15,700,000 for the A9/A85 Road Junction Improvements scheme as part of Perth Transport Futures Phase I (report 14/192 refers). The expenditure profile for the project has also been reviewed, and the proposed rephasing is shown within Appendix II. In addition, the Third Party Contribution for £2,180,000 has been removed as a result of the developer withdrawing from a proposed retail development.
- 4.3.7 It is also proposed that the 2015/16 Budget for Road/Junctions Widening & Improvements be brought forward to meet the increased costs on the current works to be undertaken and for the Kenmore Retaining Wall project.
- 4.3.8 As noted in Section 2.6, the Local Government Settlement for 2015/16 issued on 7 July 2014 included £11,686,000 funding towards the works on the Almondbank Flood Prevention Scheme, which equates to 79% of the estimated cost. The project budget has been grossed-up accordingly and has been rephased in line with the anticipated programme of works for the scheme. The additional grant has been included in the General Capital Grant in 2015/16.
- 4.3.9 The Kinross Town Centre project is currently being progressed and it is proposed to transfer £900,000 of the 2014/15 budget to 2015/16 in line with the revised indicative phasing for the project with works commencing in Spring 2015.
- 4.3.10 Following the review of the Skinnergate & Kirkgate Vennels and Mill Street Environment Improvements projects, it is proposed that both schemes are delivered within one works package in 2015/16 and that the project budgets are accelerated accordingly.

- 4.3.11 There are a number of movements within the Community Greenspace budgets, the most notable being the proposed £503,000 budget transfer from Community Greenspace Sites to the Play Areas Improvements Implementation Strategy and Small Parks programme budgets in keeping with the nature of upgrade works to be undertaken in 2014/15. As noted in Section 2.7, it is also proposed to increase the Third Party Contribution and expenditure budgets for the Community Greenspace Bridges (£90,000) in line with the anticipated contribution to be received for works at Kitty Swanson's Bridge, River Ericht. The remainder of the proposed adjustments relate to small movements in budgets carried forward from 2013/14 and programme rephasing.
- 4.3.12 The final contractor claim for the North Perth Recycling Centre is less than anticipated and it is proposed that £55,000 of the budget is used to augment the budget for Kenmore Retaining Wall upgrade works.
- 4.3.13 There are a number of proposed movements within individual budget headings for the Property Division programme which reflect the proposed programme of works for 2014/15. In addition, it is proposed that works at Perth Crematorium (Section 4.3.15 refers) are part funded from the Property Division programme and the project and corresponding £380,000 proposed budget is detailed within Appendix II.
- 4.3.14 . Following the review of the full programme of works for schemes included within the Commercial Property Investment Programme, it is anticipated that the provision of units for the Fonab Business Park scheme will be undertaken later than planned, and it is proposed that £500,000 of the project budget is transferred from 2015/16 to 2016/17. It is also proposed that £990,000 of the 2014/15 budget for the North Muirton Industrial Estate Site Servicing & Provision of Units project is transferred to future years (£40,000 in 2015/16, £850,000 in 2016/17, and £100,000 in 2017/18) in line with the revised phasing of works for the Food and Drink Park Innovation Hub, together with improvements to the Dunkeld Road junction; and that the programme budget for the Crieff Employment Land/Advance Unit Provision project is increased by £31,000 (£15,000 in 2016/17 and £16,000 in 2017/18) following the review of the estimated costs for the scheme.
- 4.3.15 The Executive Director (Environment) also proposes that a number of budgets within the Prudential Borrowing programme are revised. Protracted land negotiations have resulted in ongoing delays to the Dalcrue Landfill Site project and it is therefore proposed that £136,000 of the 2014/15 budget is transferred to 2015/16 in line with the revised phasing for the scheme. It is also proposed that the 2014/15 budgets for the Wheeled Bin Replacement Programme Domestic Bins and Wheeled Bin Replacement Programme Commercial Bins are increased by £102,000 and £2,000 respectively in line with anticipated bin purchases for the year. It is also proposed that the 2014/15 budget for receipts arising from the disposal of Recycling Containers is increased by £2,000. The review of the Vehicle Replacement Programme has resulted in the rephasing of vehicle purchases and disposals previously

- scheduled for 2015/16 into 2014/15 and it is therefore proposed to reprofile the expenditure and income budgets for the programme accordingly. All the proposed adjustments are detailed within Appendix II.
- 4.3.16 The setting of the Composite Capital Budget on 13 February 2014 included approval of a Prudential Borrowing programme for the Installation of Photovoltaic Units and the corresponding project and £250,000 budget is now included within the 7 year programme. In addition, the Executive Director (Environment) proposes that mercury abatement works at Perth Crematorium are funded by Prudential Borrowing, and that the resulting loan charges are met from the fees generated by the environmental levy attached to the cremation fee; the corresponding Crematorium Abatement Works project and £1,400,000 budget is included within Appendix II. As outlined in Section 4.3.13 above, a further £380,000 of works on the project is being met from the Property Division budget.
- 4.3.17 All the proposed adjustments in Sections 4.3.15 and 4.3.16 have been reflected in Appendices I and II and result in an increase in Prudential Borrowing of £1,752,000 over the 7 year programme.
- 4.4 Housing and Community Care Community Care
- 4.4.1 Expenditure to 31 August 2014 amounts to £235,000.
- 4.4.2 Small adjustments to the Housing & Community Care programme are proposed at Appendix II relating to variations on the actual contributions received in 2013/14 compared with previously reported projections.
- 4.4.3 The Executive Director (Housing & Community Care) has also reviewed the approved 7 year programme and proposes several adjustments which are summarised below. The Housing with Care project to provide vulnerable tenants with high levels of care will be delivered in partnership with Registered Social Landlords (RSL's). It is anticipated that £225,000 expenditure will be incurred in 2014/15 and it is therefore proposed that £486,000 of the project budget is transferred to 2015/16 in line with the predicted phasing. As the expenditure will be incurred on third party assets, i.e. RSL properties, it is also proposed that the expenditure and corresponding budget will be switched to the Housing & Community Care Revenue budget at year end when the final expenditure is known.
- 4.4.4 The projects for Beechgrove Refurbish Communal Areas and Refurbish & Extend Lewis Place Day Care Centre for Older People are currently being developed and, as the majority of works will be completed in 2015/16, it is proposed to transfer £380,000 of the project budgets to the next financial year.
- 4.4.5 In progressing the projects for Developing Supported Tenancies for Profound & Multiple Learning Difficulties and Supported Living Accommodation for Clients with Autism, it is proposed that these projects be undertaken together as they will operate from the same site. It is, therefore, also proposed to align the budgets for these projects in later years in 2016/17.

4.4.6 All the above adjustments, together with a small movement on the Council Contact Centre projected expenditure in 2014/15, are reflected in Appendix II.

#### 5. HOUSING INVESTMENT PROGRAMME

- An analysis of the whole programme has been undertaken to compare the actual final capital expenditure for 2013/14 included in the unaudited final accounts against the assumed expenditure at the time Monitoring Report No. 4 was approved (report No. 14/170 refers). This has highlighted that gross expenditure was £386,000 less than previously projected, Capital Receipts arising from the sale of property disposals were £97,000 more than anticipated and that the Capital Funded from Current Revenue (CFCR) contribution was £36,000 higher than forecast due to additional savings arising within the Housing Revenue Account. The combined effect of reduced expenditure and increased income therefore reduced the 2013/14 Housing Investment programme net borrowing requirement by £447,000.
- 5.2 The 2013/14 expenditure slippage was attributed to several projects across the overall Housing Investment Programme. The slippage within the Multi Storey Flats programme was due to continued negotiations with residents and tenants; the slippage in the Council House New Build and Other Investment in Council House Stock programmes was mainly due to the late rephasing of expenditure between the years; and a property acquisition settling later than expected which resulted in slippage within the Increase in Council House Stock programme. A number of Council house sales settled earlier than anticipated which resulted in the increase in Capital receipts. The carry forward budget movements are detailed within Appendix III and the Executive Director (Housing and Community Care) proposes that the budgets for these programmes are adjusted accordingly.
- 5.3 The Housing Investment Programme 2014/15 to 2018/19 was approved by the Housing and Health Committee on 29 January 2014 (report 14/18 refers). The key figures approved by the Committee, prior to approval of report 14/170 considered by this Committee on 23 April 2014, are shown in the table below:

|             | 2014/15 | 2015/16 | 2016/17 | 2017/18 | 2018/19 | Total    |
|-------------|---------|---------|---------|---------|---------|----------|
|             | £'000   | £'000   | £'000   | £'000   | £'000   | £'000    |
| Expenditure | 19,064  | 13,931  | 10,751  | 8,685   | 8,966   | 61,397   |
| Income      | (4,276) | (5,429) | (4,901) | (5,510) | (6,345) | (26,461) |
| Borrowing   | 14,788  | 8,502   | 5,850   | 3,175   | 2,621   | 34,936   |

- 5.4 The Executive Director (Housing & Community Care) proposes to make several adjustments to the programme. These are all detailed at Appendix III and the most significant adjustments are summarised below.
- 5.5 Programmes of works for projects included within the Standard Delivery Plan have been reviewed and it is proposed that budgets for External Fabric and Multi Storey Flats programmes are adjusted accordingly; additional information relating to these programmes is contained within Sections 5.6 and 5.7 below.

- 5.6 Additional works have been identified for the External Fabric programme, which include the replacement of retaining walls and upgrade works agreed with private owners. It is therefore proposed that £219,000 of the programme budget is accelerated from 2015/16 to 2014/15 to meet the additional cost to be incurred within the current year.
- 5.7 It is proposed that the tender process for the works included within the Multi Storey Flats programme is progressed in order that a reliable indication of cost can be obtained to assist engagement and negotiation with owner occupiers. Work is therefore not expected to commence on the flats until January 2015 at the earliest, and it is proposed that £1,287,000 of the 2014/15 programme budget is transferred to 2015/16 accordingly.
- 5.8 The construction contract for the Council House New Build project at Springbank Road, Alyth is expected to complete in May 2015. It is therefore proposed that the budget for the new build project is reprofiled accordingly, which results in £300,000 of the budget moving from 2014/15 to 2015/16.
- There are a number of 2013/14 year end carry forward budget adjustments for schemes included within the Council House New Build programme. It is proposed that the budget underspends for Pitlochry, Dalchampaig (£1,000); Quinns Cinema, Blairgowrie (£26,000); and Innis Park, Inchture (£150,000) are transferred to the 2014/15 Council House New Build Future Developments programme budget for future New Build schemes. The £150,000 saving for the Innis Park, Inchture development was achieved through the negotiation of competitive rates for the project. The New Build projects for Alyth (19 units) and Perth Road, Scone have been reviewed and it is proposed that the programme budgets for these projects are increased in line with the costs to complete the works; it is proposed that the additional costs (£11,000 for Alyth and £132,000 for Perth Road, Scone) are funded from the Council House Future Developments programme budget.
- 5.10 Council House New Build schemes for Kirkton, Auchterarder (12 units), Phase 4 for Jeanfield Road, Perth (14 units), and Old Mill Road, Blairgowrie (7 units) have been developed and it is proposed that £1,432,000 of the 2014/15 and 2015/16 Future Developments budget is transferred to these schemes in line with the indicative costs, and that the corresponding budgets for Council Tax - Second Homes income (£660,000) and Scottish Government contributions (£1,530,000) are allocated to the individual projects. In addition, the site for the Balbeggie Council House New Build project can accommodate four additional units and it is proposed to revise the scheme accordingly. It is proposed that the additional cost is funded from the Council House Future Developments budget (£267,000), Council Tax – Second Homes income (£80,000), and Scottish Government contributions (£184,000). It is also proposed that the programme budget for the Balbeggie project is rephased in line with the revised programme of works which results in £1,006,000 of the budget transferring from 2014/15 to 2015/16. All proposed budget adjustments are shown within Appendix III.

- 5.11 The Scottish Government has confirmed a £250,000 contribution towards funding house purchases for the Increase in Council House Stock programme and it is proposed that the 2014/15 expenditure and income budgets for the programme are adjusted accordingly, as shown in Appendix III.
- 5.12 There are proposed budget adjustments within the Other Investment in Council House Stock programme. The refurbishment and extension works for 22 Nimmo Place, Perth are not expected to commence until 2015 as the property is currently being used as temporary office accommodation by Scottish & Southern Electric for the External Works programme; it is therefore proposed that £266,000 of the 2014/15 budget for the project is transferred to 2015/16 accordingly. It is also proposed that £140,000 of the 2014/15 Recharge General Capital Works programme budget is transferred to the 2014/15 Greyfriars project budget in order that satellite properties can be adapted for use as temporary accommodation.
- 5.13 Income received to August 2014 from 'Right to Buy' Council house sales is £593,000 and it is proposed that the income budget is increased to £825,000 in line with anticipated receipts for 2014/15. It is also proposed to reduce the CFCR budget by £137,000 in line with the current forecast for the anticipated 2014/15 Housing Revenue Account (HRA) contribution towards the programme.
- 5.14 The proposed adjustments noted above, inclusive of the proposed 2013/14 carry forwards, reduce the 2014/15 net borrowing requirement by £2,559,000, followed by an increase of £2,249,000 in 2015/16. The total proposed Housing Investment Programme net borrowing requirement over the 5 year programme for the period 2014/19 therefore reduces by £310,000.

#### 6. RENEWAL & REPAIR FUND

- 6.1 Detailed at Appendix IV is the 2014/15 proposed revised budget and the projected outturn for the Renewal & Repair Fund following the completion of the 2013/14 Statement of Accounts. The 2014/15 budget figures have been revised to reflect final underspends in the 2013/14 figures.
- 6.2 There are no variances between the revised 2014/15 budget and projected outturn to report at this time.

#### 7. CONCLUSION AND RECOMMENDATIONS

- 7.1 The Composite Capital Budget approved by the Council in February 2014 has been reviewed and updated to take account of the effect of closing the 2013/14 accounts and additional expenditure approved by the Council in May and June.
- 7.2 The latest projected net expenditure outturn for the Composite Capital Programme represents 123% (2013/14 actual 77%) of the 2014/15 budget approved by the Council on 13 February 2014. The increase in the projected net expenditure outturn for 2014/15 is a result of budget rephasing reported to Committee on 23 April 2014 (£2,553,000); the budget carry-forward from 2013/14 (£1,463,000); and the proposed budget adjustments included within

this report to Committee (£6,052,000), the majority of which relates to the acceleration of programme budgets for Crieff Primary School and Perth Grammar School upgrade projects noted within Section 4.2. Fluctuations in the net expenditure outturn and the subsequent impact upon the Council's Borrowing Requirement will continue to be managed through the Council's Treasury function. Net expenditure at 31 August 2014 on the programme represents 33% (2013/14 24%) of the proposed revised 2014/15 budget.

- 7.3 The latest projected gross expenditure outturn for the Housing Investment Programme represents 97% (2013/14 actual 82%) of the 2014/15 budget approved by the Housing & Health Committee on 29 January 2014. Gross expenditure at 31 August 2014 on the programme represents 31% of the proposed revised 2014/15 budget. The comparison of corresponding data for 2012/13 (23%) and 2013/14 (19%) confirms that the 2014/15 programme delivery has improved on previous years.
- 7.4 The report also identifies revised projected expenditure on several projects, as well as movements in the amount of General Capital Grant. As detailed under Section 2.10 above, the proposed new borrowing requirement on the 7-year Composite Programme has increased by £16,786,000, the majority of which relates to the revision to the Perth Transport Futures project budget. Section 4 outlines various proposed budget adjustments and movements in the 7-year programme, which will continue to be closely monitored and reported as part of the ongoing Capital Budget monitoring process.
- 7.5 Proposed movements on the Housing Investment Programme have been detailed at Section 5, and this shows that the plans remain on course and that there is a reduction in borrowing over the 5-year period. After taking account of the reduced borrowing in 2013/14, the overall borrowing requirement has reduced by £310,000.
- 7.6 It is recommended that the Committee:
  - 1. Notes the contents of this report
  - 2. Approves the proposed budget adjustments to the seven year Composite Capital Budget 2014/15 to 2020/21 set out in Sections 2, 3 and 4 to this report and summarised at Appendices I and II.
  - 3. Approves the proposed budget and monitoring adjustments to the five year Housing Investment Programme Budget 2014/15 to 2018/19 set out in Section 5 to this report and summarised at Appendix III.
  - 4. Approves the revised 2014/15 Renewal & Repair Fund Budget set out in Section 6 to this report and summarised at Appendix IV.

| Communications Plan                                 | None       |

### 1. Strategic Implications

### 1.1. Corporate Plan

- 1.1.1. The Council's Corporate Plan 2013 2018 lays out five outcome focussed strategic objectives which provide clear strategic direction, inform decisions at a corporate and service level and shape resources allocation. They are as follows:
  - (i) Giving every child the best start in life;
  - (ii) Developing educated, responsible and informed citizens;
  - (iii) Promoting a prosperous, inclusive and sustainable economy;
  - (iv) Supporting people to lead independent, healthy and active lives; and
  - (v) Creating a safe and sustainable place for future generations.
- 1.1.2 This report relates to all of these objectives.

#### 2. Resource Implications

#### 2.1. Financial

2.1.1. There are no direct financial implications arising from this report other than those reported within the body of the main report.

### 2.2. Workforce

2.2.1. There are no direct workforce implications arising from this report other than those reported within the body of the main report.

### 2.3. Asset Management (land, property, IT)

2.3.1. There are no direct asset management implications arising from this report other than those reported within the body of the main report.

### 3. Assessments

### 3.1. Equality Impact Assessment

- 3.1.1. Under the Equality Act 2010, the Council is required to eliminate discrimination, advance equality of opportunity, and foster good relations between equality groups. Carrying out Equality Impact Assessments for plans and policies allows the Council to demonstrate that it is meeting these duties.
- 3.1.2. The information contained within this report has been considered under the Corporate Equalities Impact Assessment process (EqIA) and has been assessed as **not relevant** for the purposes of EqIA.
- 3.2 Strategic Environmental Assessment
- 3.2.1 The Environmental Assessment (Scotland) Act 2005 places a duty on the Council to identify and assess the environmental consequences of its proposals.
- 3.2.2 The information contained within this report has been considered under the Act. However, no action is required as the Act does not apply to the matters presented in this report.

#### 3.3 Sustainability

3.3.1 Under the provisions of the Local Government in Scotland Act 2003 the Council has to discharge its duties in a way which contributes to the achievement of sustainable development. In terms of the Climate Change Act, the Council has a general duty to demonstrate its commitment to sustainability and the community, environmental and economic impacts of its actions.

3.3.2 The information contained within this report has been considered under the Act. However, no action is required as the Act does not apply to the matters presented in this report.

#### 4. Consultation

### 4.1 Internal

4.1.1 The Chief Executive and all Executive Directors have been consulted in the preparation of this report.

#### 5. BACKGROUND PAPERS

5.1 No background papers, as defined by Section 50D of the Local Government (Scotland) Act 1973 (other than any containing confidential or exempt information) were relied on to any material extent in preparing the above report.

#### 6. APPENDICES

Appendix I – Composite Capital Programme - Estimated Capital Resources 2014/15 to 2020/21

Appendix II – Composite Capital Programme - Summary of Capital Resources and Expenditure 2014/15 to 2020/21

Appendix III – Housing Investment Programme – Summary of Capital Resources and Expenditure 2014/15 to 2018/19

Appendix IV – Renewal & Repair Fund Budget 2014/15

Appendix V – Capital Programme Exceptions Report 2014/15

| ECS      | Crieff Primary School                     | August 2015                | Yes                           | 4.2.4  | Works are progressing well on site and the updated spend profile projects an increased project spend within 2014/15  | Budget to be accelerated and rephased                             |
| ECS      | Oakbank Primary School Upgrade            | December 2015              | Yes                           | 4.2.4  | Planning application was approved in February 2014 and works started on site in April 2014. Works are progressing well on site and the updated spend profile projects an increased spend within 2014/15 than originally anticipated  | Budget to be accelerated and rephased                             |
| ECS      | Perth Grammar School                      | March 2015                 | Yes                           | 4.2.4  | Works are progressing on site and the updated spend profile projects increased spend within 2014/15 than originally anticipated. Property Services are working with the contractor to complete the necessary works as timeously as possible and to establish a revised programme to completion   | Budget to be accelerated and rephased                             |
| TES      | Structural Maintenance                    | Rolling programme of works | Yes                           | 4.3.4  | It is proposed to accelerate £425,000 of the Structural Maintenance<br>budget from 2015/16 due to the additional costs incurred when<br>preparing for the Ryder Cup event  | Budget to be accelerated.   |
| TES      | Unadopted Roads and Footways<br>Programme | Rolling programme of works | Yes                           | 4.3.4  | £180,000 contributions from private landowners - it is therefore proposed that the additional income is reflected within the 2014/15 expenditure budget and that the budget is also rephased in line with the anticipated works for 2014/15 to 2016/17.  | Budget to be adjusted and rephased                                |
| TES      | A9/A85 Road Junction Improvements         | 2017/18                    | Yes                           | 4.3.6  | The Expenditure profile has been reviewed and the Third Party Contribution has been removed as a result of the developer withdrawing from a proposed retail development.   | Budget to be adjusted.  |
| TES      | Kenmore Retaining Wall                    | August 2014                | Yes                           | 4.3.7  | Increase in anticipated construction costs are due to the additional complexity of the Stage 3 permanent repairs, including construction of a temporary running lane to allow for carriageway re-building works whilst keeping one lane of the A827 road open at all times. The 2015/16 budget for Roads/Junctions Widening and Improvements be brought forward to meet the increased costs on the current works | Road/Junctions Widening and Improvements budget to be accelerated |
